THE HAZELWOOD LAND COMPANY,

THE TERRIBLE LOSS EXPERIENCED by Seattle in the late fire, was so to render thousands homeless and dependent upon the charity of the world. The immediate wants were tended to, and the call for aid, but at the present time the prospects for a long winter stare hard in the face of many hundreds; sickness from exposure are certain to occur, and the following plan has been devised to assist in caring for the unfortunate who may need medical assistance, by giving to the different hospitals a handsome sum of money.

The Hazelwood Land Company has generously determined to donate the proceeds of two houses and two hundred lots to the hospitals of the city, and has purchased this property with a view to disposing of it at a small advance over cost and devoting the net proceeds to the charities above mentioned; and proposes to issue tickets to be sold for \$2.50 each for the purpose of raising money to help carry on the work. They have placed tickets on sale throughout the country, and upon December 31, 1889, a committee consisting of twelve prominent citizens will take all the numbers of tickets sold and place them in a box, they will then be thoroughly mixed and a boy blindfolded will place his hand in the box and draw out one number, and whoever holds the corresponding number will be awarded one house and the pair of lots upon which it is built. Then the fifth number drawn shall be awarded a lot, then the tenth number a lot, and so on, every thirty-fifth number drawn shall be awarded a lot until the two hundred and sixth number shall be drawn, which shall entitle the holder to the corresponding number which shall be drawn, to the remaining house and pair of lots.

All the above property is guaranteed to be free of any and all liens, mortgages or anything that will impair a title. A warranty deed assuring a perfect title will be made to every lucky ticket holder who wins a prize. The tickets are only placed at \$2.50, and besides a standing show to get a beautiful home worth \$6000 or a lot worth \$250. You are aiding one of the grandest charities which has ever asked of you aid. Purchase your tickets of agent or traveling canvasser who proper credentials. Deeds are deposited with the Puget Sound National Bank.

"The Road To Heaven."
A golden Casket of unique brilliant and beautiful christian treasures, gathered from the richest mines of religion, science, and philosophy; sumptuously illustrated with a magnificent galaxy of royal steel plate engravings.
No other book of modern times deals with such a living subject, displays such genuine genius, has such a significant, striking and attractive title as this new book possesses. It contains the essence of a thousand tones boiled into one, and explores every field of human experience, that can engage, fascinate and charm both the highly cultured and the man of the world. It is issued by the Globe Bible Publishing Co., of Philadelphia, Pa., and sold by subscription only. Mr. L. McFarland, who is the authorized agent for this section is now canvassing for it. We heartily recommend this book to our readers.

INSURE AT ONCE.—Mr. Julius Gradwohl's advice to the people of Albany is to insure at once before it is too late, for the fire fiend is devastating the cities of the N. W. Mr Gradwohl represents seven solid companies, with an aggregate capital of \$76,000,000 and a cash deposit of \$350,000 at Salem. As well as business men, farmers should insure their crops, for they will burn, as a number of cases already testify. Though Mr Gradwohl's companies lost some in Seattle, Vancouver, Ellensburg and Spokane Falls their capital is so great the loss is not felt, and they will continue to place risks and pay losses with their usual promptness, the same as they did after the great Chicago fire, in which their losses were heavy.

DECEPTIVE ADVERTISEMENTS.—You are likely to get fooled every time you begin an article in a newspaper, says someone. The first thing you know you run into a genuine ad. Awful. The best way to keep cool, not get excited, but call directly on Conn Bros and order your groceries and crockery ware. They keep a first class stock and their prices are very reasonable.

In order to close out my immense stock of silk ribbons in plain and picot edge I will sell them until my fall stock arrives at 75 cents on the dollar. All marked in plain figures.

We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely for their merits. Foshay & Mason, druggists.

TELEGRAPHIC NEWS

Stimson Pardoned.
SEATTLE, Oct. 23.—Lewis Stimson, ex-marshal of Whatcom, who was sentenced to the penitentiary for one year for manslaughter, in killing Camille Lavalle, a tramp, at Whatcom, was pardoned by the governor to day. Stimson was on his way to Walla Walla in charge of an officer, and the pardon was delivered to him here upon the arrival of the steamer Idaho. The ex-marshal is well respected in Whatcom and much surprise was felt over his conviction. Lavalle was one of a gang of tramps being escorted out of town on a morning on last February. He stepped into a saloon without permission and was struck by a cane. He showed no effects of the blow until he got on board of the steamer Starr bound for Seattle, and then he died. The marshal claimed always that he was murdered by companions, and it is not improbable this is true. Stimson formerly lived in Oregon.

Cold Weather.
WINGCHESSER, Va., Oct. 23.—It has snowed most of the day, with the thermometer near the freezing point. Thirty six years ago today snow fell to the depth of fourteen inches, breaking down trees and shrubbery. Dispatches from Staunton and Harrisburg report that the weather has been extremely inclement all day, alternately raining, hailing and snowing.

Destitution Prevailing.
ST. PAUL, Oct. 21.—Two thousand families, or nearly 10,000 people, living in the frigid belt of North and South Dakota are on the verge of starvation and much relief is afforded them at once hundreds must die. Within the past fortnight reports have reached the chamber of commerce of the destitution in Dakota and a committee of its most influential members was appointed to consider the application for relief and make a personal examination of the districts where suffering was alleged to exist.
The committee reported to the Chamber today in substance as follows:
"We find that suffering and destitution in Ramsey and adjoining counties in South Dakota is even greater than has been reported. There has been a disposition on the part of the old residents of these sections and the newspapers published here to cover up the facts, believing that if the matter were generally understood in its true light it would advertise these sections badly and would result in keeping out immigration and capital. But the destitution and suffering is so great and extensive that the local authorities and relief societies are unable to grant the assistance required.

An Alliance.
NEW YORK, Oct. 24.—The World this morning prints a lengthy'story to the effect that an alliance has been formed between the Chicago & Northwestern and Union Pacific railways. The roads will henceforth be in harmony. The agreement has been ratified by the board of directors of both companies.
