FRANKLIN HOUSE CASE.
The trial of Jake Bilyeu, charged with violation of the local option law, was had today before Justice Swan and the following jury: J. A. McChesney, Fred Fortmiller, Frank Skipton, Chas. Carter, John Robson and J. C. Irvine. Jas. Blackburn swore to calling for whiskey, and getting it and a bottle of pop, taking them to the sheriff at the front door. That he had gotten whiskey there many times before, and called for it as usual. The Sheriff called for it remaining on the opposite side of the street and seeing him go to the bar, and come back with the whiskey in one hand and the pop in the other.
The defendant denied selling the liquor, swearing that he sold pop only. Harry Herbert, chambermaid, at the Franklin, swore to having been at the bar, and that Blackburn after getting the pop, took a bottle of whiskey from a pocket and pouring the drink into it. He was followed by a fellow, who admitted having been in the penitentiary, and swore to seeing this done.
The jury brought in a verdict of guilty.

STRUBLE AT LEWISTON
In Charge of a Big Promotion League.
Wallace R. Struble, formerly manager of the Albany Commercial Club, has been elected secretary and manager of the Idaho-Washington Development League, with headquarters at Lewiston. His duties will be to direct a campaign to be waged by the Lewiston Commercial Club for the subsidizing of eight counties particularly, all tributary to Lewiston. He will organize commercial clubs in different places and push the publicity work, as Albany people know, a very capable man in promotion work, and in his efforts.
A Lewiston paper says:
Mr. Struble's success in Oregon was attained because of his untiring persistence and his splendid executive ability which was an important factor in securing strong organizations in the commercial tributary to Albany. His organization was such that a flood of answers from every section of the Albany country went out in response to every inquiry received through the Portland Commercial Club and splendid results were secured through sending leaflets and letters to parties in the east and middle west, names of whom were supplied by people residing in the Albany country.
This latter plan was bringing results for the Albany communities before the actual benefits of the Portland publicity campaign were apparent and by a strict observance of the policies first adopted, the Albany section has secured the largest benefits from the campaign inaugurated for the western Oregon country. Those familiar with the conditions existing about Albany and that portion of the Willamette valley a few years ago, state the accomplishments of Mr. Struble cannot be fully understood when the statement is made that his community is now one of the best and most progressive sections of western Oregon.
