Cleveland's cabinet abolished the custom es-
tablished under Grant of appropriating depart-
ment funds to pay for and maintain horses and
carriages for members. Harrison's cabinet is
restoring it. Secretary Noble has bought a
\$1000 span of blooded Kentucky horses out of
the contingent fund of the interior department,
and will soon buy a costly carriage at govern-
ment expense for his personal use. All the
republican magnates are exerting themselves
to reduce the surplus.

The spoils system as hitherto administered
is infinitely preferable to this mixture of hypo-
crisy and cant of zeal for the public service.
If public officials cannot be permitted to meet
the charges assigned for their removal, let us
go back to the old spoils system, with all its
frank brutality, as soon as possible. Then the
ax of the party executioner in taking the official
life of the citizen would not at the same time
take away his good name.

One of Corporal Tanner's brilliant argu-
ments is that the United States is wealthy
enough to give a liberal pension to every surviv-
ing soldier. For that matter the government
is wealthy enough to pay Mr Tanner a salary
of \$100,000 a year, but there is no particular
reason why the government should. The
principle which governs such cases is not lost
on everybody if it is lost on Tanner.

The bulk of the water of the ocean has a low
temperature. It is ice cold at the bottom,
even under the equator, but on the surface
within the tropics there is relatively a thin film
of warm water, with a temperature of from 70
degrees to 84 degrees F.

Henry M Stanley, the African explorer, is
expected back in London by next September.
He has already been booked for a series of lec-
tures, the first of which is to be delivered early
in October. He is to receive \$250 a night for
the lectures delivered in London and \$400 a
night for those in the provinces.

An Englishman claims to have invented a
combination locomotive bicycle arrangement
by which he will move four cars, each carrying
eighty persons, at the rate of one hundred
miles an hour. This will probably come into
the market simultaneously with Keely's motor.

When Wamaker put up his money for the
republican party, success followed; but when
he put his money for the prohibitionists they
went into the soup. Which shows that money
is more powerful than prayer in politics.

Outside of those in public office there are
four persons in the United States who are en-
titled to send and receive mail matter free of
postage. They are the widows of Presidents
Polk, Tyler, Garfield and Grant. The privi-
lege is granted by special act of Congress.

The colored republican is beginning to ca-
quire where he stands under the present national
and state administrations and his white re-
publican brother is zealously trying to convince
him that too much curiosity is a dangerous
thing.

Having a severe back ache last summer, I
tried the Oregon Kidney tea, I used one can
which effected a radical cure. I would re-
commend it to all who are afflicted with an
unfailing remedy.

A dry, hacking cough keeps the bronchia
tubes in a state of constant irritation, which,
if not speedily removed, may lead to bron-
chitis. No prompter remedy can be had than
Ayer's Cherry Pectoral, which is both an
expectorant and a sedative.

Not one person in fifty arrives at the age
of forty, who is not troubled with kidney or
urinary complaints in some form. To those
afflicted with pain in the back, non retention
of urine, nervous debility, painful or sup-
pressed menstruation, we can offer a remedy
that has been in constant use over twenty
years, Oregon Kidney Tea. This preparation
has done more for suffering humanity than
any other medicine in the market. Sold by
Foshay & Mason.

Wright's Arabian Horse Liniment acts
quickly and effectually, and has no superior
as a remedy for animals in all cases where a
liniment is required. Sold by Foshay &

TELEGRAPHIC NEWS

Horrible Murderer.

EMPIRE CITY, Or., July 15.—Eastenhever,
a tenant of John Gilman's on his farm, near
Coquille City, returning from his week's work
yesterday evening, was waylaid and attached
by John Gilman near his home, but succeeded
in making his escape and gave the alarm. A
large party from Coquille City was immedi-
ately organized and returned to the farm, where
they finally found to day the bodies of Easten-
hever's wife and child, who had been murdered
and the bodies buried near the house. A ready
made grave was also found for the husband.
Gilman and his wife were arrested, and the
circumstances point conclusively to their guilt.
Gilman wanted them to leave, which they
refused to do until the lease had expired.
Gilman, the murderer, has been safely lodged
in jail here. When under fear of immediate
lynching, he confessed to the deliberate killing
of the woman and child and the intended killing
of the husband, and also admitted killing
George Morris a year ago, of which he was
suspected at the time. He was only saved from
lynching by hurrying him from Coquille City
before a crowd had fully organized. He denies
that his wife was an accomplice.

A Train Wrecked.

SPOKANE FALLS, July 15.—At Otis, sixteen
miles east of this city, at 2 o'clock this morning
the East bound passenger train was wrecked,
four coaches being derailed and badly smashed.
The high wind prevailing Sunday night blew
several cars from the switch to the main line,
and the passenger train dashed into them.
Engineer Burns and Fireman Fletcher jump-
ed just before the collision. Burns escaped un-
hurt, but Fletcher received injuries which will
probably prove fatal.

Two Boys Drowned.

GRANT'S PASS, Or., July 15.—Two brothers
Charles and Fred Thornton, were drowned in
Rogue river last evening, while bathing. They
sank without a struggle, right in sight of their
little brother who had accompanied them. The
bodies have not yet been recovered. They
were proprietors of the Grant's Pass Soda
Works, and were most exemplary men.

A Cattle Fever.

KANSAS CITY, Mo., July 15.—A dispatch
from Wellington, Kansas, says: Arrivals from
the Cherokee strip to-day report that Texas
fever is playing havoc with the cattle there.
Forty head were seen dead in one pasture yester-
day, and in others from seven to twenty-five
carcasses were lying around.
