MISFITS.

Shoes that are white Will be in sight The coming season.

Strange how many people think these misfits fit.

Can Ben Selling make Bourne look like a 5c piece.

Wonder if the O. E. depot will be at Lyon and Fifth.

It is never any trouble to overlook one's own faults.

Albany is thoroughly metropolitan, with music while you eat.

Most any mtn, with half a chance, can make a fool of himself.

You don't have to go away from Albany for good music. We have it here.

Go to church tomorrow. It will help to take some of those miserable prejudices out of your head.

We are waiting for the new filter. The water this winter has looked like lemonade, but it isn't.

Spring styles are blossoming with enough changes to make the women all buy whether they need to or not.

The Weather.

Range of temperature 49-51. Rainfall .03 inch. The river is 9 3/8 feet and falling. Prediction: fair tonight and Sunday.

A Mill City Party.

Mill City, Feb. 23—A birthday party was given Mrs. R. S. Shaw and Mrs. Bert Jewell at the home of the former last evening. Forty-two of their lady friends walked in upon them, bringing good cheer, beautiful presents and well filled baskets.

At midnight the baskets were opened, and a delicious lunch was served, after which, games and dancing were indulged in until the "two small hours."

Out of town guests were Mrs. Nina Cahler, of Albany, Oregon, and Mrs. Nelle Rodgers, of San Francisco, Cal.

Many of the First Electric Motors Sold are Still in Use

Few kinds of power machinery can show the long-lived, every-day durable qualities of the electric motor. The electric motor has but one revolving or moving part. It is one of the simplest pieces of mechanism known. It will run under almost any conditions and requires only ordinary care and attention.

The only property recovered from a recent grain elevator fire in Minnesota was an electric motor. It was repaired and is in service today.

The first electric motor of a certain make sold in St. Louis has been used every day for fifteen years and is still operating satisfactorily.

These facts ought to convince users of other kinds of power of certain of the many facts in favor of electric drive. Our experts will plan installations without expense to you.
