

LOCAL RECORD.

LEBANON—Mrs Mary Liggett departed this life on Sunday, the 27th, in the 81st year of her age. She was a native of Ohio; in early life moved to Missouri, from there to California, and in 1872 moved and settled half a mile west of Lebanon, where she died. Mr D H Morthorn and one of his daughters started to Davenport, W T, last Friday, his wife and the rest of the children to join them in a few weeks. We understand that Mr J D Walton has made arrangements to open a first-class lumber yard in Lebanon. Prof Langford, an itinerant musician, was arrested in Lebanon for leading a horse on the sidewalk. DEMOCRAT Such a thing is of so frequent an occurrence with the "Professor" that we thought it not worth mentioning. The fact is the Prof. is near sighted and hardly knows the difference between a sidewalk and the main street.—Express.

HORSE SHOW.—The DEMOCRAT has been asked by several horse men to agitate a first-class horse show at this city during the latter part of March. Such a show is needed here, and it is a matter horsemen should take hold of and push forward. This county now has some as good blood as there is in the state, and this is a good way to make it prominent. Will horse men take hold of the matter and appoint a day so that it can be thoroughly advertised.

A LITTLE BOOM.—Right up in the mountains is a little boom of itself. Mill City, situated on the loop that takes in Marion county, on the Oregon Pacific, is said to have a population already of nearly three hundred. Some where in there a nice place is bound to grow up, and Mill City seems to be in the lead. That place is thirty six miles from Albany.

PIRATES.—One would think from the following from the Oregonian that we were very close to some of the worst descendants of Capt Kidd: "And besides, if no vessel ever came up to Portland, still the interests of Astoria would demand that pilot charges on the bar be reduced and the protected nest of pirates that have their headquarters there be broken up."

A GAME OF TICKLE.—Bills appropriating over \$250,000 are now before the State Legislature. There seems to be a game of "tickle-each-other" going on between Portland representatives and Eastern and Southern Oregon legislators. In this respect Linn county representatives do not stand in with them at all. They are making a good record.

CANE PRESENTATION.—Last night at the U P church, after the annual congregational meeting was finished, Dr Irvine was presented with an elegant gold headed cane, as an expression of the appreciation of his congregation for the services he has done them as a Christian minister. If the cane wears as well as its donee there will be no question but it will be handed down to future generations.

OLD PATENTS.—The original patent of Perry Thomas has just been filed in the county clerk's office. It is signed by Jas Buchanan, president, and is dated in 1859. Also patent of Jas M Elliot, dated in 1866 and signed by Andrew Johnson. Old patents are gradually coming in on account of the increasing number of transfers of property.

WILL PROSECUTE IT.—Concerning the regents' meeting of the old Corvallis Agricultural college held yesterday, says a Corvallis dispatch to the Salem Statesman, very little can be learned, as it was strictly secret. Enough though was gathered to show that they intended prosecuting their college case to the fullest extent.

NEW BUTCHERS.—Shultz Bros, two live young men, have bought M. Hyde's butcher shop, and propose running a first-class shop, with modern improvements. They run a big shop in Omaha, Neb., and understand the business.

AN ALARM.—The fire bell clanged at 12:30 to-day, occasioned by a fire in the barn of Mr. F. S. Crosby. Mr. Crosby, a DEMOCRAT antimony manipulator and two other distinguished gentlemen smothered the flames with water, after they had burned into the hay in the loft. A bonfire in the yard was probably the cause.

WALL PAPER.—The finest line of wall paper in the valley in forty or fifty varieties, elegant designs and prices down, at Portmiller & Irvine's. It will pay to see them.

PURE MILK.—Mr. Henry Stewart has established a milk route in this city and asks for the patronage of our citizens. Tickets for sale at Brownell & Stanard's.

A live Salem letter will appear to-morrow. Our Correspondent there doesn't wear gloves. The Salem Board of Trade receives about twenty letters a day from the East. They advertised. The nomination of R H Dearborn to be postmaster at Salem was confirmed yesterday. Good. Call on G. W. Smith and get one of those Missouri Steam Washers warranted to do as recommended. To save money buy your stationary and toilet articles at the 5 and 10 cent counters opposite the Russ House. Pendleton is to have a regular savings bank, where you can deposit a nickel upwards just as you please. A private letter from Pendleton announces two cases of smallpox there, though the papers do not mention the fact. Mrs. Martin Payne is prepared to take first-class boarders at her residence opposite the Congregational Church. Get your job printing done at Burkhart & Royce's. Best work and most reasonable prices. Smith who is prepared to do it with neatness and dispatch, and as cheap as anyone. Mr Louis Miller is making arrangements to erect a residence on his lots adjoining his own home. Smith, who is offering some of them at cost to make room for his large spring stock of cook stoves. You better not go to the variety store opposite the Russ House if you have no small change with you, for you will see such bargains as you never saw in Albany before. The celebrated Stuttz New York Theatre Company which gave such good satisfaction when they were here two years ago will produce "Lucretia Borgia" at Albany on Feb. 4th. Don't fail to see it. Here is something Moody said in San Francisco: "Were the Son of Man to reappear on earth as he did nearly two thousand years ago, again there would be no room for him in the hotels and he must lie outside. No town or State would want him and most churches would refuse to admit him."

The heaviest salmon caught in the English fisheries last year was in the Tay two weeks ago. It was four feet five inches long, twenty-eight inches in girth, and weighed fifty-two pounds. A 50-pound fish has been taken in the Hants Yvon at Christ Church. They don't hold a candle to our Columbia river salmon.

TEMPERANCE COLUMN.

Edited by Albany W. C. T. U

Mrs. Miller, of Lafayette, Col., on whose farm the rich vein of fine coal was discovered, is not only generous but just. While she contributes freely both land and money for the church, the school-house and other public enterprises, the stipulation is always made that the land shall revert to her whenever liquor is sold upon it. In this camp of a few hundred souls, \$2,600 was vainly offered for a lot upon which to build a saloon.

Mrs. Elizabeth Thompson the well known philanthropist supports a successful song service in the very worst quarter of New York City.

January 3rd, the officials at Burlington, Iowa, seized stock of the wholesale liquor dealers, Delahaze & Purdy; the liquor seized was valued at \$10,000. The case came up for hearing in the court and attracted much attention. It has just been settled by a compromise, the liquor dealers agreeing to pay all the costs, to submit to a perpetual injunction, the partners promising as a firm and as individuals never again to engage in manufacturing, selling or keeping for sale, by themselves or their agents, any intoxicating liquors in the State of Iowa, and to ship the liquors which were to be restored to them on these conditions, direct to Peoria, the Sheriff keeping possession of the liquors until so shipped, and taking all precautions to have his part of the contract carried out in good faith.

Miss Akerman, the second missionary sent out by the National W. C. T. U. sailed for Honolulu Jan. 29th. She follows as nearly as possible, Mrs. Leavitt, to strengthen the Unions she has organized and establish new ones.

Women teachers are coming to the front in the matter of holding responsible positions of honor as well as of trust. Mrs. M. S. Cummins, principal of the High School of Helena, has just been elected President of the Territorial Educational Association of Montana, and Miss Lottie E. Granger has been elected President of the Iowa State Teachers' Association.

The New Hampshire Constitutional Convention closed Jan. 12th, after voting to submit to the people on the coming second Tuesday of March, an amendment prohibiting the manufacture and sale of liquor. The campaign will open at once.

WEATHER INDICATIONS.—For the 24 hours beginning at 12 o'clock, noon. Clear.
