THE VOTE IN THE CITIES.

The promise of the earlier returns of the elections are abundantly sustained by fuller reports in respect to Democratic gains in the cities. Whenever men who work for wages in factories, mills, foundries and other industrial establishments are gathered in large numbers and have access to daily newspapers of both parties, and have had fair liberty of discussion among themselves there the Democratic cause has made remarkable gains. In New York City, the largest manufacturing city in the United States, President Cleveland, as already stated, gained 14,000 over his majority in 1884. Chicago gave a Democratic gain of over 13,000 and even Philadelphia, New York's rival as a manufacturing city, reduces its Republican majority by over 12,000. There is a Democratic gain of 7000 in Boston, and other cities show similar results. Thus Lowell gives the Democratic cause a net gain of almost 700, Worcester of over 1400, Fall River nearly 1000, Holyoke 704, and so on throughout the list. In New Jersey, Newark and Jersey City show heavy Democratic gains, and in Connecticut, New Haven and Bridgeport largely increase the Democratic vote. The farmers of New York State turned the State over to the Republican party, and there is poetic justice in the fact that on them the burden of tariff taxes falls most heavily. They have bought their whistle, and during the four long years they will have ample opportunity to reflect upon the price they must pay for it.

Carpets.

Cheaper than you can buy them in Portland. Will sell a good grade of Brussels carpet for 60 cents; a heavy three ply carpet for 75 cents, and two ply carpets from 40 cents to 50 cents. Carries a large line of oil cloths, linoleum and window shades.
