

LOCAL RECORD.

ALBANY THE POINT.—Every day the preliminary surveys of the Albany and storka railway line are being pushed along the projected route from the valley to the sea, sorrowfully says the Salem Journal. Salem is not interesting herself, seeming to rest comfortably, satisfied to see the road make connection with the great Williamette valley at Albany. Salem acts as if she did not care whether the road was ever built or not. But really the sentiment of the citizens of the capital city is unanimous in a desire to have the road come here. The advantages offered by Salem are many, but unless backed by a spirit of enterprise and get-in-and-work they will not amount to much when placed in competition with the rustle and go-ahead-activeness of her neighboring cities.

SEVERAL SIDES TO IT.—In reference to the Nebraska editors the DEMOCRAT simply stated that a former Nebraska man who claimed to know the situation said that only seven were editors and the rest real estate men and merchants. Major Henderson beats forth the remark that nearly all of them were editors, and we hope they were. The public now has the statement of two men on the subject, and the DEMOCRAT isn't afraid to give several more sides to the matter if there are any. As for the excursion party not stopping at Albany it has never troubled us at all.

BRING ON YOUR SAMPLES.—Arrangements have been made with the railroads to transport free of charge to Milwaukee, on the occasion of the meeting of the G. A. R., all samples of Oregon products which may be contributed for that purpose. Let all farmers and others who are disposed to contribute specimens of any article that would be creditable to our young commonwealth send or leave the same with the Oregon Land Company in this city.

GET FIRST CHOICE.—Just received at L. E. Blain's tailoring department a large and elegant line of piece goods for suits and pants, never before equalled in Albany. They embrace the very latest patterns, are in style and will make up, under the skillful workmanship of Mr. Schiffer into the finest suits to be obtained in the Valley. Call early and get choice of patterns.

A CITIZENS MEETING.—A meeting of the citizens of Albany will be held Monday night at the W. C. T. U. Hall. Commander McElroy will be present and would like to meet all of our citizens interested in sending a good exhibit from Linn county to the National G. A. R. at Milwaukee. There should be a full attendance. By request of many citizens.

A POOR ADVERTISEMENT.—The prices charged by fruit vendors on the Southern Pacific is a big slam on this great fruit country and it will do no harm to agitate the matter some. The railroad company cannot afford to allow peanut vendors to charge such prices as five cents a piece for peaches, sold for \$1 a box, ten cents for Bartlett pears and the like.

A BUSINESS CHANGE.—Mr. Fritz Huffman has sold the City Restaurant to Mr. Delman Lampman, who has taken charge of the same. This is the oldest restaurant in the Valley.

BABIES.—The finest line of baby carriages in the Valley is at Stewart & Sox's. Prices are remarkably cheap considering the superior quality of the carriages.

BIGGEST YET.—10,000 rolls of wall paper, latest varieties, finest decorations just received at Fortmiller & Irving's.

COLD LEAD.

Nick Zimmerman Gets Shot Twice.

About six weeks ago a young man about twenty-one years of age, going by the name of Barney Wilson, a professional waiter and dishwasher, came to the city and secured a job with Hermann Diercks, for whom he worked a short time and then began a service at the Waverly House run by Zimmerman & Garrett, remaining there until Thursday evening, when Mr. Nick Zimmerman, one of the proprietors, discharged him, giving as a reason that he suspected him of stealing a lady's watch and several pieces of jewelry. In settling with him, Wilson claimed that \$19 was due him; but Zimmerman claimed the amount was only \$17 and refused to pay more. Wilson left, and did not go back until yesterday evening, in the mean time having tried to get the account collected by the Justice Courts, though nothing was done by them. About 6:15 he appeared at the house and tried to get settlement again, Zimmerman offering him a check, which he refused and then asked to be allowed to get some things in the room occupied by him. Mr. Zimmerman and J. R. Wyatt were talking in the hall at the time. He went inside, got an old shirt and some cartridges, went to the rear stairs, it is thought to insert the cartridges in a revolver, came back with his right hand on his hip pocket and said, "Now come out side and call me a son-of-a-bitch." "Get out of here," said Mr. Zimmerman, stepping towards him and in front of Mr. Wyatt. Then Wilson told him to stand back, drew the revolver and fired twice in quick succession, hitting Zimmerman twice, once over the heart, ranging towards the left shoulder and the other time in the left arm. Wilson fled towards the eastern part of the city, and was seen going past the residence of J. R. Stewart the last time during the evening. Several officers followed in his pursuit. Zimmerman walked a block or two after a doctor; but fell down and was taken back home, when Dr. Ellis soon arrived and attended him. One ball, a thirty-two calibre was taken from the arm, and the other was probed for but not found. As Mr. Zimmerman has been spitting blood it is thought the lungs were touched, and at the present writing his condition is uncertain, though the chances are against him.

Young Wilson was about 5 feet 8 inches in height, weighed about 145 pounds, was smooth faced and one finger was missing. Nothing is known about his past. He claims to have been in Albany two years ago. The revolver used was of German dragon make, and was one Wilson had traded for.

At the time of going to press, Mr. Zimmerman was reported as growing worse, his lungs filling with blood, and it is probable he will not live. Wilson, his murderer was at liberty. A big effort should be made to capture him.

IN THE LEAD.—Mr. Julius Gradwohl leads in his business and wishes it understood that he will carry the finest stock of crockery ware in the Valley, receiving his goods from headquarters, and keeping up with the times in all the latest novelties. He has received a fine lot of Wedgwood & Co's Newyacht decorated ware, called ruby ware, handsomest goods in the market. Mr. Gradwohl makes crockery a specialty and will meet the demands of the public in any line. Do not send away for goods but give him a call.

THE MAN ABOUT TOWN.

The prospects in Albany for a good business fall are reported good to this Man About Town. Not only will they be so on account of a good city trade, caused by full houses and plenty of work; but crops are pretty good, taken all together, small and big yields, and there will be money in circulation to stimulate matters.

Friends often meet in unexpected places. A few days ago Mr. Sylvester Nichols, in jail for selling mortgaged horses was joined by his two young friends, Fred and Bert Rolfe, all of whom are liable to have a long residence together unless the gallies interfere with it. The two Rolfe boys worked for Mr. Nichols near Shedd for several months and hence are on intimate terms. An idea is suggested.

Summer resorting has become epidemic; but the M. A. T. has not yet caught the disease, for divers good reasons, perhaps because he carries a horse chestnut, piece of sulphur and a dried potato in his pocket instead of chink.
