WRECKED TRAIN.—The following testimonial was given by the passengers on the wrecked train to the brave engineer and fireman who stood by the trolley until the engine toppled and sent them to death:
ALBANY, Or., July 29, 1889.

NOT USED TO WORK.—Johnny Lazybones, a sixteen year old tramp, was arrested last night for vagrancy, and this afternoon was put to work constructing cross walks. While the boys of his overalls and fellow workmen were turned this afternoon he concluded that liberty was sweet, dropped his shovel and fled electrically around the next corner, and that was the last of him.

SAME SIZE.—The lowest bid for the main building of the Salem woolen mill was put in by F B Southwick and was \$8,442. This was a very little less than that for the main building of the Albany mills and would indicate that they are about the same size. As a matter of fact we understand the mills will be of about equal size, with nearly the same capacity.

ON THE RIVER.—The "Three Sisters" went down yesterday afternoon, sliding over the riffles. The "Modoc," only came to Salem on its last trip south. This is the lowest water in which a boat ever navigated the Upper Willamette.

FARM HOUSE BURNED.—The residence of John W Garland, on Crabtree Creek, was burned to the ground one night last week, fire catching from a defective flue. Loss about \$500.

MONEY TO LOAN.—At a low rate of interest, on good farm property in Linn county, or on best improved city property in Albany. Apply to Blackburn & Wright, Albany, Or.

STILL IN MARKET.—The finest lot of blackberries of the season was received today. Those desiring to put up berries should give us a call. WILLAMETTE PACKING CO.

GET FIRST CHOICE.—Just received at L E Blain's tailoring department a large and elegant line of piece goods for suits and pants, never before equalled in Albany. They embrace the very latest patterns, are in style and will make up, under the skillful workmanship of Mr. Schiffer into the finest suits to be obtained in the Valley. Call early and get choice of patterns.

IN THE LEAD.—Mr. Julius Gradwohl leads in his business and wishes it understood that he will carry the finest stock of crockery ware in the Valley, receiving his goods from headquarters, and keeping up with the times in all the latest novelties. He has received a fine lot of Wedgwood & Co's Newyacht decorated ware, called ruby ware, handsome goods in the market. Mr Gradwohl makes crockery a specialty and will meet the demands of the public in any line. Do not send away for goods but give him a call.

WHY?—Why do you not go to Waterloo? As a summer resort it is unequalled. Good level ground, good shade, excellent soda water, good hotel accommodations. Board and lodging from \$5.00 to \$7 per week to suit customers. Six miles above Lebanon on the Santiam river. I will be at Lebanon every Saturday at arrival of train to convey parties to Waterloo. Good feed stable in connection with hotel. J. G. GROSS, Proprietor Waterloo Hotel.

VERY NICE.—Don't cook this hot weather. Drop in and get some of our lunch delicacies. We have just received a fresh supply of cream cheese, Limburger cheese, smoked beef chopped to order, etc. WILLAMETTE PACKING CO.

ATTENTION OF THOSE WISHING TO PURCHASE LUMBER IS CALLED TO THE ADVERTISEMENT OF O. JENNINGS & CO. in another column. These gentlemen propose to keep a full supply of all kinds of choice lumber and will fill all bills on short notice. OAKVILLE.

THE BLINDER HAS BEEN Laid AWAY FOR 1889, and the thrasher has been running for the past week. Mr Bamford threshed 21 acres that averaged 32 bushels per acre. Although the average is far below that last year, it is better than anyone expected. Our mail is now carried three times a week, commencing to-day. It is carried on Mondays, Wednesdays and Fridays. Mr John Smith and wife of Vancouver are visiting friends here. Mr Gilbert Hamill, of Portland, was here last week visiting his son. Mr John Bamford and son, of Sweet Home are here. They are working for St John Brock on the Bridge near here. Mr Brock has returned from Soda-ville. Col Hamilton has been quite sick recently, but is convalescing. I see by last week's DEMOCRAT that the Mongolian pheasant had almost disappeared; such is not the case here. Although the young pheasant are very often mistaken for grouse and killed, this is accidental and therefore not criminal. AMICUS.

OREGON STATE WEATHER BULLETIN.

