

LOCAL RECORD.

FAILED THIS TIME.—Recently an Albany boy, aged about fifteen, while hunting, happened to kill a bird that looked like a Chinese pheasant. Rather than violate the law in reference to leaving dead animals by the wayside he put the beautiful bird in his bag, and marched on. A man, by the way the same one who caused a resident of this city to pay \$50 for a like luxury, saw the suspicious looking bag, and asked to see what was in it. The boy said no, it was his bag. Then the man said he would see anyway and started to reach for the \$50 bird; but the gamy youth drew back, leveled his gun at the man and told him he would shoot if he didn't keep his hands off. He retreated. Bert Scott doesn't propose having anyone meddle with his private affairs.

TOO MUCH FOR HIM.—The following is a graphic account of what a little money will do with some people. "A man named Fredk Warnecker died in Salem last Sunday. His demise points a moral and adorns a tale. A year ago he was a gardener, happy and light hearted. He lived at Mt. Taber, near Portland, raised and sold cabbages, etc., and was happy as a clam. Somebody came along and offered him \$20,000 for a part of his garden. He took it, wonderingly and dazed, in big \$200 gold pieces. Then somebody else offered him \$10,000 for an acre he had left. That finished him. He went plumb crazy, thought everybody was trying to take his money away from him, and now he is gone dead. He left the \$20,000 after him."

A BIG SHORTAGE.—When Frank Collins, of the Monmouth warehouse, figured up his accounts recently and measured in grain on hand he found a shortage of ten thousand bushels of wheat. As the shortage affected the stores Mr Collins was arrested and placed under \$1250 bonds. He is said to have the reputation of being honest; but carelessness is given as the cause. This kind of carelessness is about as bad as dishonesty, and some examples of justice are needed.

A BOY AND A COW.—A daily scene along the south end of Ferry street is a small boy on a bicycle leading a cow. The rope is attached to the rudder of the bicycle and the cow meekly follows. A gentleman who has been tickled at the funny sight, partially in anticipation of the time to come when the cow will become frightened and run, requests us to put in a column article on the subject; but this amount must suffice until the cow jumps over the moon with the urchin.

CLEM FIRST.—Mr. Jacob Clem, of the Albany prairie, brought a load of wheat to Albany this morning early and stored it in the Farmers' warehouse, the first of the season. It was threshed Thursday by Propst & Co., and was part of a field yielding twenty-five bushels to the acre. Mr. Clem will have a good yield this year, and is already known as a success in raising wheat and demerits.

QUIT IT.—It is unlawful for any person or persons to put any part of the carcass of any dead animal into any river, creek, pond, road, street, alley, lane, field, meadow or common, or if owners knowingly permit the same to remain in any of these places, to the injury of health or annoyance of citizens, every person so offending shall be fined not less than two nor more than twenty-five dollars.

ALBANY TO ASTORIA.—It will become necessary for you to do something besides keep your eyes open. In order to bring about this desirable union you must start around with a subscription paper and raise a few thousand dollars. Get a piece of road started, if it's only two streaks of rust and a hand car. There is no reason why Albany should not do as much toward a road as Astoria and when she does there will be plenty of money forthcoming to build the connecting link.—*Pioneer.*

NEW ADDITION.—The plat of Honck's addition to the city of Albany has just been filed with Recorder Davis. It consists of about three acres known as fair ground lot No. 6. Nicely located there will be a lot demand for the lots.

PRIVATE SALE OF HOUSEHOLD GOODS.—Mrs W B Rice offers at private sale her entire lot of household goods, consisting of two chamber sets, settees, kitchen furniture, carpets, stoves, etc. The goods are in care of Mrs C J Stuart.

HAY WANTED.—Mr L Senders, of this city will buy all the clean timothy hay brought to him in tightly compressed bales, for which the market price in cash will be paid. Deliver at stables.

FRESH BUTTER.—We have a nice lot of fresh butter. Also a fine lot of lunch goods, Devilled ham, soured pigs feet, mustard sardines, imported French sardines, cream cheese and all kinds of fresh crackers.
WILLAMETTE PACKING CO.

SALOON BURLARIZED.—Saturday evening \$85 in money, part being paper and the rest gold and silver, and several W F orders, were taken from a coat of Mr Max Baumgart, which was hanging on a nail in his saloon, just when or how is not known. During the evening Max took a five dollar bill from his pocket book returning the remainder of the money to the coat. At the time a man going by the name of James Lannigan, a stranger here, was present. Sunday a warrant was issued out of Justice Humphrey's court for the arrest of Lannigan on suspicion, and he was captured by Marshal Hoffman in the afternoon. On his person was \$17.65 in money, a letter and several other articles. He denied knowing anything about it. It is claimed that he was known not to have had any money before the occurrence. The examination was set for 9 o'clock but was postponed until 4 o'clock, at which time we go to press.

REPORTED.—It is reported that the Salem people have information that if they will build their contemplated railroad to Albany direct, instead of to Munkers station (about three miles from Scio) on the Oregon Pacific, as at first contemplated, Wm M Hoag, Manager of the O. P., would iron it for them; that this offer was well received, and the feeling in Salem now is to accept Mr Hoag's proposition, and build the line direct to Albany from that city.—*Scio Press.* And then the Press talks to the people of Scio in plain language about getting up and rustling for that thriving city.

