LOCAL RECORD.

OR AND G. W.—Oregon must wake up and show her rustic and bustling. Washington showed her bustle when bustles were big, and the whole territory boomed. Cities sprung rapidly into metropolises and railroads started towards a hundred points.

THE BARLOW ROUTE.—A subscriber who has recently crossed the Cascades by this route, speaks of it as follows: "The mountain grade on this route is very good, with one exception, and that is, it is not wide enough. The trees are not cut out wide enough in places. It is a hard rub for a wide tread wagon to pass between the trees.

A GHOST STORY.—People in the First Ward are somewhat worked up over the appearance of a ghost in the vicinity of the Ditch and around Perry Spinks' wood house. An apparition dressed in black with a white covering for the head, has been seen by several. William Emerick saw the vision one night and chased it into Mr Spinks' wood house, when it vanished.

FOUR INFANTS.—As the DEMOCRAT published the other it also publishes this from The Dalles T. M.: "A most absurd and ridiculous item is going the rounds of the press that the remains of four dead infants were found in the reservoir in this city. The facts of the matter are: That the reservoir has not been cleaned, and farther that nothing of an unclean nature has ever been discovered in the reservoir or any flume or pipe leading into the same."

JUDGE AND MARSHAL.—It is reported that when Justice Humphrey read in the DEMOCRAT the account of the shooting of Judge Terry by Deputy V S Marshal Nagle, he was considerably disturbed, as it indicated that even Judges are unsafe. He was materially relieved, though when a friend informed him that he was also a Deputy U. S. Marshal, representing both sides of the great tragedy he certainly ought to be secure.

"NEXT WEEK."—Yesterday Wm. M. Hoag, A Hackleman and Engineer Eckleson left for Eastern Oregon by way of the Lebanon road to look over the route of the Oregon Pacific across the mountains. They are invited to call on the Prineville papers and ease their much perturbed minds, and to tell them that "next week" though an indefinite period of time, is bound to come.

BADGES.—A recent order of the S P Co compels all employees of the railroad to wear badges, which accounts for the improved appearance of Agent Jester and baggage master Barker.

A PECULIAR FACT.—Broderick, the man who was killed by Judge Terry, the man who was killed by Marshal Nagle, was the original purchaser of Albany's hand engine, which is now for sale. He presented it to the city of San Francisco, from whom it was purchased by Albany. So it has a history.

AN EYE LOST.—The three year old son of Frank Titus, of Scio, will lose an eye. A knife in his hands slipped and went into one of them, putting it out.

TO NEW COMERS.—We would say that we have no baits to give you, but we do guarantee good values for your money and we kindly solicit your patronage. BROWNELL & STANARD.

FOR SALE.—A young driving mare, well broken and gentle. Inquire of F. M. French.

A GLORIOUS VALLEY.—Joaquin Miller, the great writer, has returned East and said the following very truthful and nice things about the Willamette Valley: I came down the great Willamette valley in a half day from Eugene City. And I came down through one continuous and uninterrupted Eden. Three railroads run down this valley, which is more than one hundred miles long and about fifty wide; and two railroads cross it, or are crossing it. There is a tremendous building impulse already here, both in city and country. Little towns blossom all along on either hand; and many a one of these sudden born little towns is destined to serve merely as stations for accommodation trains for many years to come. Still, they all have fine stone houses, and from one to a dozen pretty church spires pointing heavenward through the "continuous woods." A notable feature all up and down this continuous line of rustic towns is the continuous house and the church edifice. At some places you do not see more than six houses; but one at least, and the biggest and the best, is a school house; and perhaps two of the remaining five buildings are churches. But you do not often find a town so small as that; unless it be only of this year's crop of newly planted towns.

ALL EDITORS.—THE DEMOCRAT is satisfied now that the Nebraska man who was in Albany and told us that to his knowledge only seven of the excursion were editors and the rest were real estate men and merchants, was an infamous liar, and we are glad to be able to put him down that way. Mr Wessel, the chairman of the excursion after giving his own personality says: "As for the balance of 'my flock' I know most of them personally and every one of them is either an owner, editor, or reporter of the respective journals they claim to have represented, and for further evidence, if necessary, I can furnish abundance of proof, if asked."

LIKES ASTORIA.—Mr F G Pfeiffer, proprietor of the Free Press, a German paper published at Council Bluffs, Iowa, called at the Transcript office this morning. Mr Pfeiffer has been in the newspaper business for a great many years in Iowa but he thinks he would like to make Astoria his future home. He says that real estate here is very reasonable compared to what it is in other towns in the northwest. He is looking over the field to-day and if he can be suited he will invest in this city with a view to bringing his family here and going into business.—Transcript. Mr Pfeiffer will be remembered as the brother of Mr Chas Pfeiffer, and was recently in Albany.

THREE BAD BOYS.—Three boys disturbed the Mill city school a few days ago, threatening to whip the teacher, etc. Two of them named Hobson and Smith, were arrested and fined \$10 and costs apiece. The former liquidated but the other was unable to do so, and is now at Salem in the county jail, on a sentence of twenty-one days.

ONLY ONE.—Our exchanges, in order to get even with people who do not even read a paper, are publishing the following, which the DEMOCRAT appropriates and docters: "There is only one man in Albany who does not read the DEMOCRAT. His forehead is so low that when he weeps the tears run down his back."

TO BE IMPROVED.—The drug store of G L Blackman is being frescoed by some artists in the business, from San Francisco, and will be oil clothed and improved generally, making it one of the finest in the State.

BORN.—On Aug. 14th, 1889, to the wife of Charles House—a girl.

The Navy boys have informed the editor of the Junction Pilot that they have made an average of \$16 a week catching trout.

A SHARP ITEM.—The finest line of cutlery and shears in the city at Stewart & Sox's. Their goods are the very best and will stand the test.

GOT IT AGAIN.—What? Why the finest lot of fresh smoked beef in the market. Chipped to order. Also a fine supply of our famous gold medal cream cheese. WILLAMETTE PACKING CO.

A ROTTEN APPLE.—Several months ago the DEMOCRAT mentioned the fact that Mr Apple had been made a J P up near Baker City. It was an occasion for punning generally. It now transpires that the Apple was a rotten one. The Revelle explains the situation: "Finding both appellants and appellees very scarce, Judge Apple opened a butcher shop and the scales but seldom used in weighing equity were often filled with choice bits sliced from the appelled carcasses obtained from one Mr Caviness, of Hilgard. On a day when the cash drawer contained something over \$1,000, Judge Apple concluded that the time was ripe for him to drop on a little racket often practiced by bank cashiers and so he is now in Canada where if he is not eaten up by remorse he will likely remain until he has grown mellow with age."

NEW GROCERY STORE.—The Oregon Land Company has rented the room in Froman's Block, now occupied by Fortmiller & Irving to R G Watson & Co late of Memphis, Tennessee, who propose to open about Sept 1st a first class grocery store. These young gentlemen come well recommended, so we are informed and will fit up at once one of the most tasty and attractive grocery stores in the city.
