An eminent physician says: A healthy liver secretes from two to three pounds of bile every twenty-four hours and disposes of this secretion where it will do the most good. Now if the liver is out of order, the whole system is in trouble, the spirits are depressed, the mind is not clear, and a person whose liver is not performing its duty is very soon unfitted for regular business. Dr. Henley's Dandelion Tonic rouses the torpid liver and enables it to perform its proper functions, thereby regulating the whole system. Sold by Foshay & Mason.

Portland, Oregon, July 31st.
While I was in Tillamook last winter I was affected in my back and kidneys so that it was almost impossible for me to reach Portland. When I got here I was induced to try the Oregon Kidney Tea. I drank at my meals, the tea made from it, and it has effected a radical cure. I can highly recommend it to all who are afflicted as I was. Sold by Foshay & Mason.

TELEGRAPHIC NEWS

Indians on the War Path.
HELENA, Mont., Feb. 19.—Intelligence of an Indian outbreak at Demersville, Mont., in the Flathead country, reached here to-day. J. E. Clifford, postmaster at that place, caught an Indian in the act of stealing goods from the rear of his store building. In the fight that resulted from Clifford's attempt to recover the goods, an Indian was killed. Many rumors are rife. The story given the most credit is to the effect that the Indians lay in wait for Clifford and killed him between his store and the hotel.

An intensely bitter feeling exists between the settlers and the Indians, as the settlers have been greatly annoyed by prowling Indians from this reservation, as well as from the Tobacco plains country north of them. A large number of Indian women and children are en route to the agency at Arlee and this would indicate that the Indians were preparing for a raid of rapine murder. It is reported that Dr. Cunningham was also killed.

Too Thin.
SAN FRANCISCO, Feb. 19.—The steamer Walla Walla brought down ten Chinese passengers from Port Townsend. They all want to land, on the ground of having come from a domestic port although the preliminary examination brought out the fact that, notwithstanding they claimed to be all employed as cooks at Port Townsend for seven years they were unable to speak a word of English, and could not describe the port from which they had departed.

The Last Cabinet Dinner.
WASHINGTON, Feb. 19.—President and Mrs. Cleveland were entertained at dinner tonight by Secretary and Mrs. Vilas. It was the last of the cabinet dinners of the present administration.

Opium.
SAN FRANCISCO, Feb. 19.—Custom house officers searched the steamer Walla Walla from Port Townsend this morning and found twelve tins of contraband opium. Patrick Connolly, assistant engineer, was arrested for attempted smuggling.

In the assembly, 584 bills, 7 constitutional amendments, 6 joint and 8 concurrent resolutions have been introduced, making totals as follows: Bills 1190; constitutional amendments, 22; concurrent resolutions 25; joint resolutions, 10.
