LOCAL RECORD.

HON. W. K. P.—In its pan pictures the Salem Journal gives the following sketch of a former Albany gentleman: "Mr. Price is another one of Oregon's native representatives. He was born at Albany, Linn county in 1850. He passed his youth at Albany and received his education there. After arriving at the age of maturity he went to Crook county, where he was engaged extensively in stock raising for ten years. Four years ago he went to Jackson county, and again continued stock raising, at which occupation he has succeeded in accumulating a neat and comfortable fortune. In 1872 he was married at Albany to Miss Pauline Hackleman, and their home is now made happy by two boys. The oldest is now attending school at Jacksonville. Mr. Price's father was one of the first settlers and founders of Albany. Mr. Price is serving his term as a democratic representative from Jackson county."

CROOK COUNTY.—L N Liggitt will begin a six weeks term of school at Baynton's place next week.... We understand that J M Blakely contemplates driving his cattle back to this county from Wallowa next summer.... Billy Stroud had a trial before Justice J L Luckey on Thursday for stealing a butcher knife from Ah Doong, but was discharged.... Wm Marks, a young man working for J H Miller, met with quite a severe accident last Monday. He was riding after cattle when his horse fell, breaking Mr. Marks' left leg in two places between the knee and ankle.... We are authorized to announce that a boxing contest, Queensbury rules, will take place at Glaze's hall on the evening of February 9, 1889. The contestants will be Jimmy Woods and Harry Hunter. The contest will be for \$150 a side and the championship of Crook county.—Review.

NOTHING LEFT.—A correspondent to the Ochoco Review says: "Our dailies glean the local news so close that it is hard to find anything outside of general interest to communicate you," and then sends a column and a half of well written matter, mostly on the O. P. The following is to point: "Next season the O. P. will reach Squaw creek, then you can ship to the Willamette and sound markets fat cattle and mutton, late and early, at good prices, without the fear of a gorged market. So with large draft horses which just now are in demand at \$300 to \$400 per span."

A KICK.—The DEMOCRAT is requested to make a good sized kick because Mrs "Jim Westfall" is allowed to attend the public schools. She is twenty-three years of age, and several reasons, not necessary nor proper to mention here, are given why she should be kept out of the school, otherwise than because she is a Chinawoman. There are some who say they will take their children out of school if this is not done. Will the proper authorities consider the matter.

IS HE INSANE.—We have men much like the following outside of the insane saylum, substituting wild game for men: "John Miller is an old German who resided in Portland and recently became insane. Saturday he was brought here and placed in the saylum. He imagines that he killed 3000 men with nine pistol shots and that he is followed by the spirits of the men he killed."

TOO MANY CITIES.—A large number of bills have been introduced in the state legislature providing for the incorporation of a few houses into cities of divers names. What Oregon needs now is a law prohibiting the incorporation of a place into a city until it has a population of at least 2000. This making every little collection of huts a city is very foolish business.

OFFER TO BUILD ONE.—O'Conner & Barr, of this city, offer to build a street railway in this city and operate it for a bonus of \$1500 and a twenty-five year franchise. Both should be granted at once. They would run it from the Magnolia mills to the depot and extend it as the business justifies.

WITH AN AX.—Yesterday afternoon Wm Buchner, of Miller's Station, while chopping wood, cut one of his feet seriously with his ax. He was brought to this city on the 8 o'clock train and Dr. Hill dressed the wound.

CARPETS.—Finest line of carpets ever brought to Albany just received at A. B. Mellwain's. His Brussels and velvet Brussels attract great attention, being superb patterns.

NEW COMERS.—To our city will find it to their advantage to price our goods before buying in their outfit of groceries and provisions.

BROWNELL & STANARD.

The Legislature opens its adjournment very quietly. It is a sad outlook for the Third House. But two remain who have tread the floor for twenty years. They made their bi-ennial circuit last week with the same regularity as when they were in better pay. The telegraph notified the country that Gen. Siglin would return and assume the Presidency of the Third House and while it is as respectable as any other and in favor of retrenchment and reform, in its own charges it is doubtful whether it can work up grit enough to make their oat meal mush. One thing must be done, and that is to make the Third House the clerical force of all the Houses or abolish it with honors. It needs a Chaplain as well as a President.

