These goods are all iron stone China and not a cheaper grade of goods. These prices are for 30 days.

JULIUS GRADWOHL,
 Forest Grove, Or., March 8th.

I have been troubled many years with weakness of the kidneys and have tried many different remedies sought aid from different physicians and even changed climates to obtain relief, but have met with indifferent success. Hearing through a friend of the value of the Oregon Kidney Tea, I obtained a box of it and have derived more benefit from it than from anything else I have yet found.

CURE FOR SICK HEADACHE.
 Do you want a remedy for Biliousness, Pimples on the face, and a sure cure for sick headache, ask Dr. Gidon and Son, the Druggists, for Dr. Gidon's Live Pills, try a dose, samples free full box 25 cent.

I'm jolly and fat, though I needn't say that; for a glance at my size and a look in my eyes, and you plainly can see there's no flies upon me. I'm a little bit short both of breath and of hair, but from shoulders to knees you can see I'm all there. I smile and I laugh, I joke and I chaff; I refuse to be sad and I never get mad. But you'd never surmise where my happiness lies, so I'll up and confess what you never could guess. A good thing to eat is always a treat, which will make you as sweet as our sugar cured meat, makes you feel so content with the money spent that you're bound to feel glad; and you couldn't get mad though a man just as thin as a rail or a pin was to pull at your nose or tread on your toes. If you're fat or your's lean, if your's pleasant or mean, just give W. & T. a show to sell you right low, you will feel such a thrill of contentment until you'll wish you were fat For the feeling's a show your good groceries, pro crockery

SUPERIOR LINES OF AGRICULTURAL IMPLEMENTS AT IDEYOE & ROBSON'S.

Senator Hale declares the Senate Tariff bill will be passed and Blaine will be Secretary of State. This is equivalent to saying that the Surplus will vanish from politics and the nation will spend its time defying the rest of the earth.

I respect the man who knows distinctly what he wishes. The greater part of all the mischief in the world arises from the fact that men do not sufficiently understand their own aims. They have undertaken to build a tower, and spend no more labor on the foundation than would be necessary to erect a hut.—Goethe.

A sound mind in a sound body is a short but full description of a happy state in this world; he that has these two has little more to wish for, and he that wants either of them will be but little the better for anything else.—Locke.

When a man mistakes his thoughts for persons and things, he is mad. A madman is properly so defined.—Coleridge.

TEMPERANCE COLUMN.
 Edited by Albany W. C. T. U.

The Albany Union is to be congratulated upon the liberal spirit of its members. The receipts of the Thanksgiving social, (\$89.00) prove their generosity, beyond question. To the public who gave contributions at the door, the ladies tender hearty thanks; to the ever polite and obliging editors, they are very grateful, and to the friends who furnished the program they offer sincere thanks. The occasion was certainly a very pleasant one and will long be remembered.

The Empress of Japan has established a college for women, to be superintended by a committee of foreign ladies. Two of these are Americans, two English and the other two French and German respectively.

It is stated that wine grapes of California are not in such demand as heretofore. They have sold this season as low as \$6.00 per ton, white table grapes have been in demand at the highest figure of \$25 per ton. Surely this argues well for the temperance work that has been done in that State.

The President of the State Union of Texas, recently organized a Union in the city of Mexico. So the good work goes on.

The Pundita Ramabai has raised in the United States for the establishing of her school in India, \$18,325.96. This does not include the Pacific Coast contribution, as that has not yet been reported. About \$12,000 more is needed for the general fund.

The State President of West Va., thus accounts for the defeat of the Prohibitory Amendment: "The Republicans stoned the Amendment, the liquor men furnished the stones, and the Democrats stood by consenting to its death."

Mrs. Bishop Simpson, so long a resident of Philadelphia and so active in its philanthropies, is still at the fore in the best work of the great church her husband did so much to build. Not long ago a gentleman who had given her the ground for a Children's Orphanage of the M. E. Church told her that if in four weeks she would bring to the bank at 9 a. m. a check for \$10,000 towards the new building, he would give her one for \$20,000. The indomitable woman set at work, advanced as she is in years and by the help of the M. E. Churches to which she went with personal appeal, secured the sum and was promptly on hand at the designated time and place, whereupon Colonel Bennett gave her \$5,000 more than he had promised.

The Raleigh (N. C.) *Christian Advocate*, in giving examples of total abstinence from intoxicants, relates the following of General Robert E. Lee: "Just as he was starting to the Mexican war a lady of Virginia gave him a bottle of fine old whiskey, stating that he would no doubt need it, and would not be able to find any in that country. The General said, years afterward, in reference to this bottle: 'I carried that bottle all through the war without having had the slightest occasion to use it, and on my return home I sent it back to my good friend that she might be convinced that I could get on without liquor.' On another occasion the General invited some friends to drink with him. The demijohn was brought out, the glasses were filled—not with old 'Cognac' or 'Bourbon'—but with fresh buttermilk, which a lady, knowing his taste, had sent him."
