I have been troubled many years with weakness of the kidneys and have tried many different remedies sought aid from different physicians and even changed climates to obtain relief, but have met with indifferent success. Hearing through a friend of the value of the Oregon Kidney Tea, I obtained a box of it and have derived more benefit from it than from any thing else I have yet found.

The washerwomen of Holland and Belgium, so proverbial for their clean and beautiful white linen, use refined borax as a washing powder, in the proportion of a half a pound of borax powder to ten gallons of water. This saves soap nearly one-half. For clothes, as cuff and shirt bosoms, requiring to be made stiff, a stronger solution is necessary. Borax being a neutral salt, does not in the smallest degree injure the linen. Next comes starching. A very nice preparation for glossy starch is made in this way: Pound two ounces of fine white gum arabic to a powder, put it into a pitcher and pour on it a pint or more of boiling water, cover the pitcher and let it stand all night. In the morning pour it carefully from the dregs into a clean bottle, cork it for use. A tablespoonful of this gum water should be poured into a pint of starch made in the usual way, and the linen starched with it. In ironing collars, cuffs, etc., rub them before ironing with a clean white towel in soft water. Rub the iron on a cotton bag, in which is a good sized lump of beeswax. The bosom of the shirt should be the last part ironed.

The last number of the *Connecticut Home* gives an account of the wholesale intimidation practiced throughout that State by the manufacturers to make their employees vote for Harrison and Morton. It cites, particularly the case of the owners of the Willamette mills, whose superintendents and foremen resorted to the most contemptible espionage to see that none of their Democratic employees cast their ballots for Cleveland. It was all the more marked because, according to the officers' statements, the mills have never been so flourishing as during the past four years. There has never been a campaign in which intimidation played so prominent a part as the one just closed.

Men generally cross their legs when there is least pressure on their minds. You will never find a man actually engaged in business with his legs crossed. The limbs at those times are straighter than at any other, because the mind and body work together. A man engaged in auditing accounts will never cross his legs, neither will a man who is writing an article, or who is employed in any manner where his brain is actually engaged. When at work in a sitting posture, the limbs naturally extend to the floor in a perfectly straight line. A man may cross his legs if he is sitting in an office chair discussing some proposition with another man, but the instant he becomes really in earnest and perceives something to be gained, his limbs uncross quick as a flash, he bends forward towards his neighbor and begins to use his hands. That is a phase that I believe you will always observe.

DR. HO-SAN-KO
In his new discovery for Consumption, succeeded in producing a medicine which is acknowledged by all to be simply marvelous. It is exceedingly pleasant to the taste, perfectly harmless, and does not sicken. Dr. Hosanko's Cough and Lung Syrup is sold at 50 cents by Dr. Guinn & Son.

I'm jolly and fat, though I needn't say that; for a glance at my size and a look in my eyes, and you plainly can see there's no flies upon me. I'm a little bit short both of breath and of hair, but from shoulders to knees you can see I'm all there. I smile and I laugh, I joke and I chaff; I refuse to be sad and I never get mad. But you'd never surmise where my happiness lies, so I'll up and confess what you never could guess. A good thing to eat is always a treat, which will make you as sweet as our sugar cured meat, makes you feel so content with the money spent that you're bound to feel glad; and you couldn't get mad though a man just as thin as a rail or a pin was to pull at your nose or tread on your toes. If you're fat or your lean, if you're pleasant or mean, just give W. & T. a show to sell you right low, you will feel such a thrill of contentment until you'll wish you were fat to enjoy more of that immense and you'll stow your good sense by buying groceries, provisions and crockery of W & T

TELEGRAPHIC NEWS

A Brutal Game.

NEW YORK, Nov. 20.—In the football game to-day the University of Pennsylvania team defeated the Wesleyans 18 to 16. The game was a very exciting one, and bruises and bangs were well distributed. Wagenhaust of the Pennsylvanias was knocked senseless; Gardner of the Wesleyans was seriously injured; Crane of the Wesleyans was cut about the mouth, and Manchester of the Wesleyans was so badly hurt that he quit the field.

Small Pox at Colfax.

COLFAX, W. T., Nov. 29.—Deputy Postmaster C. O. Brawder was suddenly taken ill, and upon examination his case was pronounced to be smallpox. It is evident the disease was conveyed here through the mails. The city has purchased a house and lot to be used as a pest house.

Another Labor Organization.

PITTSBURG, Nov. 29.—John Jarrett, Charles Tychman and other prominent labor men are preparing to form a gigantic national labor organization. It is to deal with political questions, but they say it will be non-partisan. It will not be in opposition to the Knights.

Horrible Murder.

ST. LOUIS, Nov. 29.—Details of a horrible outrage, murder and suicide come from Nevada, Mo., to-day. The outrage and murder were committed about eight miles south of Nevada. Yesterday Miss Wray, accompanied by George Corbe, who taught the district school and boarded with Mrs. Wray, went to the city. Corbe returned last night alone, and said the girl had been dragged from the buggy and murdered by two unknown men. The body was found in a clump of bushes near the roadside, the young woman's throat having been cut from ear to ear. Corbe was placed under guard and during the night committed suicide by taking poison, thus escaping lynching. The coroner's inquest developed the fact that the girl had been outraged and then murdered.

Beats Oregon.

ROCHESTER, V. Y., Nov. 29.—It was reported in this city to-night that a little hamlet near Ocean, on the line of the Buffalo, New York & Philadelphia railway, upwards of seventy tramps made their appearance at an early hour this morning and began to invade the town and ransack dwellings. Forty men with shot guns attacked the loafers, and the tramps soon had the shotguns. Further assistance was asked from surrounding towns. No more particulars could be learned.

Close Figuring.

WHEELING, W. Va., Nov. 28.—Should Pendleton, democrat, receive the certificate of election to the fifty-first congress for this district as the returns now apparently stand, the democrats would be able to organize the house by a vote of 163 to 162. The count is completed in Weizel county. The recount resulted in a loss of thirty-nine for Atkinson, and Pendleton, democrat now has nineteen majority in the district.

Can you imagine any ailment that will make a good natured person so peevish, dissatisfied, ill tempered and cranky as biliousness? There is no reason, whatever, why any one should suffer from indigestion, dyspepsia, torpid liver and loss of appetite, when Dr. Henley's Dandelion Tonic, which every one knows is a certain cure, can be so easily obtained. Itching Piles are known by moisture, like a spider, producing a very disagreeable itching after sitting warm.
