LOCAL RECORD.

ELECTRICITY.—The Albany Electric Light, Power and Telephone Co. met Saturday evening at the office of Blackburn & Wright. Judge Blackburn in the chair and C. G. Rawlings as temporary secretary. N. H. Allen, D. P. Mason, Geo. E. Chamberlain, E. J. Lanning, J. A. Crawford, W. F. Read and D. R. N. Blackburn were elected directors. The directors elected the following officers: W. F. Read, President; N. H. Allen, Secretary; Geo. E. Chamberlain, Treasurer, and E. E. Gaff, Electrician.

RETURNED WITH HIM.—Constable C G Burkhart returned this noon from Blair, Nebraska, with Sylvester Nicholls, the man arrested there at the instance of Davis Bros, for taking out of the state six mortgaged horses. He was gone just twelve days, going and coming by way of St Paul. He found that Nicholls had mortgaged the same horses there for $300, and had to fight a writ of habeas corpus in order to get his man. The case will come up before Geo Humphrey, Esq, at 9 o'clock to-morrow morning.

FINGER AMPUTATED.—Saturday after noon Mrs. Rowell and daughter, Olive, of Sweet Home, accompanied by Dr. Lamberson, of Lebanon, came to Albany, and Dr. Hill in the evening amputated a finger on the left hand of the young lady. It was made necessary by blood poisoning which had been caused by the finger being pricked by a needle previously used to open a gathering in the ear of a brother of Miss Olive.

AS ANTICIPATED.—Just as the DEMOCRAT anticipated Seattle is overrun with carpenters from the East who started for that city immediately after the fire, thinking there would be plenty of work. Owing to the fact that the business portion of the city will be rebuilt with brick and stone, there is not much work for carpenters at present. The worst place in the world for a carpenter to go to is a burned out city.

TOM AT SALEM.—Harry Dunn and Tom McNary will put in Sunday in the city under the result of the usual amount of whisky showing itself through their well soaked hides. A great many think it would be a good scheme to keep Tom at solid hard labor long enough to get the stuff out of his system and probably he might "take a tumble to himself."—*Statesman.*

A SULTRY PLACE.—A resident of Albany who recently came from Spokane Falls says the weather there is unpleasant—hot and sultry with nights as bad as the days. With no water but hydrant water to drink and that of a very poor quality, the report brought is that it is a miserable place to spend life just at the present time.

WIFE OF A FAMOUS FIGHTER.—Mrs Stevens of the Grismer-Davies troup in Albany several weeks ago was the wife of the famous prize fighter, John C Heenan, a fact not known by many. She says Kilrain ought to have won because he treats his wife well, while Sullivan is a brute of a husband.

STILL A MYSTERY.—The parties who left here Monday to search for George Nutting returned yesterday. They made a thorough search through the country where he was last seen, and no trace of him could be found. They consider his disapperance a mystery which may never be fathomed. *Ochoco Review* of July 20 th.

THE FOOT RACE.—A 75 yard foot race was run at the fair grounds yesterday between H H O'Dell, of Sodaville, and E G Cameron, of Corvallis. The former led from the score and finished ten or twelve feet ahead of Cameron, Considerable money is said to have changed hands.

PRICE RAISED.—In Salem the prices of cigarettes have been raised from five to ten cents by all the dealers. The price should be raised in Albany. It should be high enough to terrorize boys of 18 and upwards.

PAINTING CHEAP.—Between this and Thursday, July 25th, I will sell some fine paintings at low figures. Call at my studio in Flinn's block.

MINNIE PARKER.

BIGGEST YET.—10,000 rolls of wall paper, latest varieties, finest decorations just received at Fortmiller & Irving's.

F L Kenton has a supply of fine mixed pickles put up in pure cider vinegar. Try them.

SOCIAL AND PERSONAL.

Mrs Danbach, who is looking after her husband, left this noon for the South.

G W Wright, the lawyer returned Saturday evening from a trip to Heppner.

Mr F L Sach, the enterprising proprietor of Cloverdale, arrived in Albany on this morning's train from San Francisco.

A TRESPASS CASE.—Mr Martin Forester, of Tangent, was arrested Saturday for trespass on the complaint of Mr Dan Houck, on a warrant issued by George Humphrey, Esq. The following version of the matter, which has created great interest among Tangent people, is given the DEMOCRAT: Mr Houck rented a part of the large Vernom farm of old lady Vernon, now over eighty years old. Running across it from the rest of the farm was a private road. This Mr Houck had plowed up and sowed to wheat in the spring. The Beard Bros. had a contract with Mrs Vernom for hauling some hay from her farm and they hired Mr Forester to do the work. In doing it he drove his team over the old road, including the sown wheat, and Mr Houck, who it is claimed did it for the purpose of preventing any one from getting out, had him arrested. The defendant claims it is, like nearly all trespass cases, a matter of spite, and also claims that the road part was never rented to the prosecuting witness at all, which he says Mrs Vernom will verify. The case was call at 2 o'clock before the Justice and a jury of six men.

