LOCAL RECORD

LEAVE THEM ALONE.—Astoria is agitated, and has been for a year past, afflicted with a gang of drummers and first-class swindlers who hang about the hotels to the orders for suits of clothes, shirts, overalls, etc., and undermine our tailors and merchants with their worthless goods that find a market in no other way.

R. R. CONTRACTORS.—In our issue of September 10th we stated that work was being pushed on the Oregon Pacific to a point fifty-three miles east of Gatesville and ninety-two east of Albany, taking the road to the end of the eight miles on the summit of the Cascades, graded by G. W. Hunt. From the end of Antonelle's contract to the Hunt grade is a distance of thirty-one miles.

LIVELY PLACE.—A live, bustling place is the new woolen mills. The shipment of machinery received recently is on inside, and looms, carding machines, merrers, etc., may be seen in the different departments in a torn down condition, ready to be put together and placed in position. This large force of men is doing the scene as presented to a DEMOCRAT was a bustling one. All the windows and doors for the mill were at Grants Pass, just ready for shipment, when burned.

THE CITY'S CASE.—The injunction of A. H. Marshall against the city of Albany, was being argued yesterday afternoon before Referee Irvine, Messrs. Wollon and Blackburn appearing for the plaintiff and J. K. Weatherford for the defendant. Thirty or forty law books of authorities were slung by the judge attorneys at the head of the referee, who will be fully prepared when it convenes on the morning of October 19th to render an intelligent and conclusive decision in the case, both as to law and facts.

A LIVE SCENE.—An Albany man in town found it full of life. A prominent man was standing on a prominent street with a cow with prominent hip bones, a pig being tied to the cow's neck, the other being held by the man. He pronounced it one of the most affecting scenes ever witnessed in a booming city.

GARDEN LAND.—Mr. Archie Hammer yesterday bought 30 acres of the Volley tract, adjoining Thornton Lake, paying \$2000 for it. The property is near 2000 acres recently purchased by Wm. W. W. for which he paid \$40 an acre. It also adjoins Frank Woods stone quarry. The land and that in the vicinity reported as being very fine garden land.

STILL ANOTHER ADDITION.—Mr. G. T. Hogg has platted a city addition just to the west of Lebanon. It was his intention to add an addition to that city, but since additions have been reaching out so far from Albany, with rounder prices per acre, the Democrat is informed that he has not concluded to call it Cotton's addition.

B & I. A.—At the meeting of the B & I. A. last evening \$1200 was loaned to Evered Knox of Knox Butte at 5% monthly interest in advance. Parties desiring to borrow the new series should do so at once.

GOING UP.—Two lots in west part of town for \$375 each. Price \$400 after taxes. E. G. BEARDSLEY, Real Estate Agent, Broadalbin St., Albany.

ANOTHER TRAIN WRECK.

The Fireman Probably Fatally Injured.

The Southern Pacific has had a shower of accidents within a few months, another being added to the list, one which will probably result in the fourth death. No. 28 was going south and approaching the depot at Junction City last night when it struck the switch, and jumped the track, taking with it the tender and six cars, four mail and express cars and two Pullmans, sending them right and left, quite seriously mashing the ends of some of them. The engineer, Frank Crow, escaped without a scratch; but the fireman, Robert Putnam, was more unfortunate. One of his legs was caught between the tender and cab and mashed in a frightful manner, causing a great loss of blood and it was thought would certainly result fatally. His wife came up from East Portland and accompanied him home. She is a grand-daughter of Mr. Joseph Sage, of this county, and was married to Mr. Putnam about a year ago. Jas. Wilson was conductor of the train. None of the passengers were injured. The track was cleared and the first train arrived here at 1:15.

A FRIGHTFUL ACCIDENT.

Ben Clelan Loses An Arm Accidently.

This forenoon Ben Clelan and Losley Knox were hunting in a boat about three miles above Albany on the Willamette, when a frightful accident happened to the former. He was standing leaning with his right arm against the muzzle of the gun, when, in some manner not understood by the boys the gun was discharged, the full contents going into the arm about four inches from the shoulder blade, shattering it in two so that the arm hung by the ligaments. Young Knox rowed with all his strength to the city, when the unfortunate boy was taken to the office of Dr. Ellis, where the Doctor assisted by Dr. J. L. Hill, amputated the arm and sewed up the stub. Young Clelan is a son of Mr. John Clelan and is about seventeen years of age.

