## A LEAFLET OF 1888.

A correspondent in Pennsylvania sends us one of the Republican campaign cards of 1888, which he took the precaution to save. It contains these injunctions:  
**Workingmen!**  
Protect your homes! Free trade reduces wages! Free trade will close American manufacturing. Free trade serves the interests of Europe.  
Protection insures fair wages and regular employment. Protection serves the interests of this country.  
These are the issues.

These assurances will be recalled with a decided disposition to "kick themselves," by many voters who were deceived by them. "Four years more" of high protection were hardly insured before wages in the protected industries began to fall and mills and manufacturing to close.  
What do the coerced employees of Andrew Carnegie think of the "fair wages" insured by protection? What do the cotton mill operatives in Fall River, forced to accept a reduction in wages and denied even an interview with the mill owners, think of it? What do the coal miners of Illinois think of the "fair wages and regular employment" insured by the triumph of protection? How do the glass workers square their reduction of 15 per cent., to take effect to-day, with these ante election promises?

Object lessons like these are a great help in the campaign of education.—New York World.  
**INSURE AT ONCE.**—Mr. Julius Gradwohl's advice to the people of Albany is to insure at once before it is too late, for the fire fiend is devastating the cities of the N. W. Mr. Gradwohl represents seven solid companies, with an aggregate capital of \$76,000,000 and a cash deposit of \$350,000 at Salem. As well as business men, farmers should insure their crops, for they will burn, as a number of cases already testify. Though Mr. Gradwohl's companies lost some in Seattle, Vancouver, Ellensburg and Spokane Falls their capital is so great the loss is not felt, and they will continue to place risks and pay losses with their usual promptness, the same as they did after the great Chicago fire, in which their losses were heavy.

**WHY?**—Why do you not go to Waterloo? As a summer resort it is unexcelled. Good level ground, good shade, excellent soda water, good hotel accommodations. Board and lodging from \$5.00 to \$7.00 per week to suit customers. Six miles above Lebanon on the Santiam river. I will be at Lebanon every Saturday at arrival of train to convey parties to Waterloo. Good feed stable in connection with hotel.  
J. G. GROSS,  
Proprietor Waterloo Hotel.
