LOCAL RECORD.

A MIDNIGHT CONCERT.—At 11 o'clock last evening, under the bedroom window of Mr. Thos. Froman, near this city, ten double barreled shot guns and a large number of big bombs were fired simultaneously; at the same time several tin cans were rattled and re-rattled, as the guns were shot and re-shot. The amount of noise can be better imagined. Hastily dressing Mr. Froman and bride went smiling to the front door and invited the twenty-five young men composing the concert troupe, formed from Albany and the country around, inside, where pie and cake in abundance was "set up" for them. J. R. Wyatt, of this city, delivered the valedictory, and the event was generally pronounced one of the most brilliant in the history of the Albany prairie.

A MILK SHAKE.—The DEMOCRAT recognizes a fine milk shake at the hands of Mr. A. W. Irvin, next door to W. F. Read's. This is the healthiest and best drink made and Mr. Irvin is a good, honest shaker. He has just opened a confectionary and fruit store, well stocked, presenting a neat appearance and will soon add a soda fountain. Do not forget the place when wanting anything in his line.

GATESVILLE.—Mayor Sorbin, of Gatesville, has been in the city having that town platted, and has great confidence in its future. Mr. Sorbin owns the town site and will place the lots on the market. Mr. Sorbin is also interested in mining and showed the DEMOCRAT some fine specimens of ore from his claim, one galena as heavy as silver itself. There are great possibilities along the Oregon Pacific in the Cascades.

A HOT WEATHER ITEM.—Mr. J. A. Gross next week and during the summer will run ice cream stands in his summer house, where the delicious article can be obtained and eaten at the heat of the sun or during the evening. Free use of flower garden for promenaders, if flowers are not touched.

SCHMEER'S GROVE.—That picnic was at Schmeer's grove in H's 3d addition instead of Hackleman's grove, another change having been made after the DEMOCRAT man saw the picnicers. By the way Mr. Schmeer has a very fine place for picnics and gatherings generally, and has the advantage of some good water.

A DEMAND FOR THEM.—An evidence of the demand for store room in Albany is the fact that Mr. Fred Blumberg has already rented the two store rooms in his new block, the ground for which has not yet been broken, one to H. C. Hubbard for a drug store, the other to Phillips & Son, new comers, for a grocery store.

NOT ENOUGH.—A Connecticut man heard of Salem's wonderful nine inch straw berry and immediately sent for one of the vines of the variety. The vine itself on which it was raised, was sent; but, as our climate and fertile soil were kept at home, the Connecticut man will probably only raise nubbins.

A PUBLIC PUMP.—Arrangements have been made to put a pump in front of the Blumberg block, where the thirst of the public can be quenched, a move that will make that section of First street popular. There is also a field for three or four other pumps along the street.

TO NEW COMERS.—We would say that we have no baits to give you, but we do guarantee good values for your money, and we kindly solicit your patronage.
BROWNELL & STANARD.

WEATHER INDICATIONS.—For the 12 hours beginning at 12 o'clock, noon.
Fair weather & clear.

SOCIAL AND PERSONAL.

Dr. J. T. Tate, of Seattle, is in the city.

Mr. Mark Peery, of Seio, is doing Albany to-day.

W. B. Barr returned this noon from Bellingham Bay with one of his feet in a bruised condition, his boot lacerated with holes.

Mr. Julius Joseph left for the Yaquina Bay country to-day on a drumming expedition. His cigars are becoming quite popular in different parts of the state.

Dr. Barker, of Golden City, is in Albany and brings reports of active mining work there. A Portland company is putting in a quartz mill, the Albany company is running three shafts night and day. There seems to be a general life that prognosticates a mining boom for the Santiam.

Mr. and Mrs. Major Johnson, of Peoria, were in the city to-day, and while here presented the DEMOCRAT office with a basket of apples as a pump as during the fall. Great curiosities for the middle of June. On Monday they are to leave on a three months trip to Missouri on a visit to their former home. The DEMOCRAT wishes them a pleasant journey.

