

The following suggests a rare chance for some of Albany's leading girls: Jacinto, Ark., Aug. 15, 1911.—Will you please do me a favor? If so you never will regret it. I want you to send me the names of three of the most popular girls in Albany, Ore. between the ages of 12 and 16. I will be much obliged. Yours respectfully, TOMMY WALSH, Jacinto, Ark.

Corvallis Dryness.

The Corvallis G. T. gives another example of the evils of reciprocity: Two inebriates of long standing are now located in Corvallis in the hope that they can cure themselves of the desire for liquor. They came to Corvallis because there are no saloons here, and the city has a reputation for being actually "dry." The G. T. recalls that a very excellent workman remained here several months in the same hope and was an abstainer until a lin-horn scapogot in this city went to Albany and got booze for him and others. The fellow then left Corvallis convinced that it wasn't worth while to try.

William Shupe, of Toledo, and Miss Charlotte Waer, of Brownsville, were united in marriage in this city last evening, going to Toledo to reside.

ESCAPED WITH HIS LIFE.

"Twenty-one years ago I faced an awful death," writes H. B. Martin, Port Harrelson, S. C. "Doctors said I had consumption and the dreadful cough I had looked like it, sure enough. I tried everything I could hear of for my cough, and was under the treatment of the best doctor in Georgetown, S. C., for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so, and was completely cured. I feel that I owe my life to this great throat and lung cure." It's positively guaranteed for coughs, colds, and all bronchial affections. 50c and \$1.00. Trial bottle free at all druggists.

ATTACKED BY A HOBO.

Miss Lizzie Burton, who stops at the home of John Catlin, went down to the home of her father, Ben Burton, near Pennywinkle, on Second street, Saturday evening, and was there alone, when she received a caller, a hobo, who asked her for something to eat and then for some money in an insulting way. She refused him, when he attacked her with an umbrella he carried, and she says threatened to kill her. She managed to get away and give the alarm. Policeman Catlin made a specialty of the case and ran the man down after a long hunt, yesterday morning, he was arrested, and today taken before Justice Swan, upon a charge of simple assault. The case was set for tomorrow at 9:30. The man gave the name of Peter Keef. He has been around town some, going with a limp at times, while begging, and the facts as given are true deserves the pen.

ALBANY WON SEVERAL THIEVES. PRESIDENT COMING.

Albany showed what it could do yesterday in scientific ball playing, defeating Hubbard 11 to 1. Under Capt. Salisbury the team has gotten into the game head first. In the first inning a home run by Mickel brought in three scores, and a two bagger by Colvert two more. Three more were added the next inning, making eight to start with. After that only three more were made, scattered through the game. Hubbard got one in the ninth. Salisbury pitched a great game for Albany. The record was 9 hits for Albany and three errors, 6 hits for Hubbard and four errors.

In the fifth inning Douglas of Hubbard had to get out of the box. After that two hits were made off Jones.

The features of the game were Salisbury's pitching, Monson's work in center field, Mickel's home run and the base stealing of Albany, 8 of them.

The signal system, instituted by Salisbury, was used effectively, and the new Captain is entitled to credit for the good work done.

At Salem the home team defeated Woodburn, putting the two together, with 9 won and 4 lost. Albany has won 5 and lost 8. Hubbard 4 and lost 10.

Next Sunday Albany and the O. R. & N. team of Portland will play here, the O. R. & N. team claiming the championship and have a strong team. The ground will be sprinkled, laying the dust.

Observations.

Frank Smith, S.P. baggage master, is just completing a new residence opposite the Menonite church in the W. Ad. a neat place. It has been rented, or the Democrat would suspect wedding bells.

Miss Maggie Dunlap, of the Wood worth store, has begun the erection on the lot just bought by her, next the Anderson block, a residence, west of Elm. The first brick was laid on the new Young block this morning.

Opposite work was resumed on the First Savings Bank building, after waiting for some stone.

The Weather.

Range of temperature 73-49. The river is 8 feet. Prediction: fair tonight and Tuesday.

