SOUTHERN OREGON'S CANDI-DATE FOR U. S. SENATOR.

O. P. Coshow, democratic candidate for United States Senator, was born at Brownsville, Oregon, in 1863, where his father settled in 1851, and his mother, who was a daughter of Uncle Billy Cochran, settled in 1848. He was educated in the public schools at Brownsville, high school at Portland, and University of Oregon, at Eugene, the studied law with Hon. J. K. Weatherford of Albany, Oregon, where he lived for nearly three years. In 1897 he moved to Roseburg, Oregon, where, by close application to business and strict fidelity to his clients' interests, he has built up a large practice. In 1904 he was nominated by the democrats for state senator, and was elected by a majority of 272, overcoming a normal republican majority of 1,000 in a total vote of a little over 4,000. O. P. Coshow, democratic candidate

and was elected by a majority of 272, overcoming a normal republican majority of 1,000 in a total vote of a little over 4,000.

His democracy is of the old-fashioned kind that expresses its essence in the sentence, "Equal rights and exact justice to all, special privileges to none." He believes that this maxim should be carried into execution. His faith in the reality of this Democratic doctrine was expressed in his bill to increase the pay of jurors. At that time jurors were receiving two dollars per day, not sufficient in most instances to pay their expenses while attending to their disagreeable public duties. While bills almost without aumber were being introduced to increase the salary of officers seeking their official positions, he presented his bill for a raise of jurors' pay to four dollars per day so as to pay all their expenses at least while they were performing important public duties thrust upon them by law. But the jurors were not at the legislature to press their claim, nor could they have a paid lobby there, and the bill was amended by the committee fixing their pay at three dollars. This bill is special of the attitude of Mr. Coshow. If elected to Congress the special interests will not be favored by him, but his utmost endeavor will be to protect the people against the few who seek, through partial laws, to enjoy special advantages to the disadvantage of the many. He advocates liberal laws for, and liberal treatment of, the sturdy people who are building homes on our frontiers, and in more generous expenditures of the funds collected for reclaiming our arid lands. Oregon's full quota of this sum should be spent in Oregon.

VICTOR MOSES, DELEGATE.

The Democrat hopes to see Victor Moses, a native of this county, re-ceive every democratic vote in the county for delegate to the national convention. Here is what the Oak-land Advance, run by a republican,

Victor P. Moses, county judge from Benton county, is a democratic candidate to the National Convention. The writer was a schoolmate of Judge The writer was a schoolmate of Judge Moses at Tangent in the years gone by. We have watched his progress from a barefooted schoolboy to the present time and never heard of his integrity being questioned. The dempresent time and never heard of his integrity being questioned. The democratic party could not elect a better man. Judge Moses resided at Myrtle Creek three years and at one time attended school in Roseburg. Although Benton county is strongly republican he has served three terms as county lerk and was elected county judge in 1910, and is still serving the public faithfully in this capacity. He turned a majority of 800 republican to 200 even in his favor. We are not speaking along party lines. Victor Moses differs with The Advance politically, but we cheerfully admit he is certainly a noble specimen of true American manhood. He is a son of Rev. P. A. Moses, well known to many of our Moses, well known to many of our readers. He is an honored descend-ant of an illustrious sire.

FAVORS WILSON.

Although he served with Speaker Clark and Oscar Underwood while he was the democratic leader of the House and for years frevious, and entertains for both of these distinguished democratic leaders the kindliest ocrsonal feeling, Senator John Sharp Williams, of Mississippi, is in favor of the nomination of Gov. Woodrow the nomination of Gov. Woodrow Wilson for the presidency for the reason that he believes he is the strongest man the party can nominate. Senator Williams made this statement in connection with the selection of a presidential candidate at the Baltimore convention:
"My personal relations with Mr. Champ Clark and Mr. Oscar Underwood, with both of whom I served for years in the House of Representatives in intimate association, are much closer than the relations constituted by my acquaintance with Gov.

much closer than the relations consti-uted by my acquantance with Gov-ernor Wilson. My sole reasons, there-iore, for advocating the nomination of Woodrow Wilson are public reasons. I think be can be elected, it nominat-ed. If elected, he will make one of the very best presidents we ever had. Hence as a democrat and as a citizen,

Good Work of Sup. Macduff.

Forest Supervisor Macduff reports that during the past year he has accomplished the construction of some very important pieces of trail on the Santiam National Forest, with plans for further improvements, designed for better fire protection. One section of trail built last year goes around the west end of a Browder Ridge and connects the Santiam wagon road with the Fish Lake as Squaw hountain trail. This enables a saving of about a half day's time, as aving of money in handling fires and greatly in the proper patroling of a district containing several hundred million feet of timber.

Another section of trail has been completed up Canyon Creek at a coset of about \$239 per mile. This trail will also connect some of the higher country with the Santiam wagon road, so that a half day's time will be saved. This trail will aid in the protection in all of about a billion feet of timber.

About two miles of trail have been of the control of the control of the proper of the control of the co