A GOOD EXAMPLE.—The assessment on property in Clatsop county was recently raised about 300 per cent, enough so as to dumfound some of the tax payers, the assessment on the property of many being raised from two and five thousand to twenty to thirty thousand dollars. So me of the mossbacks made a fight before the Board of Equalization. The Pioneer says: "The board of equalization adjourned yesterday sine die, with instructions to clerk and assessor to make corrections, such as were allowed, and present it as corrected to the county court. The assessment roll will stand as it was made, greatly to the satisfaction of nearly every one."

A ROW.—This afternoon an inmate of Mrs. Bush's house on Second Street had James Norton arrested for assault and battery, claiming that he knocked her down and kicked her. Norton claims that she hit him on the head with an opium pipe, and there are enough other claims to satisfy a Michigan locator of claims. The row, or part of it, occurred on the streets. Trizel at 4 o'clock.

TAILOR MADE SUITS.—W. R. Graham has received a large and choice stock of suitings, purchased in the East at bottom prices, and is now located at his old stand, two doors north of the DEMOCRAT office, where he is prepared to make suits and do a general tailoring business in a satisfactory manner, his many years of experience in Albany speaking for his workmanship. Call and see his suitings and get prices.

UP AND DOWN.—The following statement shows how the North Pacific railroad runs up and down hill, above the level of the sea and distance from Astoria worth going east as follows: Papa, 75 miles, 1135 feet; Ritzville, 85 miles, 1406 feet; Harrison, 96 miles, 1382 feet; Sprague, 108 miles, 1630 feet; Cheeny, 133 miles, 1977 feet; Spokane Falls, 149 miles, 1573 feet.

IT PAYS.—That it pays to advertise is proven by the Pasco scheme. One thousand and persons have purchased there this month, and nearly every reader in the New Empire is compelled to "Keep an Eye on Pasco." Sixteen men put \$16,000 together and bought a tract of land, not having the least faith in the place, but they are selling at an advance on the strength of advertising which the place is receiving.

HE ARRIVED.—A San Francisco dispatch: T. Egerison Hogg, president of the Oregon Pacific, is at the Palace hotel. His trip here is supposed to be significant in view of the letting of the company's contracts for further building recently and of the avowed intention of his company to build from the DesChutes river, Ore., to Boise, Idaho.

BANG.—One of the finest lots of guns and revolvers ever received in Albany are now in stock at Stewart & Sox's. Hunters should call and see them and get prices before buying.

W. R. Kirk has sold his four lots in H's 3rd Addition for \$1500, a gain of \$400 in a few months.

THE ALBANY HOSPITAL.

The Hospital Assured If Funds Raised.

A subscription list will be passed around by gentlemen and ladies to collect funds for the erection of a Sisters hospital. The Sisters of Charity have volunteered to come if a sufficient inducement is given them. They do not come to make money, they come to attend to the rich and the forsaken. Everybody be he a Catholic, protestant or professing no faith, will be tenderly attended and cared for in the home that will be built. The Sisters of Charity who will come were founded in the United States in 1870 by Mrs. Elisabeth Ann Bayly, relict of Mr. Seton of New York City. She founded the first house at Emmitsburg, Maryland, for the poor and the rich of every creed, having been herself raised in the protestant faith before she joined the Catholic church. One of the rules she gave to her sisters was to attend to the suffering humanity day or night. The sisters have at the present time in the United States over 500 hospitals, asylums or schools for poor children. In San Francisco, at Mount St. Joseph, they have over 500 little orphan girls. They visit the poor or rich at home in the time of sickness. The cloisters of their convent said Mother Seton will be the streets of the cities where they will go to bring consolation and relief to all. Mother Dayly Seton was surely one of the grandest women in the United States; and although she is gone for many years, she has thousands of daughters who do her work. Will Albany have a hospital conducted by these self-sacrificing women? It is left to the generosity of the citizens of this growing city. The sisters do not beg. Yet as they are not angels they must live and have a home to attend to the sick. Let everybody give his or her mite and this place of charity will be built. God gives to us plenty, let us give also for good purposes. Charity has never made poorer the ready giver. It brings on the contrary blessings a hundred fold.

The 5:06 train does not bring in the mail since the time has been changed. Considerable excitement was caused last Friday evening by the firing of two pistol shots in Recheford's saloon caused by a bottle throwing row with a man named Gum, who has been working for Ross Humphrey.—Express
