LOCAL RECORD.

A BIG ADVANTAGE.—The following from a correspondence in the Salem Journal is a sensible suggestion for putting Salem in a position already being enjoyed by Albany...

LEG BROKEN.—Yesterday afternoon Mr P F Brady, the well known railroad contractor, who has been waiting in the city for work to start up on the O P several months...

DON'T.—Nearly every city in Washington wants to be the capital. Don't, it will boom you. The five cities, as a rule, are not ambitious for the honor.

A KANSAS CASE.—Mr J A Waddle representing W J Van Schuyler & Co of Portland has been in the city. He carried a fine looking cane, which would not be suspected of being very fierce inside...

FINE SCALES.—Mr F C Hoffman has set up one of the U S Standard 3-ton scales on Railroad street, near Wheeler's lumber yard, and invites the public to call and inspect it.

RENTS.—Rents have been raised 25 to 50 per cent in Oregon City. In Albany they are firm and have an upward tendency...

IN NEW QUARTERS.—Fortmiller & Irving are moving into their new double store in the Masonic Block. It makes one of the finest stores in the Valley...

MONEY TO LOAN.—At a low rate of interest, on good farm property in Linn county, or on best improved city property in Albany.

ANOTHER ADDITION.—The Willamette Land Co., is laying off their property just east of the city into an addition to be called East Albany.

A DEMAND FOR THEM.—The DEMOCRAT notices a large number of stoves leaving the Albany stove stores, the change in the weather evidently creating a greater demand for them.

BANG.—One of the finest lots of guns and revolvers ever received in Albany are now in stock at Stewart & Sox's.

SODA SPRINGS.—Mr Frank Crabtree now has charge of the Findley Soda Springs, and is prepared to furnish the public with first-class accommodations...

THE MAN ABOUT TOWN.

The Man About Town hears people talking considerably on the streets and by the streets, not always particularly, though, for publication. One man says the Street Railway Company will have some fun next winter keeping the water and mud off the track.

The Man About Town is informed by a man on the inside that the Oregon Pacific will now keep right on kicking up the dirt and laying down rails until Boise City is reached.

Some men who want the most favors from a newspaper never pay a cent into its exchequer. There are two or three of this calibre in Albany.

The habitual smoker of cigarettes, the girl who chews gum, and the man who whittles dry goods boxes should start a museum.

SANTA MONICA.—Mr John Morrison has shown the DEMOCRAT a letter received from Maj Daniel Jones, dated at Santa Monica, Cal., in which he tells of the arrival of Mr John Bryant, No. 387. John had just been to church, and we can easily see from the tone of the letter that our friends very naturally are longing for the hallowed associations of the best city in the Willamette Valley...

A SCENE.—A prominent director of the Albany Street R R Co to-day was rushing in quite a lively manner to catch a street car, and was just mounting the rear step, when a well known dog mistaking his intentions, sprang nimbly behind him, caught him by the thigh of his pant legs and ripped about a foot of valuable cloth from the aforesaid trousers.

CONDOLES WITH HIM.—After the train wreck at this city an Aterian paper in naming the participants of the wrecking mentioned erroneously of course, Thos Froman as one of the men. Mr Froman has just received a letter from a man named Forman, in Texas, in which the writer suggests a relationship and condolences with him in his misfortune. It is thus that the newspapers spread errors as well as truth over this big world.

NEED THEM.—A young lady in the city a few days ago was looking for a house to rent for her mother and twelve sister who will be here from the East, if a suitable place can be secured in which to reside.

A NEW BUS.—Yesterday the Revere House received a new bus, from the Melbourne Manufacturing Co of St Louis. It is quite handsome, and elegantly finished on the interior, and has the advantage of seats on the top. It seems to have been made for paved streets, and it will be in order for Albany to put in some pavements in order to be up with the times.

CARPENTERS NEEDED.—As an evidence of the superior workmanship of Mr J H Campbell as a carpenter as well as a popular contractor, it is only necessary to call attention to the fact that he has eight dwelling houses now under contract. First class carpenters can get employment by calling upon Mr Campbell at once.

BABIES.—The finest line of baby carriages in the Valley just received at Stewart & Sox's. Prices are remarkably cheap considering the superior quality of the carriages.

ABBAY'S ADDITION.—54 lots in this addition to Albany, near Hackleman's 3rd addition, for sale, at \$50 to \$125 a lot, at Curran & Monteith's.

BORN.—AUBREY.—On Thursday, Sept 12th 1889 in Albany to the wife of Dr O C Aubrey, a ten pound girl.

MARRIED.—SLATER-BALLARD.—On Thursday, Sept. 12th, 1889, at Lebanon, Mr J B Slater, a prominent real estate man of Colville, Wash., and formerly editor of the Miner, and Miss Francis Ballard, of Lebanon. The DEMOCRAT extends congratulations.

[To be continued to-morrow.]

INSURE AT ONCE.—Mr. Julius Gradwohl's advice to the people of Albany is to insure at once before it is too late, for the fire feud is devastating the cities of the N.W. Mr Gradwohl represents seven solid companies, with an aggregate capital of \$7,000,000 and a cash deposit of \$350,000 at Salem.

OUR CLERKS are pleasant fellows and accommodating and

WANT all persons looking for first-class groceries and all delicacies to call at the W. P. Co's store where

A bargain can be had by man, child or WIFE.

ALL NIGHT.—Mr Ivancovich keeps an all night house on First St between Ellsworth and Lyon, at which it is to be found fresh oysters, porter house steaks, ham and eggs etc.
