

LOCAL RECORD.

PECULIAR DEATH.—Millard Flint, a young man aged about 25 years met with a very untimely death near Irving last Friday evening. In company with several others he was engaged in road work and was hauling gravel out of a field. After digging down for some distance they struck a spring of water at the foot of the bank, which was about five feet high. Flint laid down and took a drink and then rolled over and jokingly remarked that it was a pretty cool place and he guessed he would stay here. The words were scarcely out of his mouth when the bank caved in on him, covering all but his feet. His companions dug him out as quickly as possible, but only to find that he was dead.—Eugene Register.

TAKEN IN.—Several greenies yesterday in the country, as usual, got taken in by the three shell and other games. The truth is some of them know the shell game a fraud but think they are smarter than the operator. As a matter of fact the manipulator of the shell has the matter at control. Choose any shell and you would not win. The little puff ball is either not put under or is easily extracted. The fact that these games are a part of the circus is not a very pleasant one to contemplate. Johnny Huse, who lost \$160, says it got out of a hole in his pocket.

CIRCUS DAY NOTES.—A large number of new faces in the big crowd. The young man who never lets go his girl's arm was here. The hotels handled the crowd in good shape. The smart young man who had saved several hundred dollars came to town and taught the shell sharper a trick of his own game. His bank account is now low ebb. The cheap jewelry man with his wheel of fortune was on hand. No one drew anything more than a one cent breast pin though.

AGRICULTURAL COLLEGE.—Commencement exercises of the Agricultural college at Corvallis begin with the baccalaureate sermon on Sunday by Rev. Lovernidge, of Eugene City. Commencement proper will be held on Wednesday beginning 9:30 a. m. Judge McArthur, of Portland, will deliver the address to graduates at 3 p. m. Wednesday, alumni reunion at 8 p. m.

DIED.—J. W. Fletcher, an old and respected citizen of Linn county, died at his home five miles northwest of Brownsville, Sunday morning, June 9, 1889. He was born in New Hampshire Oct. 23, 1830. His remains were interred in the cemetery 3 miles northwest of Brownsville by the side of his eldest daughter. He leaves a wife, daughter and two sons to mourn his loss.

THE G. T. S.—At the meeting of the Grand Lodge of Good Templars at Salem Wednesday the following officers were elected: Grand Chief Templar, J. E. Knoss of Albany; Grand Counselor, John Knight of Salem; Grand Vice Templar, Mrs. J. E. Robertson, of The Dalles; Grand Treasurer, W. S. James, of Portland; Grand Superintendent, W. S. James, of Portland; Grand Superintendent of juvenile work, Mrs. E. M. Vandeventer.

FOURTH OF JULY.—The children and ladies interested in the liberty car for the 4th of July are requested to meet at the WCTU Hall on Saturday at 10 a. m. The committee wish to give special instruction to the children as to the arrangement of the car. By order of committee.

A FERRY AT INDEPENDENCE.—A force of thirty men are at work at Independence on both sides of the river making grades for the road leading to the ferry, soon to be established across the river at that point. A new 1250 feet steel cable has been purchased and will span the river 100 feet above the water.—Journal.

FIRST ICE.—The first ice was taken from the Albany Ice Works to day. It is of a good quality and just as cold as ice can be. The works are running in good shape and hereafter ice can be secured daily of the works.

THE N. G.—The Narrow Gauge system is to be consolidated with the Southern Pacific. If this is done we shall no longer call it the Narrow Escape.

WEATHER INDICATIONS.—For the 12 days beginning at 12 o'clock, noon.
Fair weather & clear.

SOCIAL AND PERSONAL.
Mrs. W. B. R. and children, of Ashland, are in the city visiting friends.
Wm. M. H. and wife from New York, and a sister in railroad work is now anticipated.
Mr. John B. Armstrong and wife left this noon for Eugene, which will be their future home.
Ed Upham and wife, Mrs. Robert Brown and son and Mrs. T. J. Stites went to Portland on this morning's train.

ARRESTED AGAIN.—Less than two years ago a divorce was granted dissolving the marriage of M. Schlosser and wife, the latter a daughter of Mr. John Weiss, of Miller's Station. Mr. Schlosser went to the Sound afterwards. Several weeks ago he came to Albany and secured a job. After he had been here awhile he ascertained that his former wife was stopping at H. Farwell's, and went there to see her, but was prevented by Mr. Farwell, whom he abused in strong language. He was arrested, but an Albany man answering for him was discharged. A fine of \$5 and costs was paid. The DEMOCRAT published the fact in the case as nearly as it could get them, and that is the personal part taken in it by this paper referred to in the Herald. This afternoon at one o'clock Schlosser discovered his former wife at a millinery establishment on First Street, and entered and began abusing her in a shameful manner. Meghan Hoffman appeared promptly on the scene and arrested him, but he refused to be arrested, and showed fight, with the Marshal dealt him several good blows with his club and with several men carried him to the calaboose. He will be examined to-morrow morning at 9 o'clock.

