LOCAL RECORD.

FROM A HOME PAPER.—As great interest has been manifested here in the accident which resulted in the death of Paisley, Lake county, of Mr O Z Morgan, who had many friends in Linn county, we give the following account of the accident from the Lakeview Examiner:

On July 31st he was in the act of removing a long, strong rope from the neck of a wild and treacherous horse, when the animal became frightened and started to run, entangling the loose end of the rope around his leg, about the spur, and thus dragging him at a great speed, several times around a large corral before the animal finally stopped, and he was released by his ten year old son. His sufferings were intense and continuous from that time till released by death. Deceased came from among the older and most highly respected pioneers of Oregon. He was born in Polk county, this State, on the 28th day of August, 1839. His father and mother, Miller Morgan and wife, still live in Linn county, and many other relatives reside in different parts of the Willamette Valley. He leaves a widow and two sons, the eldest about ten years old and the youngest an infant about three months old.

PROBABLY CREAM.—THE DEMOCRAT has had the pleasure of meeting Messrs C E Barrows and E C Seales, two live young men recently from Chicago, who are in the Willamette Valley with a view to locating, with the chances in favor of Albany as the site of their future home. They are business men, and have the cut of the genuine rustler. As Sunset Cox puts it we shouldn't be surprised if they were some of the cream being shipped from the East. They pronounce this a magnificent and unsurpassed Valley.

OUR HOSPITAL.—SINCE THE DEMOCRAT was published yesterday some active steps have been taken towards securing the public hospital, to be managed by the Sisters, for Albany. The land for the same has been promised and a deed will be secured, which will insure the location of the hospital here. Our business men seem generally to appreciate the value of such an institution for Albany and will do their share towards getting it. The matter will come up in a tangible form in a short time, and the DEMOCRAT will keep its readers posted about this important institution.

UNCIVIL AND DISOBLIGING.—THE Yaquina Republican makes a defence for the postmaster of Newport against the criticisms made against that official for being uncivil, disobliging and incompetent. Its defence is a mere denial, but the complaints are so general and uniform that there is hardly a question of the truth of the charges. The writer has heard of these complaints from all sources and from many whose motive in the matter could not be other than honest and candid.

JUDGE BONHAM.—JUDGE Kelsey has shown us a letter from Judge Bonham, consul-general at Calcutta, says the Benton Leader in which Judge Bonham states that he has sent his resignation of the office to Washington, to take effect as soon as his successor is qualified. Judge Kelsey has been recommended by the Oregon delegation for the office, and if he should be appointed would take Judge Bonham's place this fall. While we should hate to lose so valuable a citizen as Judge Kelsey, he would make an excellent consul-general.

THE MINES.—A Mr. Warner, a successful mining speculator from Montana and Idaho, who has been in Salem after a trip to the Santiam mines, says there will be a lively camp there within another year. He secured some splendid specimens from the mines of a kind to warm up an old miner.

DIED.—John Crothers, one of the men running the nigger baby ball game on First street, died at the Exchange Hotel last evening of chronic diarrhoea, and was buried to-day. He was a stranger in a strange land.

B. & L. A.—The regular monthly meeting of the Albany B. & L. Association will be held next Friday evening. Dues may be paid at the bank of H F Merrill.

TO NEW COMERS.—We would say that we have no baits to give you, but we do guarantee good values for your money and we kindly solicit your patronage. BROWNELL & STANARD.

This Trade Mark on a stove means it is the best that excellence and skill can contrive. Sold only by G. W. Smith.

HOT WEATHER ITEMS.—Keep cool. The finest refrigerators in the market at Stewart & Sox's. Buy one now. All sizes of ice cream freezers at Stewart & Sox's. Purchase one and manufacture this delicious dish at home.

THEY RESOLVED.

A special train bringing the passengers from the steamer "Willamette Valley," arrived in Albany at 6:30 o'clock last evening. The steamer crossed the bar at 1 o'clock, after being outside in a dense fog for two days. To a DEMOCRAT man who came over on the special train the passengers expressed their admiration for the splendid treatment and fare received on the steamer. The following resolution unanimously passed by the passengers was handed us for publication:

WHEREAS, We, the passengers of the steamship "Willamette Valley," on her 72nd voyage from San Francisco to Yaquina Bay, having been delayed for two days and nights off the coast of Oregon by a dense fog, hereby desire to publicly express our thanks to the officials of said steamship for their kind and courteous treatment during this trying time, and express our thanks and gratitude to Capt. Patton, the engineer's master of said vessel, for his solicitude and care for his vessel and passengers, and Mr Pierce, the purser, for his kind and encouraging words, and Mrs Kennedy, the kind and good stewardess, and all other officers of said vessel.

J. N. MAXWELL, J. E. CHENOVER, J. D. GUINN, J. A. WATERMAN, Committee.

FIREMAN'S TOURNAMENT.—The Northwest Fireman's association and tournament, by a vote of the directors held at Vancouver yesterday, will be held at Tacoma beginning on September 16th and lasting three days. It will be the greatest event in the history of the association, else the following list of very large prizes is no indication. Albany should send a team equal to that of last year, and there would be no question as to its securing one of the large prizes:

Wet test—First prize, \$1000; second, \$300; third, \$100. Dry test—First prize, \$400; second, \$200; third, \$100. Speed race—First prize, \$350; second, \$100; third, \$50. Association championship race—First prize, \$500; second, \$200; third, \$100. Hook and ladder race—First prize, \$500; second, \$200; third, \$100. Total, \$4,200.

