FREE RAW MATERIALS.
It is interesting to note the conversation that
can be heard among men interested in the wool-
en industry now that the election is over. The
very men who howled loudly for Harrison and
against tariff reform now admit that there should
be a revision of the woolen tariff, and some go
further and concede that the manufacturers by
their action have lost a great opportunity that
may never return. The classification of worst-
eds, differently from woolens, has seriously
affected the worsted industry and the tariff of
more than 60 per cent. upon woolens has not
served to prevent large American orders reach-
ing the mills of England. The duty must be
raised on woolens or the duty reduced or
taken off altogether from raw materials, if pros-
perity would return to the woolen industry. By
the first method the people are burdened by
excessive taxation and the cost of woolens made
much higher than they should be. By the second
the industry will be equally protected, while
the consumer will be given great relief from
the burdens of to-day. It is the latter method
that other countries have adopted. In all other
so called protection countries the woolen mills
are given free wool and dye stuffs and there
can be no good reason why our manufacturers
should not have equal advantages. The laboring
men will reap the advantage of the policy in
the cheapened price of necessities and the more
steady employment at equally good wages. This
was the policy of Grant, Garfield, Arthur and
Cleveland. It will yet be received as the true
policy, for upon its ascendency in the country
rests the future of our woolen industry. Repu-
blican success may delay it but it will come, if
not by Republican ascendancy by the force of
public opinion that will restore the Democracy to
power.—*Manchester Union.*

TELEGRAPHIC NEWS
We Prefer Mud.
QUEBEC, Dec. 20.—Most serious conse-
quences from the storms are felt in back
country villages. Crops have been bad
and the people are snowed in. Many fam-
ilies are suffering for the actual necessities
of life. Farmers are killing stock. Card-
inal Taschereau and the premier have been
appealed to. They held a consultation
with the cabinet last evening and it was de-
cided to ask the government to send im-
mediate aid to the sufferers.
Electric Lights.
VANCOUVER BARRACKS, W. T., Dec. 20.
—At a special meeting of the city council
last night a contract was entered into with
the California Electric Light Company for
an electric plant of forty-five lights of 1200
candle power at a cost of \$8100, and the
plant to be in operation by February 1st.
Dakota.
MITCHELL, Dak., Dec. 20.—At a conven-
tion of South Dakota democrats to-day for
the purpose of taking action to advance the
cause of statehood, delegates were present
from twenty-one counties. A committee
of leading democrats of the territory was
appointed to go to Washington and present
the matter to congress.
The Oregon Farmer Pays It.
SAN FRANCISCO, Dec. 20.—A local paper
says: A few days ago an iron ship was char-
tered in this port at 42 1/2 for Cork for orders, the
highest figure paid here this season. On the
same day iron ships for Portland for the
same service were held at 50c. It is noticed
that shids are always higher at that point than
here. Why this is so is not altogether clear,
though there are probably satisfactory reasons
for the difference. This difference has to be
paid practically by the Oregon farmer, who on
the day in question was offering his wheat to
the shipper at \$1.40 per cental, while in San
Francisco good shipping wheat was command-
ing \$1.47 1/2 to \$1.50.
Bob Ingersoll.
POMONA, Cal., Dec. 20.—A letter has been
received here by a brother in law of Col. Rob-
ert Ingersoll ordering a suite of four room
to be engaged at the Hotel Palomare for Col.
Ingersoll, from January 14 until about Febru-
ary 25. He will spend several months in Cali-
fornia this season.
Confirmed.
WASHINGTON, Dec. 20.—The senate to-day
confirmed all the army and navy nominations,
except six new staff appointments. Also the
following: Thomas Burke, chief justice of
Washington territory, and O. R. Hallum, deputy
first auditor of the treasury.
The Egyptian War.
SUAKIM, Dec. 20.—The combined force of
the British and Egyptians made an attack yester-
day upon the rebel position. They stormed
the redoubts and trenches, and after a brilliant
engagement, lasting half an hour, drove the
enemy into the bush. The rebels reported a
loss of a thousand killed. The British loss is
light. The British encamped in the rebel pos-
ition. The victory was complete. The British
lost four killed and two wounded during the
gallant cavalry. The Egyptian and carried
them brilliantly, losing two killed and thirty
wounded. The only officers wounded in the
attacking force were two Egyptians. The re-
bel loss now is stated to be 400.
