

The Democrat.

Congress will meet next Monday. There will be mourning in the land for many days, for we are told in Holy Writ that, "When the righteous are in authority the people rejoice; but when the wicked bear rule the people mourn."

To show how utterly regardless of the truth it is necessary to be to sustain the republicans of Montana in their attempt to duplicate the Louisiana and Florida returning board frauds of 1876, we herewith give an extract from the Eugene Register:

"Governor Toole, of Montana, issued a proclamation a few days ago declaring the fraudulent certificates issued by the officers of Silver Bow to be legal, and entitling the democrats who held them, to seats in the legislature."

The truth is that these certificates issued by the Silver Bow county officers are the only legal certificates issued. They were issued by decree of the court after a judicial determination of the question as to whether the returns from poll 34 should be counted. The course of the republicans there is revolutionary in this that they throw out one precinct that cast 175 votes without any reason.

The *West Shore*, speaking of the matter of that saloon in Vice President Morton's hotel at Washington says:

"The absurd feature of the whole affair is the mock zeal for temperance and the crocodile tears of the democrats, who lift up their voices in union with the ladies of the W C T U in expressions of horror. Politics develop funny situations sometimes."

The *West Shore* is wide of the mark. It is not on account of mock or other zeal for temperance that democrats have called attention to Morton's saloon, but to show up the hypocrisy and miserable pretense so often made by republicans in their platform as to that party being a temperance one, and especially to that plank in the platform upon which Mr Morton was elected which pledges the party to do all it can for temperance. The *West Shore's* zeal, though not of knowledge, seems to be methodical in directing its attacks upon democrats. The freedom of speech is as sacred to that paper as any other and it should be permitted to speak out in meeting at all times.

HINTS TO HOUSEKEEPERS.

Table linen should be hemmed by hand. Not only does it look more dainty, but there is never a streak of dirt under the edge after being laundered as with machine sewing.

A small box filled with lime, and placed on a shelf in the pantry or closet, will absorb dampness and keep the air in the closet dry and sweet.

If the material is washable at all, black dye can practically be rendered a fast color by the help of the salt water bath before the general washing is commenced upon. After such a treatment faded black caused by washing will never occur.

A dampened cloth is better than a dry one for dusting furniture.

A small broom is handler for cleaning up dirt aound a stove than a large broom.

Before you begin to mix the griddle cakes grease the pans and leave them to heat. They should be very hot before pouring in the mixture, which should not be allowed to stand after it is ready. The oven too, must be hot, as all these things need to be baked quickly, as well as beaten hard. Have ready, always, a hot plate to put them on, so that they will not fall by a too sudden change of temperature.

Try a bandage of hot salt outside the face for neuralgia; fill the mouth with hot salt in case of toothache; put a little hot salt in a piece of muslin, and then put it in the ear for a second or two when earache is troublesome.

When painting the base board to a room, it is a good plan to paint two or three inches of the floor also. Then if the carpet does not quite cover the floor, the gap is not so noticeable.

Ripe tomatoes will remove ink stains from white clothes, and also from the hands.

Delicious sandwiches and cheap ones can be made by mincing fine, rare beef-steak. Season only with pepper and salt. These are excellent for invalids.

Shortening for pies should be cold and firm. Have the water also cold, and stand in a cool place while mixing and rolling out pastry.

If the chimney catches fire run to the salt box, and empty it out upon the flames; they will be reduced as if by magic, and further steps can be taken to subdue the outbreak. If soot falls upon the carpet or rug, do not attempt to sweep until it has been covered thickly with dry salt; it can then be swept up properly, and not a stain or smear will be left. If anything happens to catch fire, either whilst cooking or otherwise, throw salt upon it at once to prevent any disagreeable smell.

FOR COUNCILMEN.

At the ward meetings held last night, the democrats nominated A J Anslyn for councilman for the first Ward, J Gradwohl for the second and Jason Wheeler for the third. Mr Anslyn is an intelligent industrious mechanic and would make a safe trusty councilman.

Julius Gradwohl has served in the city council for seven years and was re-nominated last night by acclamation. He makes a careful, attentive, pains taking member of the council and will evidently be reelected by a large majority.

Jason Wheeler is one of the oldest inhabitants of the town and county. He is a man of sobriety and integrity and the people's interests will be safe in his hands.
