SUPERIOR LINES OF AGRICULTURAL IMPLEMENTS AT DEYOE & ROBSON

PAINTS, OILS AND BRUSHES AT DEYOE & ROBSON'S.

Photographers are interested just now over a newly-patented camera. Detectives as well as photographers are interested in the invention, for no doubt it will prove a very effective weapon in the hands of a person who may want at some time to obtain an instantaneous photo of some face or scene. The new invention that promises to produce almost a revolution in the art of photography is based upon the dry process system ; that is, the gelatino bromide sensitive plates, on which impressions can be readily made instantaneously. As to weight, this novel apparatus weighs less than two pounds, and is only six and a half inches long and three and three-quarters inches high. It can be carried conveniently in an overcoat pocket as well as in a valisle, and another thing in its favor is that it is ready for use at any time. The plates of the apparatus are in a continuous roll admitting of a hundred negatives.

TELEGRAPHIC NEWS

Mob Fired On.

BIRMINGHAM, Ala., Dec. 9.—A crowd which had been seen collecting on the streets for several hours last night, at midnight advanced on the county jail, with the intention of lynching R. R, Hawes, charged with the murder of his wife and child. Many of the best citizens tried to reason with the crowd and prevent trouble and some lost their lives in the attempt.

When the crowd was within a few feet of the jail door and had failed to heed numerous warnings, the officers opened fire upon them, killing three men instantly, fatally wounding seven and wounding more or less seriously about thirty others.

Reached Sacramento.

SACRAMENTO, Dec. 9.—Robberies here have been more numerous of late than for years past. From the direction the robbers seem to have come it is thought a number of them have worked their way down from Oregon, having come from the East by the Northern Pacific. One stranger who has not yet been apprehended, but who is thought to have been here for two or three weeks, resorted to some of the most daring methods yesterday to secure money.

Lawlessness.

CHATTANOGA, Dec. 9.—A *Times* special from Gadsden, Ala., says : This morning Deputy Sheriffs Christian and Herzberg went out to New Furnace to arrest Sam Moore, a negro, who had killed a man Saturday night. Moore had fled, but the deputy sheriffs were shot by unknown parties and wounded. The officers arrested Lawson Adams, who was supposed to be an accomplice of Moore. Moore was afterward found and killed for resisting arrest. It is believed Adams will be lynched before morning.

Some Fighting.

ZANZIBAR, Dec. 9.—A British steamer which was recently sent to Bagamoyo returned here to-day with several Indian traders and their families on board. They report that the town is wrecked. There was severe fighting on Thursday and Friday, and the rebel loss was heavy. A German and two native dependents were wounded. Bushiri subsequently retired five miles inland.

A Big Demand.

BALTIMORE, Dec. 9.—A young physician Dr. Nathan R. Gorter, who accompanied Robert Garrett on the trip he made around the world before his mental troubles assumed so serious a form has entered suit for $30,000 for professional services rendered. A bill for that amount was presented to Wm. Frick, who refused to pay it, and Dr. Gorter at once placee the matter in the hands of a lawyer for settlement.

West Talks.

PARIS, Dec. 9.—Lord Sackville is quoted here as making the following statement: "I am glad I am out of the county and have shaken off the dirt of American soil for good. I wrote a letter marked 'private as a personal favor to an alleged fellow countryman. In any country where any code of honor obtains this would be respected, but, you see this happened in America."

A Geyser in Dakota.

YANKTON, Dak., Dec. 8.—Considerable of a stir was aroused here over apparently well-confirmed reports of a volcano having broken loose in Charles Mix county, sixty miles from here. It turns out to be a gepser, which is throwing hot mud all over the surrounding prairie. Neighboring settlers are somewhat uneasy over the situation.

For weak and delicate women nothing builds up the entire system more thoroughly and effectually than Oregon Kidney Tea. It is especially adapted to diseases peculiar to the sex, is pleasant to take and in every instance proves of great value. Oregon Kidney Tea is composed of herbs found in Oregon, is put up in neat tin boxes, and can be prepared fresh by simply steeping in hot water. It contains no mineral substance whatever, is pleasant to take and never fails to cure kidney or urinary troubles.

Highland, Clackamas county, Or., March 20.
I have suffered with a disease of the kidneys for 6 or 7 years and for the last two months have been laid up with a pain in my back. A friend sent me a sample of the Oregon Kidney Tea, and having used it one week I can do a good day's work. I have derived more benefit from it than from all the medicines I have ever taken.