WILL LIVE IN EASE.—The following account of a lucky miner will at least fill Linn county miners with hopes of big results: "Mr G W Dresler who has been about Pendleton for the past two years has been lucky enough to realize $78,232 from the sale of a mine in which he owned a part interest. He, in company with two others, had owned the Blue Jay mine, near Wardner, Idaho, but he had evidently been away from it some time, for he had allowed his partners to pull the wool over his eyes and sell the mines unbeknown to him to San Francisco parties for $150,000. Upon hearing of the sale he at once put a detective upon their track and they were brought to a compromise by paying him the sum mentioned above."

A SAMPLE.—The follwing from Astoria Transcript gives a sample of men we meet in Albany and nearly everywhere.

About one of the smallest business firms in the United States is in Astoria. They are patronized by nearly every one in the city, and when they want any thing they send to Portland for it. They have their bill heads printed in Portland. They buy their cigars at Portland: take only a Port and paper, and from present appearances they will have to hire their help from Portland. They would benefit this community if they would move to Portland.

FORGOT THE COMBINATION.—A man in Coshocton, has a safe that contains $125. It had been locked up three years and he had forgotten the compination. Meanwhile he is awating the return of the agent of the safe company. Now never forget the fact that Conn Bros. give splendid bargains in groceries and crockery ware both in price and quality of goods. People who trade with them never have cause for complaint.

TO-MORROW'S SUPPLY.—We will have the finest lot of vegetables in the market in the morning. Cantelopes, tomatoes, cucumbers, grapes, peaches, apricots, celery, cauliflower, cabbage, garlic, sweet potatoes, onions, green peas, cream cheese and an endless variety of good things. Call early and leave your orders.

WILLAMETTE PACKING CO.

WON $1600.—Frank Merrill who recently left this city with Geo H Lee the reputed agent of the Wallack Theatrical Co. has obtained more notoriety, this time as a gambler. He bucked the tiger in a faro game at Sissons and won $1600, when the dealer was about to abscond; but Merril made him open the drawer at the point of a revolver, when he only found $124.

DOWN.—Now that Sandy Olds is to hang in Portland a man who used to know him in Michigan says he also killed a man there. When a man gets down he has to bear some pretty big burdens, and if he ever did anything mean it may be assured it will be brought out.

MRS. DUNIWAY.—Mrs. Duniway has been regaling the Idaho legislature in favor of a W. S. plank in the New Constitution. We mention this in order that our readers may not lose track of an old fellow citizen.

AT COST.—My entire stock of harness, saddles, etc. Call early. Next to DEMOCRAT office, Albany, Or.

A PIONEER OF '48.

Mr. Thomas Monteith died at 10 o'clock yesterday morning, at his home in this city of erysipelas, or blood poisoning, after an illness of several months, at the age of 65 years.

Thus passes away one of the founders of the city of Albany and one of the prominent men of the Valley. In 1848 Walter and Thomas Monteith came to Albany, bought the claim of Mr. Smead and appreciating its value as a site for a town laid it off in town lots and named it Albany in honor of their former trading center, Albany, New York. The brothers erected the first frame house in the city, now standing at the corner of Washington and Second streets. From that time on Mr. Monteith was identified with the growth and prosperity of Albany, taking an active part in the history of the city up to about 1882, when, from adverse circumstances he retired from business. In 1856 Mr. Monteith helped establish the Albany City Flouring Mills, which were run under the firm name of Beach, Monteith & Co, until 1876. Mr. Beach dying Mr. Monteith assumed the control of the mill. Mr. Monteith held several trusts under the county and city. He was twice elected County Treasurer in the early days of the county, was Mayor in 1878-9 and several times filled the position of Councilman. He was prominently mentioned for the office of State Treasurer and on one occasion was run for that office. Mr. Monteith was identified with many of the prominent enterprises of the city, and his name will always be remembered in connection with its earlier days. The deceased leaves a wife, the noble partner in all his Albany life, two sons, Arch and Thomas, and two daughters, Mrs. Lottie Pipes and Miss Tiny.

Oregon Land Company Always to the Front.

Ashby & Dickinson, of the Oregon Land Company, continue to agitate the question of the necessity of representation at the Milwaukee exhibit of all our products, cereals and fruits of all kinds that grow to such perfection in Oregon and urge upon our Board of Trade to make an appropriation to defray the expenses of sending a competent man to represent our county. Other counties are improving the opportunity and securing car loads of such products, and as we have the banner county in the State for all such products, we should have the foresight and energy about us to improve the golden opportunity now presented. As the delivery of the car from Oregon to its destination is free and we have many farmers and fruit growers who are ready and willing to select from their fields and orchards nice parcels and assortments of fruits, and cheerfully donate them to the Board of Trade for exhibition; but if the Board of Trade will not act in this matter the Oregon Land Company will receive all such parcels and fruits that are brought to them and will see that they are properly labeled and forward to the great exhibition. But we hope that the Board of Trade and business men shall yet take an active interest in this work and Oregon will reap such a harvest of immigrants as were never before heard of in the annals of her history.