TOOK LOTS OF TRAMPING.—A gentleman who was at the land office in Oregon City when Register Burney received the instructions not to allow any more filling on timber claims by married women, says there were eight women in the office at the time, and a more disconsolate lot it would be hard to find anywhere. One of them asserted that she would not tramp through the woods as she did, if she were given a deed to all the land between Oregon City and the Pacific ocean.—*Es.*

TOWARDS ASTORIA.—Surveyors started last Wednesday from the Astoria and Albany railroad. Another company of surveyors is reported coming down the south side of the Columbia, and now in the vicinity of Westport.—*Astorian.* The value of reaching Astoria by rail is being generally realized, and it is only a question of a few years when it will be done by some one.

CROP WEATHER BULLETIN NO. 10.

Oregon State Weather Bureau co operating with U. S. Signal Service Central office, Portland, Or., for the week ending July 13th, 1889:
The temperature has been from 5 to 8 degrees above the normal. Except in a small area of Jackson county, no rain fell in the State during the week.

The sunshine was decidedly above the normal. Owing to forest fires the atmosphere has been somewhat smoky. The effect of these conditions on crops has been to allow their state to remain the same as they have been for the past two weeks. The notable event of the week was the severe thunder, rain and hail storm in Jackson county on the night of the 9th. A "cloud burst" occurred which did considerable damage in sections of the county between Grant's Pass and Ashland. Through Wagner Creek Valley the most damage occurred. About Talent grain was flattened and ruined and many orchards had their fruit injured. It is estimated that this "cloud burst" caused a loss of nearly \$20,000.

The warm dry weather has been favorable to the wheat harvest which is now under full way in all parts of the State. General reports indicate that fall wheat will be more than an average crop, while spring grain will be a short crop.

On the 10th the first wheat was received at a warehouse in Pendleton. The berry is small and shriveled and the wheat is in quality second-class. The yield of this first lot was about ten bushels per acre. Fruit prospects continue to be excellent. Peaches are coming into the markets in large quantities. Plums, apricots, corn and tomatoes are very plentiful.

Observer U. S. Signal Service.
Lebanon as a Center.

Lebanon is a neat, pleasant, prosperous town of about six hundred inhabitants, situated near the heart of Linn county at the terminus of a branch of the Southern Pacific, about thirteen miles from Albany, the present county seat of Linn county. Lebanon, although only a small place, at present has the control of all of the trade in the eastern part of the county on the south side of the Santiam, a country which will, in a very short time, have a handsome population, as immigrants are sure to come in (and are now coming in) and take homesteads in this nature favored section of Linn county, but one which is least favored by the county authorities. About 4 1/2 miles north of here is Sodaville, where is one of the finest soda springs in the State, and six miles south of here, just east of Sodaville, over a high hill, is Waterloo, which also has a fine soda spring. The places are destined to become the great summer resorts of the State. But to Lebanon. There is nothing more apparent than that this will some day be a much more prosperous place than it now is, and will be the most, and is now the most prosperous town in Linn county leaving out the county seat, Albany. Lebanon is a nice place for the immigrants to come, for the people are generous to a fault, and always try to make the stranger feel at his ease, and encourage and help him all they can. It would be well for the residents of this thriving and prosperous town to endeavor to advertise and otherwise bring the good qualities of their beautiful city before the public, and we think they are, each and all, ready and willing to do their part.

THE MAN ABOUT TOWN.

See jewelry notice in this issue. Pendleton is to have a base ball tournament. No excuse for idleness now. Plenty of work to do in the country.

Mr D D Hackleman began running his threshing to-day just west of the city. The first new wheat was brought to the city and stored in the Farmers' Warehouse to-day.

William Riley, who fell at the Masonic Temple Saturday is out of danger and is slowly improving.

Pasture with good shade and running water for cows. Apply to T H Wallace, 5th street, West Albany.

Seaside Lodge A O U W., of Astoria has the largest number of members in this jurisdiction and carries the team.

A foot race is to be run in the city on Sunday, July 21, between H H O'Dell of Sodaville, and E G Cameron, of Corvallis.

Salem's steam laundry was a failure. They did not know how to run it, so the sheriff is taking a hand in its management.

The space in a newspaper is to rent just as much as the rooms in a brick block; but there are some people who seem to think it is to give away.

The Elliot Publishing Co., which recently illustrated Albany, is now making arrangements to do Walla Walla. Mr Starouek being there working the enterprise up.

It is safe not to bet on foot races nowadays, as a fair foot race is not often known. Sometimes, though, one is run on the square; but it takes an expert to know when it is going to strike.

About a dozen surveyors may be seen any day now running lines between Albany and Astoria, under the supervision of Surveyor General Barr. "Astoria or bust" how is that for a motto.

Mr Jas Daanels fell from a scaffolding on a new house being constructed for W R Graham west of the city last Saturday and was considerably injured; but no bones were broken.

Mr John Mackay has sued a paper for saying that her mother was a washerwoman. Well, she was a washerwoman and a good one; plenty of old timers remember when she washed clothes at Marysville, Cal.

"In starting out in the newspaper business, it is generally the custom for newspapers to publish a long and uninteresting valedictory." Thus remarks the Lafayette Ledger in its salutatory. Perhaps unintentionally the editors hit the nail on its head. Salutatories often prove to be valedictories.

Col. Parker, of the Walla Walla Statesman was assaulted Wednesday of last week by Councilman Picard, and a battle ensued in which, according to the Statesman, the Colonel came out completely victorious. That is the way Walla Walla editors amuse themselves while their better halves are off spending their summer vacations, Mrs Parker now being at Yaquina Bay.
