

CROOK COUNTY.—Freighters on The Dalles road are now compelled to buy water for their horses at Naincine, at the rate of ten cents per head. James Elkins left yesterday for Albany. He will remain in that city about a month, when he will return to his ranch in this county, accompanied by his family, who will spend the summer in the Beaver creek country. Crooked river is lower now than it was any time during the summer. It acts if it might go entirely dry. This is good evidence that the country is in great need of rain. "Boss" Senders is here from Albany buying horses for the San Francisco market. Mr. Sol King, ex-sheriff of Benton county, passed through Prineville a few days ago on his way to Burns to visit his son who resides there. Prineville papers.

QUITE POLITE.—The Arizona Kicker should be moved to Roseburg, and teach the local papers some lessons in brotherly love. It says: "Can't do it—We have been offered \$25 in cash and a barrel of wild plum vinegar to publish the record of the man who runs the weekly farther down the street. While there is no doubt in our mind that he is a bigamist, horse thief, barn burner and anarchist sympathizer, we know what belongs to decency and positively refuse the bribe. There is too much mud throwing among the editors of the west, anyhow."

THE SIGNAL SERVICE.—On account of an insufficiency of funds the Signal Service bureau has written Mr. Briggs, of this city, in reference to discontinuing the office, or modifying the service, using Albany only part of the year regularly and the remainder only in case of storms, etc., but requests a statement in reference to the value of the service here. The DEMOCRAT knows it to be appreciated and that great reliance is placed on it by the farming community. We need it the whole year and it is to be hoped no change will be made.

OVERDONE.—No such amount of gush as was telegraphed from Johnston ever before made a telegraph wire's ears tingle. The writer, whoever he was of the associated press, seemed to try to lay himself out in the use of "hifalutin" and spread eagle language. We make this statement deliberately after the excitement of the affair has cooled down. It was a horrible accident, and what the public wanted was plain, unvarnished truth and not commencement orations.

A STATEMENT.—Mr. Schlosser, who was mentioned several days ago as being in a row at Mr. Farwell's with his wife, requests us to state that "the item was entirely untrue, that he did not see his wife at all, was not intoxicated and was not arrested." The DEMOCRAT is always glad to give both sides of all matters that appear in its columns.

TO-NIGHT.—Georgie Woodthorpe tonight. An immense reserve has been taken, and our citizens are promised one of the best entertainments given here. The company is an old and reliable one and has been well received wherever they have played. They should be given full houses.

SELLS' CIRCUS.—The circus, with its multitudinous attractions, is drawing crowds. It takes three visits at least to see all that is done in the rings, and two or three looks around the menagerie and outside shows to get an idea of what these amount to, and it is an interesting way of spending the time.—S. F. Chronicle.

WOOL.—Saturday was a regular wool day in Albany. The city fairly seemed to swarm with wool men. 2 1/2 cents was paid, which caused herculean smiles on the faces of sellers. There were no long faces around.

NEEDA PARK.—If Albany is ever to have a public park it should begin business before it is too late to get one advantageously. How would a Park meeting or Association do, under any name that will produce one.

WEATHER INDICATIONS.—For the 12 hours beginning at 12 o'clock, noon. Fair weather & clear.

ELECTED.—6000 rolls of wall paper in an immense number of patterns at Fortmiller & Irving's, the finest line in the central Willamette Valley. It is an art gallery to see it all.

STRUCK OIL.—At \$1.25 per 5 gallon can best Standard oil, at the Willamette Packing Co.'s store.

Don't fail to examine McIlwain's carpets. You will find them from 10 to 15 per cent cheaper than any other place in town, taking in consideration the quality.

The Ladies Delighted. The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Pils, and all conditions, make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

"Nothing is Equal It." "I have been selling Simmons Liver Regulator for the past six years. My customers pronounce it the best ever used. One of my customers who has been in a wretched condition from a very bad and stubborn case of dyspepsia, used the Regulator and was entirely cured. I am using it myself for torpid liver, caused by close confinement. I find nothing to equal it and highly recommend its use. Respectfully, C. P. H. 1817, Drugists, Edinburg, Va.

McIlwain can give you the best fitting suit you ever wore, at prices to suit each and every one.

STATE TEACHERS ASSOCIATION.—The State Teachers' Association will be held at Salem, July 1st, 2nd and 3rd, 1889. The Association will convene in the Legislative hall, capitol building, at 7:30 p. m., on Monday, July 1st. All teachers and friends of education are cordially invited. The department of superintendence will be organized by the several county and city superintendents, and will meet in the office of the Superintendent of Public Instruction at 1:30 o'clock p. m., on Monday, July 1st. The hotels of Salem will entertain those attending, during the days of the Association, at reduced rates. Arrangements have been made with the Southern Pacific (lines in Oregon) and the Oregon Pacific railroad companies for reduced rates to those attending, and the usual reduction will be granted. The usual "4th of July" rates will be in effect on the O R & N R R lines in Oregon from July 1st to July 4th. These rates will be open to teachers and others who may wish to attend the Association. Several State Superintendents of Public Instruction, and other leading educators from the Pacific Coast States have been invited and are expected to be present.

WATER NOTICE.—People who take water from the Albany water works will take notice that on Wednesday one of the pumps will be shut off in order to put in one of the new pumps. This will lessen the supply of water, hence all are urged to use water sparingly on that and the following days until the new pumps are in good working order.

An ounce of prevention is better than a pound of cure. Pfunder's Oregon Blood Purifier expels all impurities of the blood and should be used in all diseases of the stomach, liver and kidneys. Take it.

A feature of the celebration at this city on the 4th of July will probably be a game of base ball between an Albany and a Harrisburg nine, the latter having accepted an invitation to come here at that time.
