COMMENCEMENT.

BACCALAUREATE.

The Commencement exercises of the Albany Collegiate Institute began yesterday morning with the baccalaureate services at the Opera House. The body of the house was well filled, with some in the gallery. At 10:30 o'clock Prof Lee executed a voluntary followed by singing by the Congregation. Rev Prichard offered the opening prayer, and after another song by the congregation Rev Rogers read the 8th chapter of Proverbs. A hymn sung by a choir composed of Mrs. Langdon, Mrs. Chamberlain, Mrs Althouse and Messrs. Sears and Fortmiller would have done credit to the best metropolitan choirs.

ADDRESS BEFORE ASSOCIATIONS.

In the evening occurred the address before the Christian associations of the College by Rev E J Thompson, D. D., of Corvallis. His text was from Romans VIII—37, "More than Conquerors to those that loved us." It was an able effort greatly appreciated by the large audience present.

DAMAGE SUIT.—Wm P C South has filed a suit in circuit court against Dr Courtney, of Lebanon, for \$5000 damages for mal practice. Mr South some months ago had his leg broken accidentally and Dr Courtney attended him. Mr South alleges mal-practice and that the professional service was badly done.

Notice.—The regular meeting of the W. C. T. U. will be postponed this week on account of the exercises at the College. A meeting will be called for Tuesday of next week to appoint committees for the work on the 4th of July, and to transact other business. By order of the Pres.

ABOUT THE WATERLOO BRIDGE ROAD.

HAMILTON CREEK, June 7, 1889.

I wish to say a few words in your excellent county paper knowing that you always advocate truth and fairness. Some person writing in the last Albany Herald in regard to the Waterloo bridge says we have no road on the east side of the river at said bridge site, but they do not know; they are mistaken. I know who got up the petition, got the review and survey twenty years ago. It was viewed by S Nickerson, R Cheedle and Wm Gore, Sr, all of Lebanon. Surveyor Averill, of Brownsville, commencing on Beaver creek in the middle of the road, leading down said creek to Scio and Lebanon, thence to Waterloo, naming intermediate points, terminating on the bank of the river at Waterloo. Said road was ordered opened by the court and was opened by G Bond and J Wood, road supervisors of the two road districts, all the way through in the limits of the statute, and has been traveled ever since more or less. It is true it has been fenced up and gate put on the road. I do not think any obstructionists can kill a road, but are tolerated because they are our friends and neighbors, and we have no way to cross the river only to ford it and that is dangerous even in low water times. I am satisfied that many men do not see the want of a bridge at Waterloo, but here are old settlers, resident tax payers who have been agitating this bridge for fifteen years or more and it will certainly be of immense advantage to this neighborhood and to the citizens of the county, besides it is our voting place for Waterloo precinct, and frequently at our June election the river is high and dangerous to cross in a little skiff. Waterloo precinct is about equally divided on both sides of the river with its voting population, and if we are not connected by a bridge our precinct must be divided. You can not expect men to vote at the risk of their lives and this would add additional expense to the county. These are plain facts which can not be contradicted and we think the county court has acted wisely in assisting us to build up our neighborhood and county. We consider our interest

est the interest of the county and even the state. I can not see how a road becomes dead with a part of it viewed, surveyed and reported favorable on and the supervisors ordered to open said road, and said road opened as the law provides. I am not a lawyer but I can not see why we have not a road leading to Waterloo; the county expended a year or so ago \$600 on the rock bridge across the Schield's swail, this last fall \$500 on a bridge on Hamilton creek, all on this Waterloo road. Now is a part of the road dead? Is the question. I hope not if any of our neighbors are not satisfied with the present location we will assist them to change the road so as to do as little harm as possible and give us a good road. HAMILTON CREEKER.

NEW ADVERTISEMENTS.
