

The Democrat.

We think it safe to say that democrats may look out for substantial democratic victories in the east next month. If the election result leads in the east now look for they may be regarded as peculiarly significant.

An Eastern health journal says one should always sleep with his mouth closed. If Tanner had adopted this idea and slept all the time he might have been Commissioner at this time.

Up to this time nearly seventeen and a half millions of people have visited the Paris exhibition, an increase of more than eight millions over the number in the corresponding period at the exhibition in Paris in 1878.

The Bureau of Statistics reports the comparative value of exports and imports for the twelve months ending August 31, 1889, and the same period of the preceding year as follows: Exports, 1888, \$762,747,633; 1889, \$653,062,875; Imports, 1888, \$763,191,516; 1889, \$719,406,141.

The Italians of New York have been notified by their government that it will co-operate with them in every way to procure suitable statue of Christopher Columbus for presentation to the city of New York. The statue will be of gigantic size, made by an Italian sculptor of Carrara marble, and will cost \$20,000. Premier Crispien has contributed to the project.

According to the custom of Chinese society the wife of the Chinese minister to this country will comb her hair up from her forehead to show that she is married. Her tresses reach to her feet, and so difficult is the task of dressing them that one arrangement lasts several days. For the preservation of the coiffure she lies while asleep on a willow pillow as finely woven as an imported banner, shaped like a loaf of baker's bread.

Forty-six failures of woolen manufacturers, with liabilities to the amount of \$6,920,000, in the first eight months of this year, demonstrate the failure of enormous duties on wools to secure the home market for our woolen manufacturers. The reason of such a failure is obviously the taxation of the raw material without which, free of duty, we cannot make fabrics to compete in our own markets with foreign makes.

As soon as the New York Republican had induced the Administration to make a clean sweep of the Democrats in Federal offices and to put none but Republicans in their places they proceeded to renew their resolution of devotion to the "purification and elevation of the Civil Service." When the practical politician gets the other fellows out and his own fellows in he always considers the Civil Service thoroughly purified and elevated, and the more he opposes any further change the more he considers himself a genuine Civil-Service reformer.

PEARLS OF THOUGHT.

Beware of a silent dog and a wet rat.
The sting of reproach is the truth of it.
Envy shoots at others and wounds herself.
Vows made in storms are forgotten in calms.
Zeal without knowledge is like fire without light.
Youth and white paper soon make an impression.
A goose quill is more dangerous than a lion's claw.
What we call time enough always proves little enough.
History is not a fable agreed upon but a fact dug out of the ground.
A little seeing saves much looking; a little speaking saves much talking.
He who waits to do a great good at once will seldom do anything at all.
Remember that impudence isn't wit any more than insolence is brilliancy.
Gratitude is the music of the heart when the chords are moved by kindness.
Fortunes are made by taking opportunities; character is made by making them.
Don't indulge in the luxury of strong opinions in the presence of your elders.
If young men will not believe in themselves, no man or woman can believe in them.

TAILOR MADE SUITS.—W. R. Graham has received a large and choice stock of suitings, purchased in the East at bottom prices, and is now located at his old stand, two doors north of the DEMOCRAT office, where he is prepared to make suits and do a general tailoring business in a satisfactory manner, his many years of experience in Albany speaking for his workmanship. Call and see his suitings and get prices.

ALL PERSONS.—Indebted to the late firm of Brownell & Stanard are requested to call and settle at the store of C. E. Brownell without delay or make some satisfactory arrangements.

The sweeping victory gained by the democrats a few days since in Indiana, Ohio, the home of President Harrison, may be regarded as significant. For the first time in fifteen years the democrats secured a victory. They also elected clerks, and other officers as well as a majority of the council and in the republicans of the board of education, both bodies were republican last year.

The movement made in the local columns of the Democrat yesterday through the increase in the tax levy was a bold building etc. was a mistake. The cruse will be very narrow when the state levy is made. As a consequence the legislature, run by democrats will be a failure.
