LOCAL RECORD.

CROOK COUNTY.—This week we record an important change in the mercantile business of our town. Messrs. Hahn & Fried retire from business, and Uren & Childs take their stock at invoiced value. ... J. C. Abbott, proprietor of the Hot Springs on Beaver creek, is the possessor of one of the most attractive of this Co. Those springs, properly featured, are a paying business to their owner, and a fortune to those who patronize them. They are a dead shot, or rheumatism. ... Sheep shearing will begin in this county about the first of next month. A few wool-growers may shear earlier than that time. ... County Court failed to meet on Monday of this week, as the law demands. But they promise to make amends by getting together next Monday.—News.

CAR LOAD OF TWINE.—To-day Stewart & Sox received by way of the Oregon Pacific five car loads of twine, the largest shipment ever made to the valley. It weighs fifty tons and all together is just \$72,500, 000 feet long, enough to reach four times across the United States and back to Gatesville. Considerable is said about the cost of twine this year; but the fact is the twine will only cost farmers about six cents an acre more than last year. Stewart & Sox do things by the wholesale.

WATER GETTING LOWER.—A Statesman reporter was informed yesterday by an officer of the "Wm M Hoag" that the river at the present time is twenty-two inches below low water mark at Salem, and that the chances are that if rain does not soon come to raise the river navigation will be cut off in a short time.—Statesman. At Albany it is just twenty-two inches above low water mark. And none of the boats have any chuck to spare.

PORTLAND ILLUSTRATED.—The last Harper's Weekly illustrates Portland in fine shape, giving a general view, several prominent buildings and streets and pictures of Harvey Scott, Judge Deady, Wm Read W S Ladd and Henry Failing. We suggest that Eastern papers cease paying so much attention to our Chinese. There are about five times as many now in New York City as in Portland.

NO PAY.—In the case of W W Wednesday at Salem, in the case of W W Biggs one of Governor Pennoyer's railroad commissioners, a demurrer to the complaint was sustained on the ground that the complaint did not state sufficient facts to entitle Biggs to a writ of mandamus compelling the secretary of state to give him his salary. The case will immediately be appealed to the supreme court.

WASHINGTON STREET.—In the injunction suit of A H Marshall against the city a decision was received from Judge Boise this morning denying the motion asking for a dissolution of the injunction, and the injunction will stand until the June term of court when the case will be tried on its merits. As no opinion accompanies the order the grounds for the decision are not known, though various ones are remarked.

JUST RECEIVED.—F L Kenton has just received by last steamer a good supply of very fine California full cream cheese which will be sold cheap. Also received a new barrel of choice mixed pickles. He keeps a first-class stock of groceries and confectionery, and when in need of anything in his line you will do well to give him a call.

RESULTS OF WAR.—A war with Germany would increase the value of the Oregon wheat crop, but it would not increase the price of mill-flour. At the new store of Mrs Marie Davis & Co. these ladies are doing a remarkable business at remarkable prices. Call and see the new styles and latest novelties. Everything new and of latest design.

A GREAT WORKER.—Prof Condon, of the state university, passed through the city to-day from Yaquina bay to his home at Eugene. As much as the Prof has hammered around the rocks and shells at the Bay he tells the DEMOCRAT that he always finds something new on every expedition.

OPENING DAYS.—Of latest spring styles for 1889, Friday, April 12th and following days, at E. and C. Howard's, Albany, Or. Up stairs to the left over J V Dubrulle's harness shop.

KERK OUT.—A man from Mississippi was robbed of \$1300 in a saloon in Portland yesterday. People who keep out of saloons never get robbed of \$1300 or any other sums in saloons.

SUMMER WRAPS.—Novelties in beaded and stockinet wraps just received.

All sufferers from severe dyspepsia, chronic, liver or kidney trouble, catarrh, rheumatism, neuralgia, or other nervous, chronic uterine or rectal disease will be given special free examination and opinion. The "incurables" are the ones particularly invited.

DID IT PASS.—"As the time for spraying apple trees is here, some say that there is a law to compel every one to spray his orchard. Can you give the desired information," asks a correspondent. Such a law passed; but it is reported that it was not enforced. It would probably not be enforced anyway.

THE CIRCUS.—Several gentlemen who came over from the Bay to-day who attended the circus at the Bay last night informed the DEMOCRAT that though a one ring circus, it was one of the best they ever attended. The horses are good, all being alike, and the tumbling extra.

MINSTRELS.—Mr J H Ross, advance agent of the McKanlass minstrel troupe, has been in the city making arrangements for the appearance of this well known troupe. This troupe has been here before and gave general satisfaction. It is composed of experienced artists, and has the best band on the road.

CROWD OF IMMIGRANTS.—Rev F J Strayer, agent of the Oregon Land company, arrived in the city last night accompanied in the city by sixty persons from Pennsylvania, who have come to "live and love" in this part of Oregon.—Statesman. That is the kind of rustling that builds up a community.

Teachers' Institute.

The teachers and friends of education throughout Linn county are hereby notified that the Teachers' Institute for the third judicial district will be held at McMinnville beginning the 30th of April and continuing through the 3rd days session. As this district includes Linn county, it is expected that a number of teachers from this county will be present. Every teacher should consider the importance of a good institute and should attend when it is in his power to do so. Ask your directors whether you can attend and explain the benefits to be derived from such work; if you are desiring to make a success of your work take advantage of these opportunities to improve yourself. Supt. McElroy is in earnest when he says he expects a good representation from Linn county, so let us all go. Everybody is invited to attend, teachers, parents and school officers.

MILL CITY.

The Santiam L. Co. planned the first piece of flooring last Saturday evening at 6 o'clock, and since Monday morning the planer has been running steady. When all these machineries are running it will sound business like in Mill City. Now is the time to buy lots since they are liable to raise in price every day.

The game of ball played last Sunday by first and second nine was quite interesting. The beginning of the game was in favor of the first nine; but ended 10 to 12 in favor of the second nine, second played well, we give them credit for it.

The shipment of lumber of last week was small it only being 1 carloads or 5000 feet. The decrease is due to their not having planer to finish lumber.  
The latest among some of the boys—"yes I will" is quite familiar in our burg. It originates from the last dance.

The Santiam Lumber Co. received their lath machine last Friday. They will soon manufacture laths.  
The temperance lecture at Creek Creek last Saturday evening was well attended. I guess they were all satisfied with the speech—those that heard it.

We rise to say emphatically that a few of our young people in Mill City, do not know the first rudiments in society. They are as ignorant as Sam Jones mule that swam across a river for a drink of water. A little advice—a hypocrite is a hydra, and should not be in our home. So do not regard yourself more than your neighbor; but show your kindness towards all; treat all alike; you are always in need of friends; do not deceive each other and your future prosperity will be a happier one.

Mr. Geo. Cox, of Gatesville, and who has been staying at camp 2 for the last three months was in our burg last evening for a short time. He says it is kind of lonesome up there.