A HANDSOME PICTURE.—The finest piece of crayon work seen in Albany has been on exhibition at Blackman's. It consists of a large picture of Charley and Lucy, the bright children of Hon. G. E. Chamberlain, of the Lion County Bank. The work was done by Mrs. L. Blum and displays a genius as an artist not often witnessed anywhere. The execution seems perfect, and Mr. and Mrs. Chamberlain are fortunate in being the possessors of such a fine picture of their children. The handsome gilt frame came from Fortmiller & Irving's, also artists in their line.

NEGLECTED THEM.—In his writup of the Sisters Commencement the DEMOCRAT neglected to make mention of the following participants, who sustained their parts well, particularly considering their age: S. Cohen, K. Quinn, C. Warner, E. Elder, J. Hunter, E. Whitney, L. Ketchum, D. Whitney, K. Riley, M. Springer, M. Hoffman, M. Hunter, N. Rich, B. Driscoll, K. Shelley, E. Klein, N. Riley, D. Blumberg, F. Hoffman, F. Awhrey, W. Davis, E. Richards, M. Dowling, L. Glure, C. Zieralf, M. Erick and M. Warner. Many of them having minor parts it was not deemed necessary.

Seio's R. R.—Yesterday articles of incorporation were filed incorporating the Seio R. R. Co. The capital stock is placed at \$25,000, and the object is to build a standard gauge railroad track from Munkers on the Oregon Pacific to Seio, P. O. Smith, E. O. Hyde, A. J. Johnson, Edward Goin and Coll VanCleave are incorporators. This will be a great thing for Seio, and Linn county people generally will be offered an opportunity to invest in stock.

THE WOOLEN MILLS.—Two of the bids on the Brownsville Woollen Mills have been accepted, as follows: brick work, W. C. Cossell, \$48.44; stone work, W. E. Baker, at \$4.50 a perch. The wood and other work will probably be superintended by the company.

CHILDREN'S DAY SERVICES.—The Sabbath school of the First Presbyterian church will observe Children's day tomorrow morning at 11 o'clock, by special services. The pastor will preach a short sermon to the school adapted to the occasion. A cordial invitation is extended to the friends of the school and church to join in the services. The usual session of the school at 12:15 P. M. will be omitted. The usual evening services at 7:45 o'clock.

MARRIED.—June 12th, 1889, Mr. H. C. Bishop and Miss Susie Wigle were married at the residence of the officiating clergyman, Rev. E. R. Prichard. The contracting parties reside near Harrisburg. They left on the noon train for Portland.

A PICNIC.—On Friday, June 21st the Tangle Band will give a grand picnic at Blevins bridge. A big time is anticipated and everybody is invited.

STRUCK OIL.—At \$1.25 per 5 gallon can best Standard oil, at the Willamette Packing Co.'s store.

Don't fail to examine Mellwain's carpets. You will find them from 10 to 15 per cent cheaper than any other place in town, taking in consideration the quality.

If you have any job work to do call on G. W. Smith who is prepared to do it with neatness and dispatch, and as cheap as anyone.

GOLDEN RULE BAZAAR.

Cash Goes a Long Way at Julius Gradwohl's.

I have made arrangements for buying goods direct from the factories in Europe and will sell at wholesale or retail, cheaper than any where else on the Pacific Coast. The following are some of my cash retail prices:

1/2 dozen unhandled coffee cups and saucers, 45 cts.
1/2 dozen handled coffee cups and saucers, 50 cts.

These goods are all iron stone China and not a cheaper grade of goods. I have also added good stock of groceries, which I ask people to call and examine and judge for themselves as to quality and prices.

THE MAN ABOUT TOWN.

The average age of the jury that acquitted Beardsley at Salem was 54 1/2 years. Some say the scales of justice on the Marion county Court House have collapsed. The Man About Town observes the fact that the murderer is generally safe when he gets before a Marion county jury, and they all want to be tried there now.

