Lebanon's Sewer Money.

Lebanon has \$60,000 of bond money to be spent for sewers. In the mean time the Democrat is informed there is quite a contention going on about it, that the treasurer claims the right to the interest for its use, while the mayor asserts the income from it while waiting belongs to the city. The attorney general was appealed to, and, of course, decided with the mayor, as the case is plain.

It is the same old case that disturbed the state treasurer's office for years, at one time a fat thing for the treasurer, but now the state gets the income.

Paul Leach, son of Rev. Leach last evening returned from a four months' trip through California, Texas, other states and Old Mexico. Among other experiences was a 300 mile ride on burros. John Neely, recently with the Beam-Fletcher Co., has accepted the position of manager of the Albany Gun Store, and has begun work in his new place. He is a competent and reliable young man, who will make the store a popular place.

A special feature at the Baptist church next Sunday evening will be worthy of attention. Mrs. Mattie Hardwick Jones, of McMinnville, will present a reading of the Sign of the Cross. A teacher of elocution for five or six years, she is said to be very talented.

The Democrat said that Fred Holman, a candidate for delegate to the national democratic convention, must be a Wilson man, because he was for a candidate who can be elected; but it transpires that Holman is for Harmon, which means that it will take a microscope to see the votes Holman gets.

P. A. YOUNG HOME FROM N. Y.

Where He Bought Extensively for the New Store.

P. A. Young arrived home last night from his eastern trip. Mrs. Young remained in Pittsburg for a longer visit with relatives. Coming into the Willamette Valley after being in a continued round of cold weather was a change appreciated. Among the pleasant experiences of the trip was a visit with Capt. Althouse, of Washington, who showed him the city, and a call upon Senator Chamberlain and Congressman Hawley, busy hustlers for Oregon.

Most of his time, though, was spent in New York City, where he bought extensively for the new store, with its many departments covering a wide field in buying. New York offered a good opportunity for securing the latest ideas in merchandising and its organization.

It is expected the new store will be ready for the goods by the middle of March, and by the first of April that Young & Son will be fully established in it, one of the most complete retail sales emporiums in the state outside of Portland.
