

# The Democrat.

From our regular correspondent.  
WASHINGTON.

WASHINGTON, Aug. 26th, 1889.

The Navy department has received a cablegram from Rear Admiral Gherardi, commanding the North Atlantic squadron, asking that the New American minister to Hayti be sent immediately as Legation had abdicated and Hippolyte is now on top in that changeable little island. The French and English captains have placed themselves under Admiral Gherardi's orders in case of any trouble at Port-au-Prince. Fred Douglass is the new minister. It is expected that he will start this week. It is said that the Haytians object to Douglass as minister; they want a white man.

Permission has been granted by the Agricultural department to some of the Knight Templars who will attend the Conclave in this city next October to pitch their tents in the department grounds.

The Postmaster General is all alone in his glory this morning and he only arrived in town to-day, and it is doubtful whether he will remain. No other member of the cabinet is expected before next week.

A special train left this city Saturday night with a large crowd bound for Milwaukee to attend the G. A. R. encampment. The business men of Washington have invited the organization to hold their annual encampment here.

Arrangements have been completed for a grand excursion, extending from October 3rd to November 14th, and taking in every place of interest from Omaha to Massachusetts, to be given by the state department to the delegates to the Three America's congress which meets here October 2. Some unfavorable comment has been made here because the South is not to be visited by the excursionists. It hardly seems fair to leave that section out as long as it is on a trip which has to be paid for by the Government.

"Mahone's nomination by the republicans," said a Virginia democrat of prominence, "has made the fight in Virginia a serious thing for us. Mahone, as an organizer, has few equals and no superiors and we have got a hard fight on hand to hold the state." The same views are expressed by many democrats here. They believe they can win but only by the hardest kind of work.

To think of the International Exposition of 1892 being held in any other city than Washington is out of the question. The Government owns ample grounds here right down in the heart of the city to erect all the necessary buildings upon. Four-fifths of the Congressmen heard from on the subject favor Washington, and there is not the slightest doubt that the Exposition will be held here as it should be.

Civil Service Commissioner Lyman says that the report sent out from here stating that the Commissioners had talked with President Harrison about the proposed extension of the rules to cover the chiefs of divisions in the departments is an error. The subject has not been called to the President's attention, but will be, when he returns to this city, as the Commissioners are unanimously in favor of its adoption. An open rupture between the Commission and one of the Cabinet is said to be one of the probabilities of the near future.

The navy department has had to issue new proposals for building the five new cruisers provided for at the last session of Congress, because the bids received for those first issued were all in excess of the amount appropriated. It is feared that vessels of the class desired cannot be built for the amounts stipulated by Congress, and that the matter will have to be referred back to that body for further action. We seem to have all sorts of drawbacks in the building of our new navy.

Representative Breckenridge of Kentucky was in this city last week. He does not think the republicans will have any trouble to organize the House, nor does he think there will be any serious contentions over the contested election cases unless the republicans attempted to seat men not legally entitled to the seats. Personally Mr Breckenridge is opposed to an extra session of Congress, but from a political standpoint he hopes one will be called. He said: "To have discordant elements together is an element of weakness."

Frank Hutton has "let up" on the Civil Service Commission. Perhaps he is waiting for Mr Roosevelt to return, and perhaps—he has been "fixed."

A new democratic weekly paper is to be issued here in a few days. It is understood that the principal stockholders are New Yorkers.

If republicans here know anything of the President's intentions in the matter, the idea of calling an extra session of Congress has been abandoned.

The Ohio republican office holders here are already being notified that their presence at home at the coming state election is an imperative necessity, and that if they stay away they do so at their own risk.

Senator Sherman is being accused of seeing that he has a democratic colleague in the senate from Ohio, in order that he may have undisturbed control of the government patronage. This charge is made by a leading republican paper in Senator Sherman's own state, and is a very serious one if true, but perhaps some republican wants Sherman's seat.

Refrigerators of enormous size are now being placed in all large commission houses in Cleveland. Some of them are large enough for the storage of from 10,000 to 40,000 pounds of butter. The temperature within them is kept at 20 degrees and the public has the entertaining sight of seeing ice form on buckets of water in midsummer.

If you want a good silver steel key, the finest in the market, go to Stewart & Sox's.
