THE CONDITION REMAINS.

The report of the Secretary of the Treasury for the fiscal year which ended on Sunday shows that the condition which has existed for the past seven years still confronts us.

The surplus revenue collected during the year was \$104,739,073. The funds in the Treasury in excess of actual obligations are about \$70,000,000. Lavish disbursements for pensions and the persistent buying of unmatured bonds at a high premium have not been able to prevent an accumulation of money in the Treasury which is a standing menace to business prosperity.

This unchanged condition represents the most unjust of all impositions—unnecessary taxation. While it remains it is inevitable that there will be theories for its cure. The Democratic theory is to stop the surplus by reducing useless and burdensome taxes upon the necessities of the people. What the Republican theory is the country will learn when Congress shall meet. The present indications are that the Tanner plan of spending the surplus will find more favor than the Senate plan of cutting off revenue by raising the taxes.

The alternative of the frying-pan or the fire is not a pleasant one for the taxpayers.

Commissioner Tanner is evidently heeding the cry "reduce the surplus." He has paid out the \$90,000,000 appropriated for this year, wants \$15,000,000 more, and has 106,000 petitions on file for new pensions and retiring. If the corporate were a general the country would go broke.

Tom Nast, the caricaturist, who is back in New York after a long residence in California, looks as lively as ever. He is a Bavarian by birth and has seen about half a century of life. He may again enter the lecture field, with colored crayons.

Frozen milk, it is asserted, may be kept in a fresh state indefinitely, and many steamers sailing on distant voyages are now provided with steam refrigerators, in which milk and other foods may readily be preserved for any length of time.

Kind words never die; but they frequently say a long time from home.

TELEGRAPHIC NEWS

He Should Resign.

SAN FRANCISCO, July 9.—An Examiner's Washington special says: There is a rumor tonight that the resignation of Corporal Tanner as commissioner of pensions has been requested.

It is known that Secretary Noble had a long interview with Commissioner Tanner this afternoon, in which the administration of affairs in the pension office was thoroughly overhauled. The question of undue preference given to certain claim agents in the making of their cases "special" was discussed at length, and it is understood that General Bussey, assistant secretary of the interior, presented to Secretary Noble something very much in the nature of charges against the commissioner on account of his rulings in certain cases.

A Clean Sweep.

PORT TOWNSEND, July 8.—The city election resulted in a clean sweep for the democratic candidate. The republicans were badly beaten by over fifty majority for each candidate. The democrats were harmoniously organized for several weeks, and worked hard for success, which contrasted sharply with the republicans, who pressed on last autumn's victory to win the election. The majorities were as follows: For mayor, Joseph A. Cunn, 92; for councilmen, J. S. Lattin, 170; J. H. Livermore, 140; E. W. Deval, 36; for marshal, R. Delaney, 51. The victory elates the democracy, and they assert that it indicates success in the state elections.

Mr. Hayes.

CHICAGO, July 9.—Frances Willard, president of the World's W. C. T. U., has issued an address to the officers and members of the association, catalogizing the character of the late Mrs. R. B. Hayes and stating that no woman ever lived who did so much to discountenance the social use of intoxicants. It requests memorial services to be held in all the local unions on Sunday, July 28.

Judge Cooley Coming.

CHICAGO, July 9.—Judge Cooley, of the interstate commerce commission, passed through Chicago to-day, en route to Portland, Or., on unofficial business.

A R. R. Accident.

BUCHAREST, July 9.—A passenger train collided with a freight train near Clujnita to-day. Fifty persons were killed and many injured. The accident was due to a mistake of the switchman.

The Usual Revolution.

NEW ORLEANS, July 9.—John L. Sullivan, who was seen immediately after being conveyed to his special car, was in the best of humor, and while not talking a great deal, always made agreeable replies to any and all questions put to him by his friends or representatives of the press. He said, among other things, that he would never enter the ring again under any consideration.

An ounce of prevention is better than a pound of cure. Plummer's Oregon Blood Purifier expels all impurities of the blood and should be used in all diseases of the stomach, liver and kidneys. Take it.

PORTLAND, Or., Jan. 12th.

Having a severe back ache last summer, I tried the Oregon Kidney Tea, I used one can, which effected a radical cure. I would recommend it to all who are afflicted as an unfailing remedy. JULIUS ACH.
