BETTER GIVE JARETT A PLACE.

John Jarrett must be cared for by the party now in power, and the best way to do it is to make it no more costly to the country than is absolutely necessary. He has speculated in politics under the labor flag for some years; the labor is worthy of his hire, and he must be paid.

Mr. Jarrett has proposed two ways by which he can be satisfactorily paid for his party services. He has a tin combine ready to start, by which he and probably a score of others could be speedily enriched, if the tax on tin is put up 125 per cent. In other words, if Congress shall tax every dinner pail and the kitchen utensils of the poor and the vegetable cans of the small farmers, \$7,000,000 more a year, Mr. Jarrett would be content without an office, as he and his combine would manufacture tin. We now tax the consumers of tin some \$6,000,000 when we don't manufacture a tin plate in the country, and Mr. Jarrett wants only \$7,000,000 or so more added to the taxes of the people to enable him and a score of his associates to accumulate fortunes.

As there is much doubt about Congress taxing the people many millions annually to repay Mr. Jarrett for his party services, he is willing to take the Consulate to Sheffield, England, as a full acquittance of present claims; and as that would be the cheapest way to pay him let him have the Consulate by all means. He must be paid of course; but why tax the people millions needlessly every year to pay him when he can be paid without any extra tax being imposed upon our already overtaxed people? Give him the Consulate.

It is related of a good Mississippi editor that when a fourteen year delinquent to his paper died, he attended the funeral and just as the coffin lid was being screwed down for the last time he put in a linen duster, a thermometer, a palm leaf fan and a recipe for making ice.

TELEGRAPHIC NEWS

The Czar in Danger.
 PARIS, April 11.—A rumor prevails on the Bourse that an attempt has been made upon the life of the czar. No confirmation has been received.

BUCHARIST, April 11.—It is rumored that an attempt was made upon the life of the czar Sunday last and that his majesty was wounded by the explosion of a shell. The affair is said to have been hushed up by the Russian authorities.

Over Land.
 HELENA, April 11.—A fatal shooting affray occurred at Flathead lake on Tuesday as the result of a land dispute. Two settlers named Hawkes and Fortin claimed the ground. Fortin occupied the land and was ordered off by Hawkes. He refused to go unless it should be determined by the courts that he was not the rightful claimant. The parties had a dispute over the matter, when Hawkes began firing at his neighbor, shooting him through the hand and in the body. Fortin was shot in the back while attempting to escape, the wound being fatal. Hawkes was arrested and bound over to await the action of the grand jury.

Eastern Hints.
 SAN FRANCISCO, April 11.—There has been a very good demand for money against real estate security in San Francisco thus far this year. Fortunately the saving banks have been well supplied with coin, and have met this demand promptly and at steady rates. The Hibernia bank has only one rate for all borrowers, whether they wish to borrow much or little. That rate is 6 per cent.

A Pendleton Blaze.
 PENDLETON, Or., April 11.—At about 11:30 o'clock last night fire broke out in the East Oregonian building on Webb street. The fire department, because of inability to locate the precise spot where the fire was burning, turned water in at a guess, where the smoke was thickest, and the type and material were badly damaged.

MILWAUKEE, Wis., April 11.—The largest train load of agricultural implements that was ever shipped across the continent passed here to-day on its way to Portland. This is a full train of threshing machinery shipped by Russell & Co., of Massillon, O., to Russell & Co., Portland, Or. It consists of twenty six cars heavily loaded with engines, threshers and horse powers. The train is making regular schedule passenger time and its movement is exciting admiration all along the line.

"Bouittart" is the largest and probably the best Percheron horse in this part of the state. Will be at the City Feed Stables, 4th street, Albany, Thursday, Fridays and Saturdays.

It is generally conceded by physicians that about one-half of the population of the United States are suffering from indigestion and dyspepsia. Hurried eating and improper mastication and insalubrious food are the principal causes. Dr. Henley's Dandelion Tonic strengthens and invigorates the digestive organs, and enables one to enjoy a hearty meal without any unpleasant after effects. Sold by Foshay & Mason.