Amateurs who do well at home in entertainments of any kind, often have a great ambition seize them immediately, as if by inspiration, to go to some neighboring city and astonish the natives. The M. A. T.'s advice is, "Don't do it," in their own estimation they have better amateurs at home. You won't be appreciated in nine cases out of ten. Just as soon as you sail out of sight of your own illahe you are looked upon as about the same as professionals, and criticized accordingly. Stay at home.

The morphine fiend is probably the worst of all fiends, a fact suggested by recent occurrences at the State penitentiary. Lebo, a Portland fiend, crazy for the drug, crossed fearlessly over the "dead line" and when ordered to halt or he would be killed, bared his breast and begged the guard to shoot. A day or two afterwards another convict did the same thing. They were after morphine and were crazy, that was all, and were not shot because the guards knew the circumstances of the cases.

It is wrong to prevaricate and falsify; yet the newspaper is expected to do it in its writups of amateur entertainments. If the truth were to be told in most cases there would be a storm!!! Everything must be nice and splendid, and beautifully rendered, etc., and often is; but sometimes isn't. Where the praise is general there is no contrast and Jones, though he murders Shakespeare, becomes as much a Hamlet as Boothby, who really snars; and yet criticism is not necessary, perhaps silence would be the golden program.

Albany has a young rider who rather caps the climax as a fearless horseman. Tom Riley, aged thirteen is referred to. Tom rides a white cayuse without bridle and bareback, guiding him with the ease of a ring master. One evening the M. A. T. saw Tom's hat fly off at the hands of a northern breeze. Turning back by the motion of his whip the boy, without dismounting, reached to the ground, Indian fashion, grasped his hat, and went on his way hilariously.

LEXINGTON.

MORROW CO., June 9th, 1889.

I will write a few lines from the inland empire to let you webfoot people know we are glad to learn you are prospering as well as other parts of our State, and would like to see an item occasionally concerning our fine and healthy climate and rich farming and pasture lands, many good ranches to be taken and many cheap places too (as is always the case in a new country) be had. The coming harvest will be much the largest ever raised in Morrow county, both in acreage and yield. We are having some warm weather, the 3rd inst, the thermometer run up 101. Corn is doing well, we are needing rain, farmers are buying headers and threshers extensively, and I think harvest hands will be scarce, grass is good, stock of all kinds are doing well. A new town is starting at the junction of Willow and Ray Creek on the railroad. I think it will be as good, if not the best business point in the county. The 4th of July will be celebrated in grand style at Lexington. People generally turn out on such occasions here. We are not annoyed much here with the kindred pests.

TEMPERANCE COLUMN.

Edited by Albany W. C. T. U.

Commissioner White, of Massachusetts, reports finding factories where twenty per cent of the children could not read in any language. This is the banner State of the Union in respect to compulsory education.

Counterfeit coin can never succeed in spoiling the character of gold. It only compels one to ring every piece on the counter. So pretense and sham never injure religion, but only make men more watchful.—Christian Standard.

The State Treasurer of Iowa has redeemed \$415,000 of outstanding warrants within the past six weeks, thus reducing the floating indebtedness of the State to less than \$75,000, all of which will be wiped out by January 1st, 1890. The prosperous condition of Iowa's exchequer is in marked contrast to the financial embarrassment of several neighboring high license States.

If any other class of men were organized in the same lawless manner as the saloon element, the people would move against them with galling guns and dynamite.—Sam Small.

Under "whiskey liberty" in Shelby Co., Tenn., one out of every 374 citizens makes the most of life in the State prison. Under prohibition in Union county not a single convict out of 10,260 citizens peers out from the prison bars.

A "monster petition" from the members of the Salvation Army and others will shortly be presented to the House of Commons in favor of the Sunday closing of public houses. It is expected that it will be signed by fully 1,000,000 persons in England.