ALBANY.—The Detroit Free Press, whose representative was in the city recently gives Albany a good writeup. Though not over drawn, it is plainly and fairly stated, and is such an article as should do the city some service. Here is the writers summary on Albany. The steady and rapid growth of this favored section will find a reflex in Albany, which is and must continue to be its chief commercial city, and to the impartial observer it would appear that she is bound to experience in the near future an era of prosperity and development of which she has not hitherto dreamed. I know of no better location in Oregon or in all the west for the investment of capital in any kind of enterprise which would find in cheap and abundant power, wealth of raw material and accessibility of markets.

A. S. LOONEY DEAD.—Mr. A. S. Looney, one of Linn county's best known farmers, died at his home, a few miles from Albany this morning at 4 o'clock, of congestion of the stomach, after a short illness, at the age of about 55 years. Mr Looney came to Oregon in 1843 residing for several years in Marion county, moving thence to Linn county. He was a man of good character and was highly respected by the community. A few years ago he was a candidate for the State Legislature on the Republican ticket, being defeated. Funeral services to-morrow forenoon at 10 o'clock at the residence.

NOT ALL ALIKE.—Albany girls who scream at the sight of a mouse should read the following about a Brooklyn girl in Boston the other day. A thief grabbed her pocketbook in a street car the other evening and ran. Instead of fainting the plucky girl stopped the car, gave chase to and caught the rascal that robbed her. Miss Scherer will get along in the world, and no mistake. She would make a good resident of this generous Willamette valley even.

OUR ELECTRIC LIGHTS.—The Albany Electric Light Co. has begun the work of putting in a new dynamo, when the already very efficient works will become as near perfection as they can be made. Albany's electric lights have from the start been a credit to the city, giving the city the best light to be obtained mounted in a metropolitan and not in the style of backwoods cities who put a few incandescent lights on posts and call it an electric light system.

PERSONAL OF COURSE.—Among its items headed Personal and Social, the Albany DEMOCRAT notices that "Chee Gong will be hanged in Portland Friday."—East Oregonian.

Well, was not that affair on Friday largely a "personal" affair so far as "Chee Gong" was concerned, and did it not partake of the nature of a "social" affair to see Sheriff Kelly adjusting "Chee Gong's" necktie? Wats a matter any way?

GUESS.—In order to introduce the new brand of Unity, a fine uncolored Japan tea, the Willamette Packing Co. will give away a genuine set of China ware, of a handsome design and containing fifty-four pieces. Each purchaser of a pound package will have a guess at the number of beans in a jar. The one guessing nearest after ten chests have been sold will receive the set of dishes. Call and see the display.

WHERE FROM.—Some one suggests that the man who makes it a business to read the DEMOCRAT evenings before the subscriber can get it is probably a Salem man. Probably not for they subscribe for papers there.

CROP WEATHER BULLETIN NO. 23.

Oregon State Weather Bureau co operating with U. S. Signal Service Central office, Portland, Or., for the week ending Saturday, August 10th, 1889:

The temperature has been lower during the past week than it has been for the five previous weeks. No rainfall is reported. This makes the seventh week of continuous dry weather. The sun was almost continually obscured by the smoke from the extensive forest fires, which are doing so much damage in the Cascade and Coast ranges.

The shipment of peaches, pears and plums has increased. Large quantities of fruit are being gathered. Watermelons and cantalopes are very plentiful. Excellent reports are received relative to the fruit yield and prospects.

The wheat harvest continues and large quantities are being delivered to the warehouses. The market has an upward tendency. Little wheat is being sold, but 62 cents per bushel is offered in the Valley and 56 cents in Eastern Oregon. Oats and barley are yielding well, but rather light in weight. The reports continue to indicate that the potato crop will be below the average.

Western Oregon, north of the Rogue River, generally reports good yields of wheat, oats and barley as well as fruits, equal to the average. Wheat in Eastern Oregon is yielding better than was expected, especially so in the Grande Ronde and Indian Valleys. The general yield of wheat in Oregon will equal that of former years. True, the hot weather and dry winds had a very injurious effect and these caused the shortage in the expected yield. The acreage has been largely increased, and it is by this increased acreage that the average crop will be obtained. By the remark, in these bulletines, that such a county or such a section would have an average yield the intention is that the amount for shipment will equal that of former years, though the amount per acre may be lessened.

In the counties adjoining Sherman and Wasco there will not be more than enough wheat for home consumption. In other parts of Eastern Oregon yields of from 10 to 40 and some 50 bushels per acre are reported. The general average will be from 20 to 25 bushels per acre. In Western Oregon, so far as can be gleaned from reports the general average will be from 25 to 30 bushels per acre.

B. S. PAGUE, Observer U. S. Signal Service.
