THURSDAY.
SCHOOL CHILDREN'S PICTURES.

At the Dawson drug store may be seen a display of the art work of the pupils of the grammar department of the Albany schools that is certainly creditable, speaking for the splendid progress in this department. It consists of twenty specimens from each grade of the three schools, except the eighth grade, which has only four, 440 in all.

Mr. Dawson offered a \$5 fountain pen for the best individual piece, and a banner to the school having the best display.

The committee consisting of Mrs. S. S. Train, Mrs. Geselbracht and Mrs. J. K. Weatherford were at work on their very extensive job this afternoon.

Some of the pieces would do credit to a professional, and are certainly worth seeing.

Those Bandit Boys.

The two boys in the jail for several days have been sent back to Portland. The father of the Short boy came after him, and the other boy, Reinhart, went back alone. His parents have separated, a broken up family, and the boy has had to shift for himself.

When the boys were captured with their artillery and chloroform, it looked as if considerable of a haul had been made; but the boys had simply started out to see the world, and had the revolvers to protect themselves from fierce hordes of wild and woolly hobos known to be at large through the valley. They have made a very poor start in life.

May Day Exercises.

Friday afternoon, May 3, beginning at 4 o'clock is the date set for the May Day exercises of the College.

CONTRACT LET FOR LEBANON'S HOTEL WALDORF. STRAWBERRY FAIR.

The contract for the new Hammell hotel, to be known as the Waldorf, late last night was let to A. W. McGivrey. Jack Hammell will do the brick work.

Mr. McGivrey is one of the best builders in the valley, his Albany work speaking for his splendid management of the details of a new building. Jack Hammell has done a good deal of brick work in Albany and it speaks for itself, unsurpassed anywhere. He is a first-class workman, and fast with his job.

They will start at once on the job, the foundation for which is already well under way. It will mean a transformation of the corner of Second and Lyon streets.

THE H. S. DEBATE.

Great interest prevails in the debate at the U. P. church tomorrow night between Albany high school and Klamath Falls high for the semifinals in the state contest.

Charles Ohing and Irvine Acheson, of this city, will sustain the affirmative of the question:

Resolved that the cabinet or short ballot form of government should prevail in this state.

That is that the state should adopt the national form of government, having a cabinet, etc. The question is that will come before the people of the state under the initiative.

The negative team from Klamath Falls consists of Forest Peil and Edwin Fox.

The admission will be 25 cents. During the week there has been a contest in the sale of tickets, between the boys and girls of the school. The following prizes have been offered: By Woodworth, a tennis net by the girls, if they win; by the Hubert-Ohling Co., one-half dozen tennis nets if the girls win. By the Albany Gun Store, 2 base ball bats if the boys win; by A. M. Hammer, two straw hats to boys selling the most tickets, suggested by the display of worn out hats worn yesterday.

HUMPHREYS GUILTY.

The jury in the case of George and Charles Humphrey, charged with the murder of Elizabeth Griffith on June 2, 1911, last evening at 4:23 brought in a verdict, at Corvallis, of GUILTY.

The case went to the jury at 12 o'clock, Judge McFadden making the closing argument for the state, Judge Hamilton, then charging the jury.

The case was ably defended by John A. Jefferys of Portland.

The previous confessions of the men were admitted in evidence; but the judge held that they could not be used against them if given in fear, hope of gain or involuntarily in any way.

The defense attempted to show that the confessions had been sweated out of them.

The case has attracted wide attention. The question now is, will the men hang according to the verdict.

Tomorrow at 9 a. m. was set for the sentence of the two men.

BIG INCREASE.

The receipts of the P. O. for April were \$2034.30, April 1911 they were \$1585.84, an increase of 28 per cent.

A Hobo's Suicide.

A thrilling suicide was committed at Junction yesterday. A hobo was standing by the passenger train, when he suddenly threw himself under the rear wheel as the train started and was cut in two, a horrible spectacle as seen in two, a horrible spectacle as seen in two, a horrible spectacle as seen in two.

W. W. Crawford, of this city, was on the train near the end and saw the sight immediately afterwards. Those who saw it said it was certainly suicide from the manner in which it was done, and was not an attempt to get on the brake-beam.

The right of way is gradually being secured from Pirtle to Corvallis for the O. E. side line.

The U. O. base ball club were in the city this noon on their way to Corvallis to play O. A. C.

P. church, the Treble Clef Club of the conservatory, which includes 20 of the most advanced and strongest singers, after having been drilled for several months by Mrs. Adna Smith Flo, will give a glee club concert. The concert will consist of solos, duets, trios, quartets, sextets and chorus numbers, and special stunts. Uncle Tom's Cabin.

"The survival of the fittest" is amply illustrated in the long life of Uncle Tom's Cabin, which has been before the public for more years than most of this paper's readers care to remember. This truly American stage classic's present day popularity has long furnished food for thought among producing managers, playwrights and the public generally. That it will never die, but live on forever, seems an assured fact in so far as the Stetson company is concerned.

This famous dramatic organization is due next Wednesday night.

The Weather.

Range of temperature 60-43. The river has risen to 5.4 feet, the result of the recent rains. Rainfall .04 inch. Prediction: fair tonight and Saturday, light frost tonight.

WONDERS OF ALASKA VIVIDLY SHOWN.

Beverly Dobbs, last evening at the opera house, presented his Alaska moving picture views, for two hours holding the audience entranced. The pictures are among the most wonderful ever taken, and it would be cheap at \$5 or \$10, to see them as an education; but all the time they are of a startling interest, better than the reality, for they lack the cold and the blizzard and the blubber.

The pictures start at Seattle, go to Juneau, then to Skagway and up to White Pass, jumping to Nome and up into the Behring Seas, to the furthest point west in America, and the furthest east in Asia, amidst the ice floes, upon the perpetual snow covered land among the Esquimaux; a steamer amidst the floes; the Esquimaux and the wonderful dog teams, a trip to Solomon, with a blizzard raging; the big gold dredge run by Frank Wood of this city for several years; hunting seal, then the great walrus hunt, with seas of the animals, perhaps millions of them, with the capture of a five thousand pounder; scene after scene showing different things in many aspects, so vividly, with the accompanying sounds down to realism, one can almost experience the wonderful trips made and sights seen.

The Democrat is in earnest when it advises the people of Albany to see it. The price is cheap.