THE CIRCUS.—Sells Bros. and S. H. Barrett's United Shows gave two performances in this city yesterday of a character never excelled in Albany. The tents were crowded in the afternoon. The program is full of interesting features, several never having been given here before. First is the grand spectacular entree that bewilders one, then the two bulky hippopotami open their enormous mouths, Lew Sulin's comic mule is quite cute and the trapeze work is fair. The leaping was better than usual, two pretty doubles being thrown. The bareback riding is all good but not startling. It takes somersets through rings, etc., to gild it. The bicycle riding by the Melrose family is one of the finest things in the circus. The contortions of Rexo and Reno are remarkable. The Dunbar Bros. in their aerial flights do some very daring acts. One of the prettiest things in the circus is the stately posing of the Gilfert Bros. Signor Bian rode twenty-three horses in an expert manner. The little Japs did several remarkably good things and are an important addition to the performance. The elephant "Sid" is a whole show all alone. Trapeze balancing, slack wire walk, bare performances, etc., were all good. The entertainment concluded with a series of exciting races under the direction of Col. Seeley, at the program generally was faithfully carried out. The menagerie is a good one, a great and new attraction being the pen of ostriches, immense, interesting birds.

QUITE IMPORTANT.—The following despatch sent from Astoria yesterday is of the greatest importance if it proves to be based on fact, and it will mean much for the Valley city that obtains a connection with the proposed railroad. Why not Albany? "William Reid's visit here to-day brings out the fact that he has made a proposition to the Astoria & South Coast Railway Company to build the road to Seaside and beyond, if all rights of way, franchises, contracts, stocks, etc., are turned over to him, he guaranteeing to complete the road in a specified time to a transcontinental connection. The proposition will be submitted to the board of directors this evening.

OUR BUILDING BOOM.—Albany is having its share of building booms this summer, in a quiet, steady way, that is speaking for the growth of the city. A large brick woolen mill, a fine Masonic temple, the Blumberg block, the ice works and many fine residences of the latest architecture tell of the city's prosperity.

TO-MORROW.—Pay your dues to the Building and Loan Association before to-morrow evening. Afterwards it will cost you ten cents a share extra.

Undeserved Laughed At
The unthinking are prone to make game of nervousness. Yet this is a very real and serious affliction, the harassing symptoms of which are rendered all the more poignant by ridicule. The stomach is usually responsible for these symptoms—its weakness and disorder find a reflex in the brain, which is the headquarters of the nervous system. As a nerve tonic and tranquilizer, we believe that not one can be pointed out so effective as Hostetter's Stomach Bitters. In renewing vigorous digestion, it strikes the key note of recovery of strength and quietude by the nerves. Headaches, tremors in quiet sleep, abnormal sensitiveness to unexpected noises—all these modify and ultimately disappear as the system gains strength from the great tonic. Dyspepsia, biliousness, rheumatism, constipation and kidney complaints are subdued by the Bitters.

EAST WASHINGTON.
We have had plenty of rain from the first of March until now; but it is getting a little dry. The wheat looks yet low and some predict a short crop. Hay has been going on for more than a week. Corn looks better than for many a year in the past. There is a great abundance of fruit. Strawberries are gone, cherries also. All sorts of gardeners are flourishing.
There seems to be a good probability that the Hunt railroad will be extended through Columbia county. Such an event will give better connections at the Sound.

The U. B. church has split upon the constitution. The division occurred a month ago, and now they have gone to law over the property. The faction that held to the old constitution, which opposed secret societies, had a representation of about twenty men. Many of them were not sent to the general conference by the church, but went of their own accord in anticipation of a split. While they are faithful to opposing secret societies, they are respected more than the other party, although it is seven times as strong in general conference. The ministers of the new departure will now try to join the secret societies. Many of them have, of late years, desired to belong to those societies. They ought to be marked stood up and exercised their small wit in offensive denunciations of those orders for years, they need not expect Masons and Odd Fellows to trust them. Instead of one annual conference, they had two here, one at Garfield and one at Oakesdale. The old party met at Garfield and the new at Oakesdale. Both elected presiding elders and appointed preachers to cover the same territory.

Waitsburg will not celebrate the Fourth of July this year. That city, Huntsville, Covello, Marengo and all the outlying country is invited to celebrate at Dayton. Prof. Walker, of Huntsville, is to be the orator.

Dayton has the finest class of business men and the city has a good future. Huntsville is growing rapidly. They have a new bank, a daily paper and many other tokens of thrift. The only unfavorable sign is the fact that some of the best business men have gone elsewhere. The most notable of these are Taylor, the hardware man, and E. L. Powell, a merchant. One went to Pendleton, the other to Spokane Falls. But their places were taken by men fully as good. Spokane Falls is much estimated and overdone.
