AYER'S CHERRY PECTORAL is the best of all cough cures. It allays inflammation of the throat and speedily removes irritating mucus from the bronchial passages. Mrs. L. P. Cutler, 47 North Washington St., New York City, says: "When I was a girl of 17 I had a cough, with profuse night sweats, and Ayer's Cherry Pectoral cured me. I have recommended this preparation in scores of similar cases."

MEDICAL REF. RM.

Without reflection upon one of the most useful and honorable avocations, it may be assumed that people will live longer and be sick less when it becomes the rule and physicians are retained like lawyers, and only paid while their employer are kept in health. This has been the practice with occasional individuals, and no doubt would be generally preferred by the profession. One of the leading physicians in New York city, in a recent interview, says he has numerous patients in good health who come with a view to an inspection of their physical condition, in order to insure the practice of the means of longevity. He likens himself to the engineer who examines the machinery of the system, or the watchmaker. They throw all the responsibility for the direction of the animal economy on the physician, only following his direction of the animal economy on the physician. Nature is always striving to operate the machine without friction or jar, but many people do not aid, but obstruct. The medical adviser better knows how nature works, and with the incentive of pay for keeping the people in health rather than sick, with no pay when he fails, it is believed the average health of people would be greatly improved.

Few people would believe that there is a section of the United States where the result of the Presidential election will not be known until July, 1889, eight months after the official returns are published to the world. The settlers of St. Michaels, the San Island and those domiciled along the banks of the Lower Yukon will remain in uncertainty as to the outcome of the contest until after the midnight sun has come and gone during the midsummer of next year.

An eminent physician says: A healthy liver secretes from two to three pounds of bile every twenty four hours and disposes of this secretion where it will do the most good. Now if the liver is out of order, the whole system is in trouble, the spirits are depressed, the mind is not clear, and a person whose liver is not performing its duty is very soon unfitted for regular business. Dr. Henley's Dandelion Tonic rouses the torpid liver and enables it to perform its proper functions, thereby regulating the whole system. Sold by Foshay & Mason.

Portland, Oregon, July 31st.
While I was in this city last winter I was afflicted with a severe case of kidney trouble that it was almost impossible for me to reach Portland. When I got here I was induced to try the Oregon Kidney Tea. I drank at my meals, the tea made from it, and it has effected a radical cure. I can highly recommend it to all who are afflicted as I was. FOR PILES.

Having been afflicted with this painful and annoying disease for several years, I have tried many remedies, but have not been able to get any relief. I have at last found a cure in the form of a small, white, oval, waxen tablet, which I use daily, and which has effected a radical cure. I can highly recommend it to all who are afflicted as I was. Sold by Foshay & Mason.