Speaking of sardines, after seeing the moving picture story of them Wayne Stuart remarked: "Try the 'Ruby Brand' if you want to eat the best there is put up," certainly a delicious article of this popular lunch filler.

Chief of Police Snodgrass, of Cottage Grove, a man who does things, has been offered the chief of police of Eugene, by the city council, reports the Register. As a man must be a resident of Eugene a year before he can be chief it is not likely Snodgrass will accept, or would anyway. Cottage Grove needs him. But the incident shows how men are sought who do things.

A very bold theft of two canoes from under the Cameron planing mill was made Saturday afternoon, when a couple of men with a wagon, with people all around helped themselves to the canoes of Earl Fortmiller, almost new, costing \$30 and \$40 and an older one of Stanley Van Winkle, and carried them off in their wagon. They were seen, but it was supposed they had a right to them, and nothing was thought of it at the time, and when the theft was discovered it was quite while afterwards, with a big start.

Saturday evening while Ed. Schoel and Mr. Fraser were loading their hogs for the California state fair, they were temporarily away when some one stole a fine two month old Rhode Island pig from Mr. Fraser's pen.

Out in the suburbs several chickens were stolen, and the presence of some gypsies in the neighborhood suggested that they had been living well.

After Fir Cones.

M. S. Durbin, forest ranger, with headquarters at Waldport, has been in the city today working up an interest in Douglas fir cones. The government wants a large number for seeds to be used mostly in the reserves on the Siuslaw and Tillamook. Desired information can be secured at the Albany office in the Schmitt block. 75 cents a sack is paid for cones with seeds, and there are lots of them around Albany, found on fir trees, preferably the second growth.

These cones are shipped to Wyett, on the Columbia, where they are dried and the seeds extracted.

An Auto Act Appreciated.

G. T.—Percy Young's auto scared Ollie Davis' team a short time ago, with the result that Davis' vehicle was upset and some damage done. Young stopped and assisted Davis and then handed \$50 to make repairs. He was not especially to blame and was hardly obligated to make any donation, but did so freely. A citizen who knew of this, thought the public was entitled to the knowledge that there is at least one auto driver willing to go the limit and a little more. Mr. Young resides at Albany.

Wanted at Los Angeles.

After watching for him a couple of weeks on Saturday evening Chief of Police Munkers, at the post office, arrested Joshua C. Robillard, on a warrant telegraphed from Los Angeles, where he is wanted, under \$4000 bail. The charge was not stated, but Robillard thinks it is for desertion of his family. He has been working in the harvest field, and came in after his mail, consisting of a letter from Portland, for the first time in two weeks. He was placed in the jail, and an officer left Los Angeles at once after him.

At Dailies.

C. porkers and Mr. Fraser about half as many, while the display of sheep and poultry is large. Mr. Schoel has here before made big winnings in California, and is due for more. His exhibits are doing big things in advertising Oregon.

The following committee was appointed to sell tickets: President Eastburn and Manager Stewart.

The ferry committee reported nothing done on the ferry across from Springfield.

The committee on an exhibit reported on account of the lateness difficulty in securing support for one, and a sentiment that the arrangement of the rail roads to send everybody to Central Oregon to meet disappointment in the sage brush country, was not satisfactory, and most of the counties are all in for a separate exhibit, and nothing done by at least Linn county. He had been a resident of Stayton a good many years, and a resident of Oregon since 1864. He was born in Missouri.

What Dry Farming Will Do.

The dry farming press bureau writes the Democrat that this year the U.S. has thrown away 8,896,000 bushels of winter wheat, besides other farm products, simply because they failed to prepare against drought by keeping moisture in the soil. A remarkable case is cited, that of a man in Colo., who raised an average of 20 bushels per acre on 100 acres, with as high as 57 bushels, on land that had only four inches of rain from Sept. 2 to July 15, when the wheat was cut, and no stream within 25 miles. Any one can do the same with dry farming. Summer till and keep the weeds down.

Chas. I. Curtis, of Astoria, instead of celebrating at home was down at San Francisco, where he wrecked a barber shop yesterday, after the fixing of a towel under the man's chin.