Senator Dawson's bill to amend the law creating Railroad Commissions made its appearance in a printed form to-day. It asks for three Commissioners, not more than two of whom shall belong to the same political party; must be electors and have three years residence in the State. They shall be chosen bi-ennially by the Legislature, and hold office for two years, or until their successors are elected and qualified—vacancies to be filled by the Governor. Salary for Commissioners \$2500, and \$2000 for Clerk per annum. Repeats the section of the law making the Governor a member of the Board for the purpose of deciding points not agreed upon by the Commission proper. But this amendment does not meet the objections made by the Governor in his message. This amendment will open up a discussion that will test or should the constitutionality of this Commission acting under powers delegated that are claimed none can possess except the Legislature and the judiciary. As to the action of the Governor, if the bill passes we can only infer.

A memorial passed asking the United States to purchase the locks at Oregon City and in case of failure that they be condemned. It is somewhat strange that no one has yet explained the school-book business. There will be a report made no doubt. It is a monopoly and one monopoly is a little ahead of the other. The report will be looked for with hope that it may inform the people how this matter stands. Why can't Oregon publish her own school books. It would be little expense at the start. Why could she not procure her plates of California, and by degrees work out the problem and have the work done by her State printer. If California can print her own books, Oregon can do the same. There is a great interest taken in this business by friends of our State at home and abroad. May refer to this matter again.

No doubt now that bills are getting ripe speeches will follow and much of interest to the general reader will follow, we shall see.

Frank Taylor was treated to a genuine surprise party on Thursday evening of this week. Every one present seemed well pleased and dancing was indulged in until a late hour.

SHAKE.—It does one good to see two friends meet and have a hearty shake. The two gents that met yesterday on First street, shook so long that a bystander asked them what was up. They replied that they were congratulating each other on having found the cheapest place to buy groceries at the Willamette Packing Co.'s store.

Pomeroy, W T, has a bachelors' society. It seems to have a very meritorious effect, as the members are fast getting married. Albany needs one as well as an old maids' association.

At 9 o'clock this morning before Justice Humphrey, Mr. A. T. Thompson was examined on the charge of assaulting Jesse Clark with a dangerous weapon yesterday afternoon. H. H. Hewitt appeared for the State and Hon. J. J. Whitney for the defendant. Geo. Sparrow, a gypsy horse trader, husband of a fortune teller, and George Miller, speculator, told the following story: In the afternoon Jesse Clark, an Irishman and outsider, who worked for Sparrow, traded horses with Thompson in front of Schmeer's livery stable, getting \$1.25 "to boot." The horse was taken to the Stephens barn near Eleventh St., rented by George Miller, the shed being sub-leased by Sparrow. Thompson, it seems got tired of his bargain and went to the barn to get his horse back. Clark refused to let him have it. A tussel followed over who should get a halter on the animal. Big words followed, and Thompson struck at Clark with his knife several times, when the latter took a shovel and hit the former twice, once on the head; then Thompson stabbed Clark in the left breast, also slightly in two other places, and he fell to the floor, and was taken to the little hut near by by Sparrow and Miller, who were present. Thompson swore that Clark struck him first with the spade and also that he thought he had the horse on trial. He admitted though that he told them that he could whip the whole three of "yees." Dr. Maston testified that the wound was about an inch long and went into the cavity of the lung probably about an inch, and that Clark was doing well, though the result of the wound could not then be foretold. Justice Humphrey, after hearing the testimony, ordered the defendant held to await the action of the Grand Jury under \$500 bonds, which were furnished. Clark, for whom a warrant had been issued, will be discharged.

BROWNELL & STANARD.

Seeing nothing from this county, I for the first time in my life write for publication a few items.

We have had a fine fall and farmers have accepted the opportunity and sown all the prepared land, and are in hopes for the largest crop ever raised in Morrow county.

The O. R. & N. R. R. is finished to Heppner, our county seat, and is running regular trains.

We have had no very cold weather. Slightly below zero was the coldest. There have been light snow falls, Jan. 14th, 3 inches deep.

Jas. Sperry, formerly of Linn county has a flouring mill in Heppner and is doing a good business.

Stock in this part are doing well. Many are short of feed and if a deep snow comes yet they must suffer loss.

Very healthy around here. A doctor was called in one case last fall and this winter in a ten miles square.

All complain of hard times. I am highly pleased to learn of Albany's and old Linn's prosperity.

The DEMOCRAT is almost as good as a letter from home friends.
