ESTABLISHED 1866 **S. E. Young & Son** THE BIG STORE

EVERY DAY THAT GOES BY sees a visitor to our office with a proposition that means a little more profit to use for a little skimping of quality to you. It is amazing how many plausible schemes of this kind there are. WE HAVE WORKED TOO HARD to earn a reputation for selling toilet articles that can be depended upon to entertain any such schemes. Our reward lies in your confidence which we consider far better than a little extra profit. Buy here and see.

Mr. and Mrs. Quattlebaum went to Portland, after being here to attend the funeral of the later's sister, Mrs. Halkyer. Mrs. Quattlebaum, with whom her sister was residing in Portland, will be back in a few days. The death of the sister, beloved by all, is deeply felt by the entire family.

KILLED BY TRAIN AT HALSEY

Sam Brock, an old resident of Halsey, was killed by the noon train yesterday. The train was coming into the city, when several men at the hotel rushed across ahead of the engine, coming slowly into the station from the hotel. Brock, just behind them, was caught between the track he seemed confused, hesitated and was hit by the engine, and carried along quite a distance, being badly bruised, some of his ribs broken and injured internally. He was taken to the hotel and died during the night. He was 61 years of age, a respected citizen of the town.

Has Forty Clowns.

Whenever the circus is at hand the press agent comes along and commences to tell the editor of the paper all about the number of clowns his attraction carries, and singular to relate, this has never varied apparently since the very first time that a tented organization took the road.

"Forty clowns, count 'em, forty," says this gentleman, and so runs the burden of his song, but until the Sello-Floto Circus came along nobody ever really saw forty clowns inside of the "big top."

Now comes at last the unfulfilled promise of years. The really, truly forty clowns are about to invade our beloved city, and the press agent of the Sello-Floto Circus swears by the great horn spoon, and by his reputation as the official "almighty voice" of the big consolidated show, that the famous forty will appear at every performance, March 28.

The rollers will begin vibrating in a day or two, long looked forward to by Albany people curious to see how a brick is moved. One of the jobs in connection with it will be getting past numerous wires and cables along the way. The telephone an dpower companies are getting their property ready for the transfer.

F. K. Churchill, the business printer, today received one of the famous Premier printing presses, for fine job printing, claimed to be superior to any for high-class job work on an extensive scale. An expert is here from the American Type Founders' Co., of Portland, setting it up. The large combination news and job press, Mr. Churchill has been using the past year, a splendid press, as good if not better than when received, has been bought by the Democrat Publishing Co., and will be transferred to the Democrat office this week, for which C. N. McKey has just completed a concrete base.

Hotel men say the big Jersey sale was a fine thing for their business, bringing a good many people here, men with money, from all over the Northwest.
