THE WORLD

Nineteen sites have been offered for the new armory at Roseburg.

S. B. Eakin, who recently died at Eugene, left over \$10,000 to the Presbyterian church of that city.

Frank Jordan, who is building Hotel Lebanon, has secured the contract for building the new library at Ashland.

J. C. Devine expects to have Hotel Lebanon open for business by April 1st, a fine structure, with modern appointments.

An expert has discovered that the sooner a hog is sold after he weighs 200 pounds the better for the owner. After that he is a hog indeed.

37 building permits were issued in Eugene in February, value of improvements \$37,000. Included in this are six one story bungalows, by W. O. Heckert to cost \$1600 each.

3880 acres of land belonging to the St. Benedictine Abbey, of Mt. Angel has been leased for a state game reserve. A deputy game warden will be appointed for the reserve.

The Harrisburg Bulletin gives Mike Hochdanner the distinction of having only 14 birthdays though 60 years old, of being a republican and paying his debts. Great is Mike for a fact.

BORN on Feb. 27 to Mr. and Mrs. Otto Engle, of Millers, a boy, weight 12 pounds. Mrs. Engle was formerly Miss Amelia Ashe with Mr. and Mrs. S. E. Young for seven or eight years.

Bert H. Franklin, a McNamara detective, yesterday, at Los Angeles, was fined \$4,000 for attempting to bribe a juror in the McNamara case. That's a way to get after an infamous crime, bribery.

The resources of the First National Bank of Harrisburg are \$122,123, with \$85,000 deposits; the Farmers and Merchants Bank \$76,000 with \$39,000 deposits; the Scio Bank \$100,117 resources, with \$86,000 deposits; the Jefferson bank, \$89,000 resources, with \$70,000 deposits.

A GOOD POSITION

Can be had by ambitious young men and women in the field of "Wireless" or Railroad Telegraphy since the eight hour law became effective, and since the Wireless Companies are establishing stations throughout the country, there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chances of advancement. The National Telegraph Inst. of Portland, Ore., operates under the supervision of R. R. and Wireless officials, and places all its graduates into positions. It will pay you to write for full details.

THE MOTOR'S LAST RUN.

Conductor Riley this morning made his last run on the Albany-Springfield train. Beginning tomorrow the train will be discontinued, the motor going elsewhere, and Mr. Riley, who, with his family, have made many friends here, will be transferred to some other place, probably out of Portland. The present Lebanon train, Frank Cummins conductor, Burns McCulley engineer, will make daily runs to Brownsville, and beyond that place people will have to use the Springfield-Woodburn train, connecting at Tallman with the Lebanon train.

People residing beyond Brownsville, particularly at Coburg and Springfield, have appreciated the service of the motor, though not using it extensively enough to justify its continuance, according to the opinion of the R. R. officials. A committee has made a protest at Portland, but it is said it will not be effective at the present time.

Preparing for the Industrial Fair.

County Superintendent Jackson and State Superintendent Alderman this week spoke to meetings at Crabtree and Scio on the coming county industrial fair, over which a good deal of enthusiasm prevails. Interest is worked up now in order that school children may soon begin planting and preparing for the contest. The exhibit will be made at the county fair at Scio and probably also at a special industrial fair at Albany, when some of the display will go to the state fair.

New Cure for Insanity.

H. H. Williams committed forgery at Woodburn in order that he might be sent to the penitentiary. He has been working on an invention of a grain shocking attachment, and said he felt his mind giving away, and thought by being in the pen a couple of years he might come out all right. A poor way to become sane.

Corvallis Man Arrested.

A Corvallis man was arrested there today by Chief Wells, and brought to Albany, charged with lewd cohabitation with a Corvallis woman at an Albany hotel; but the hotel man said he wasn't the fellow, that it was another man who came along, and he was discharged. There is a warrant for the woman, not yet arrested. Chief Daughtry says there has been a good deal of this business and it must stop.

HOTEL HAMMEL CO. INCORPORATED.

A meeting of the stockholders of the Hotel Hammel was held last night at the office of Weatherford & Weatherford and it was unanimously voted to incorporate, and articles were drawn and signed today by J. C. Hammel, J. J. Collins and M. J. Cameron as incorporators.

The capital stock was placed at \$70,000, and of course Albany as the headquarters.

Arrangements will be made for beginning work as soon as possible. A picture of the proposed building may be seen at Dawson's, with the sample rooms under the roof, a six story structure, with approximately one hundred rooms for guests and a modern equipment in every respect.

Bates at the Hub.

Philip S. Bates, editor of the Illustrated Northwest, of Portland, secretary of the Threshermen's convention, member of the Ad. Club and numerous other things, has been in the city. He is now arranging for sending another crowd of Oregon's best girls east on a trip and wants a Linn county candidate. Bates is one of Oregon's best hustlers, a whirlwind of energy, with a good head back of it.

Beaten at Newberg.

The Albany high school basket ball team played Newberg high last night at Newberg, and were beaten 22 to 15. The boys report the roughest game in their experience. Olin Douglas officiated impartially as referee; but Newberg had the same incompetent man who was referee here, who kept his jaw wagging "foul." Several Newberg boys followed the Albany boys into the dressing room to do them up, but changed their minds.

Colonist Rates On.

The new colonist rates began yesterday and are now in full force. Already a good many are reported to have left the middle east for Oregon. After the severest winter in the history of that section they are decidedly interested in this section, which has had a winter practically free from bad weather, no snow until last evening, and then it didn't stick at all.
