

LOCAL RECORD.

A FORGERY.—Saturday evening about 9 o'clock a man representing himself to be R. J. Kippe, went into Otto Sallinger's variety store, bought \$3.85 worth of goods and presented a First National Bank check payable to himself for \$2.80, and signed by A. H. Marshall. Mr. Sallinger gave the man \$2.10 in money. The man stated that the bank had closed as his reason for not getting it cashed there, and also that he had a larger check but supposed he did not want it. This latter check he presented to Mr. Conrad Meyer about 9 o'clock in the evening, who did not even see it, not wanting to cash checks. A man, probably the same one, was in the bank in the afternoon and helped himself to a check or two at the check desk, as is customary, and went out; but he presented no check at the bank at all. Monday Mr. Sallinger took the check to the bank and presented it; but the signature not resembling Mr. Marshall's it was taken to that gentleman, who declared it a forgery. An R. J. Kippe, formerly from Clackamas county, had worked for Mr. Marshall; but he was supposed to be a reliable man, and it is thought by some this was some one else passing himself off for Kippe. A warrant has been issued for the arrest of the man who ever he is. His whereabouts are now unknown.

WHITE CAPS.—Instead of organizing a band of White Caps, proposed in the following from the E. O. Pendleton people should do as Albany and Salem people did, legislate. "Vague rumors are afloat of an organization in Pendleton similar to the 'White Caps' who are now terrorizing portions of the East. The object of the society is the extermination of town cows, which are allowed to roam the streets at will during the day to feed on people's trees and gardens, and which promenade the sidewalks at night. Cow owners should take warning."

INVEST AT HOME.—Wonder if the editor of the Walla Walla Statesman, who has considerable property at the Bay, was referring to himself when he wrote the following: "When a man has made every cent of his fortune at home and then gets swindled in an attempt to invest his money away from that home and in another state, that man can just sit down and console himself with the reflection that he serves him right."

SULLIVAN AND KILRAIN.—In the great Sullivan-Kilrain fight to take place in the lottery State soon the great whiskey bloater Sullivan is the favorite in Albany. If he enters the contest sober he will probably knock out Kilrain in less than a hundred rounds. The fight promises to be one of the most brilliantly brutal contests since the days of Commodus. To have seen it in the eyes of many will be an event for posterity to boast of. Bah!

WOMEN SQUATTERS.—The Salem Journal says: "Unsurveyed lands up on the Santiam east of Mehama are being taken and held by 'squatters' almost every day. There are some most desirable claims in that region and the parties who are holding them hope to be able to have the government make surveys soon." It then adds: "Among those who have gone from this city are Mrs. Rork and Miss Hall."

THE MODOC.—The O. R. & N.'s new boat, the "Modoc," steamed into the city this morning at 8 o'clock, with Capt. Bell at the wheel. It is a well built craft, and only draws thirteen inches of water, and will be able to make a summer of it regardless of low water. The boat will be at Albany every Tuesday and Friday. From here the Modoc went to Corvallis and returned with a good load on its way back to Portland.

The Modoc has a capacity of 337.55 tons, is finely equipped with two engines, with slide valves, rotary cutoff, 14-inch cylinder with five foot stroke. Two Blake pumps with self lubricators supply the steamer with water. The boat is 140 feet long, and 30 feet wide. The boat, though nicely equipped is intended mostly for carrying freight. Capt. J. W. Troup, under whose supervision the boat was built, was along, and seemed well pleased with the trial trip. Following is a list of the officers in charge: Miles Bell, Captain; Ed McFeeley, first engineer; Ed Kelly, second engineer; Harry Blanchard, purser; Robert Young, Pilot; E. Gordon, Mate; George Simpson, Steward; Albert Seann, Watchman.

LENN COUNTY CROPS.—Following is the Lenn county crop report sent to Signal Service Bureau: "Winter wheat looks fine, having big heads and meshes well filled. The rains of this week were accompanied by strong winds that have fallen the winter wheat to some extent. The rains benefited the hay. A careful investigation as to the crop outlook in the Willamette valley through information obtained from leading farmers in different localities, reveals the fact that the crop will be somewhat spotted, being above an average yield in some localities and very light in others. This difference is found even in the same fields. The crop seems to have been affected by the prolonged rains, followed by excessive hot weather, which scorched the wheat in low places where the water stood. The effect of this damage to wheat upon the general yield is as yet difficult to determine, but from the best reports obtainable it is not believed that it will fall below an average yield. Early fall grain is almost ready for harvest, and aside from the few spotted places will yield enormously."

BABIES.—The finest line of baby carriages in the Valley just received at Stewart & Sox's. Prices are remarkably cheap considering the superior quality of the carriages.