Oregon State Weather Bureau co-operating with U. S. Signal Service, Central office, Portland, Or., for the week ending August 3rd, 1889:
The temperature continues above the normal. The last three days of the week were much cooler than it has been for several weeks. No rainfall is reported from any part of the State, except from the mouth of the Columbia. The sunshine is above the normal, no clouds being visible. The atmosphere is smoky, caused by the extensive forest fires, which are doing considerable damage. The effects of these conditions have been favorable for harvesting operations, but unfavorable to corn, fruits and gardens.

Reports are quite full relative to the yield of wheat. The Willamette Valley shows from 22 to 35 bushels per acre, some places more. Benton county will average 25 bushels per acre, Linn county will average from 30 to 35 bushels per acre. Yields of 43 bushels per acre are reported from Polk county and 50 bushels per acre from Marion county. The whole Willamette Valley will average 1,000 to 25 to 30 bushels per acre. The Umpqua Valley will average the same. The Rogue river Valley is yielding on an average 30 bushels per acre. Though there are reports as high as 40 bushels per acre.

Eastern Oregon shows a larger yield than was expected. Wasco, Gilliam, Sherman and Morrow counties were badly damaged by the hot dry weather, in some sections of these counties the wheat was not worth cutting, in others 30 bushel per acre was yielded. Umatilla county reports yield of from 12 to 48 bushel per acre. The general average will equal former years. The best yield so far reported is from near Weston where a 180 acre field averaged 55 1/2 bushels per acre. Indian corn yields 45 bushels per acre and the yield of barley is as high as 71 bushels per acre. In Indian Grande Ronde Valleys of Udon county wheat is averaging 32 bushels per acre. Rain has not fallen in Oregon to be of benefit, for 75 days, and the yields reported do not show much of a failure in the crops.

Points and hop crops are not an average. Fruit crops are above an average. Wheat in Western Oregon is being sold for 62 cents per bushel, in Eastern Oregon from 52 to 55 cents per bushel with an upward tendency in the market price. S. S. PABUE, Observer U. S. Signal Service.

In order to close out my immense stock of silk ribbons in plain and picot edge I will sell them until my fall stock arrives at 75 cents on the dollar. All marked in plain figures. SAMUEL E. YOUNG.

I have just received my fall stock of lace curtains bought direct from importers, the largest stock ever brought to this market, and best value for the money. SAMUEL E. YOUNG.

Notice is hereby given that the regular public quarterly examination of teachers for Linn county, will take place at the Court House, in Albany, commencing at noon, Wednesday, August 28th, 1889. All teachers desiring examination will please be present at the beginning. L. M. CURT, Co School Supt.

A most desirable and beautiful location for suburban residences, owing to its natural advantages and nearness to the center of business. Compare the size, location, view and access to and from these lots, and you will be convinced of their merits. Call early and secure a home before the advance in price. HOME AND ABROAD

Wheat will be about \$2.50 a bushel in Crook county next winter. Rev G M Irwin yesterday took charge of the Indian school at Chemawa. Mr George Richards and W A Rader, of Price, Crook county, came over the mountains, arriving here Saturday.

The Sunday Mercury gives a thrilling account of a fierce fight between Ed Reed, of this city and a Mr Peppia, of Portland. The Chas Davis killed at Spokane Falls was not a brother of Dr Davis, of this city, though the Doctor has a brother there by that name.

Several more wheat fires are reported in Polk county along the Narrow Gauge, and the farmers are getting mad, to use a mild expression. While running a traction engine yesterday in Santiam precinct John Saraceny was thrown off and badly, though not fatally injured. The engine partially ran over him.

A W. Charlton and family left for the Willamette Monday, where they will probably spend the winter. Their son who has been a cripple so long, will receive the best medical attendance while they are at Portland.—Lakeview Examiner. One can't be younger long, for all nature plays according to a Pennsylvania editor: "The lightning plays the wind whistles, the thunder rolls, the snow flies, the waves leap and the fields smile. Even the trees shoot and the rivers run."

A Missouri man recently shot at his wife not hitting her. She, with a bright idea in her head, pretended to be killed. Horrors, he turned the revolver on himself and blew his brains out. Fortunate woman, she is now free.
