### OCAL RECORD.

Neighborty Norice,-We always to know what others are saying about Here are some remarks by the editor he Roseburg Plaindealer, after returnnome from the Press Association: "As train for Yaquina was not due till t p. there was ample time to look about and w the numerous improvements concern which the Albany papers have so ch to say, The new woolen mill is a looking building of stone and brick will soon be ready for the machiney. is a credit to Albany and will doubtles ve a great factor in the building up of at city. The street cars, Albany's latest hievement, will no doubt cause Albany theevement, will no doubt cause. Albany put on a great many metropolitan airs, at they are sure to be well patronized, or a more villainous lot of sidewalks canot be found in Oregon—outside of Roseurg. Boot-blacks were few and far beween—at least the Southern Oregon deleation couldn't find any—bet vegetables of fruits of all kinds were in abundance, delicious "milk shake" was discovered y Bro. Bell in one of the candy shops and fecurse he "set 'em up." rse he "set 'em up.'

SORT OF FUNNY .- The following affida it, made before the County Clerk, is pub shed in a recent issue of the Roseburg Review, and is an easily solved conunim: "We, James M Keaton and Fannie P McGathan, residents of Pass Creek, Douglas county, Oregon, being duly sworn each for himself and herself and not one for the other, say that we are both un-married and that the relation that we bear to each other is that of a brother and sister in-law. This affidavit is made for the bene fit of the public in general,"

Too POLITE,- A worthy contempor ary gives the following account of a "lady" ? fight : "A couple of our lady citizens engaged in a regular pugilists slugging match one day this week, at the hor yard of Mr Kirk, and as a result, it is said that hair-plus, dress goods, finger nails great locks of hair, buttons, and screems of a blood curdling nature filled the sir to such an extent that the many campers and the citizens of Brownsville and surrounding country, were alarmed, and 'hought the whole Indian camp was on the war path,"

Too Sweet,-Does this apply to any one here?

Mr. Neived (tenderly but inflexibly) "It seems to me that "Lovey" and "Sweety" "Dearie" ought to afford you scope enough. It makes a man blush to be called "Darling" at every other word, particularly in the presence of strangers. But I

drawthe line at "Duckey." I won't be called "Duckey" by any one.

Mrs. Neived (tearfully) — "All right "Birde" I won't, but I love you so much "Dolly" that it's hard not to. Don't you understand "Baby"?—Puck.

LEBANON.—Prof CS Hunt and family left last Friday for Oakland where the Prof will take charge of the Public school. Messrs Kirkendal & Westfall have bought a lot from Mr Cowan, just back of the harness shop, where they intend erecting a livery stable. They have already let the contract to suid it and have commenced hauling the lumber.

Rey I B Kirkentish strengt for Trans.

Rev J R Kirkpatrick started for Texas iast Wednesday where he goes to attend to some unfinished business, to return in about six weeks.

VARIOLOID.-Mr E C Searls, of the new dry goods firm of Barrows & Searis, who had been complaining of being ill for several days, was on Saturday evening found to have the varioloid, and was taken to the city's pest house, where he has a good nurse and is receiving the best treatment cossible. Mr Searls came here from the East about a month ago, and has already made many friends who will hope to see him come out from this unpleasant illness all rieht.

Bang, -One of the finest lots of guns and revolvers ever received in Albany are now in stock at Stewart & Sox's, Hunters should call and see them and get prices before buying.

Sona Spaings,-Mr Frank Crabtree now has charge of the Findley Soda Springs, and is prepared to furnish the public with first-class accommodations, during the fall and winter.

ALL PERSONS, -Indebted to the late firm of Brownell & Stanard are requested to call and settle at the store of C E Brownell without delay or make some satisfactory arrangements.

Fire alarm at 3:45. Only burning grass on College campus. No damage

MANY LIKE HIM .- A man in Indiana of whom there are several like him in Linn county went out hunting, and while he was thus engaged there was a big rain and he sought shelter in a hollow log, The log became soaked with water, and swelled until the aperture was too small for the man to get out again. There he was in a dilemma. He quickly reviewed his past life, and when he came to think that he was not a subscriber for his own home paper, he felt so small that he crawled out of the hole without any trouble whatever.

Bolo Burglary,-Last night a bold burglar entered the rooms of Mrs Marie Davis and her sister, Mrs Richards up stairs in Strahn's Block and took from a trank two valuable gold watches and chains, five gold rings, about \$5 in money and various other articles. Nothing was known of the burglary by the inmates until this morning.

\$1 SAVED. - Now that we have no sa'oon, the parties who can not live without their beer, had better go to Albany.-By going there, one could save \$1.00 per day, as a glass of beer costs but five cents there, while it formerly cost 10 cents here, and a man who cannot drink twenty glasses per day is not as good as an ordinary rat hole.—Brownsville Times.

A FINGER CUT OFF .- Last Saturday the little son of Mr Moyer and another boy were running a lawn mower at Mr Moyer's home, at Third and Calipooia Street, when the Moyer boy got one of his hands in the knife of the mower, and just then his companion pulled the mower for-ward, cutting off the little finger on one of his hands at the second joint.

CARPENTERS NEEDED .- As an cvi dence of the superior workmanship of Mr J H Campbell as a carpenter as well as a popular contractor, it is only necessary to call attention to the fact that he has eight dwelling houses now under contract. First class carpenters can get employ-ment by calling upon Mr Campbell at

OUR SCHOOLS -This season there will be five schools in Albany, the Central school with seven teachers, the College with five teachers, the Catholic with two or three, and two Kindergartens, Miss Wheeler's with one assistant, and Mrs Waite Mead's, eighteen teachers in all. The total attendance will be about six hundred.

EASTWARD BOUND .- A good, live O. P. rumor is kicking about to the effect that some big contracts are being let and that work will begin "next week" or thereabouts in earnest. It is based on several circumstances of a striking nature; but I'ke all such things cannot be traced to

NEW COTTAGES. - Appreciating the great demand for houses to rent several property owners in the Third ward are erecting cottages, rented in every instance before built. An ong others J J Dubruille will build one, A Klein one, E W Langdon two and Dr J P Wallace four.

PARALYTIC STROKE,-Yesterday while in this city Mr George Young, of Millers, was taken with a paralytic stroke, one side of his body only being affected. He was taken to his home by C G. Rawlings

Money to Loan .- At a low rate of interest, on good farm property in Linn county, or on best improved city property in Albany. Apply to Blackburn & Wright, Albany, Or
