The Forum.

A MONTHLY REVIEW OF LIVING SUBJECTS By the Foremost Writers in the World.

THE FORUM has won the highest place reached by any periodical; for it publishes articles by more authoritative writers and by more workers along instructive lines of activity than any other publication. It contains eleven studies of great subjects every month. It is impartial, giving hearings alike to each side. It is financially independent, and it belongs to no sect or party or "interest." It is never sensational, but it aims always to be instructive.

The Forum is of great value to that part of my colleagues which deals with practical politics and current questions. Two sets are hardly enough for daily use by ambitious men. ALBANY, OR. I consider The Forum as furnishing the most intelligent and sympathetic audience that a thoughtful writer can find to address in any land.—Prof. ALEXANDER WINCHELL, of the University of Michigan.

The Forum continues to hold its place as the foremost of our magazines, for the variety, the value, and the weight of its contributions.—THE NEW YORK TIMES. There has come forward no problem of grave importance since THE FORUM was established that has not been discussed in its pages by masters of the subject. Announcements of forthcoming articles can seldom be made long in advance, for THE FORUM'S discussions are always of problems of present concern. Every such problem that the year 1889 will bring forward will be discussed, whether in politics, or religion, or social science, or practical affairs. The January number will contain a reply by ex-Speaker J. G. Campbell to Senator Culleton's recent article on "How the Tariff Affects the Farmer."

Too Big.

SAN DIEGO, Jan. 10.—An effort will be made at the next meeting of the council to cut off two thirds of the territory included in the city limits of the city of San Diego. Within the boundaries are contained seventy four miles of land, making it in extent of territory the third city in the United States. The board of public works ask that all the territory north of the San Diego river be cut off, which will leave in the city limits about twenty four square miles. The cutting off of the territory is asked for on the ground of the heavy burden on the city's shoulders in making roads and other improvements.

The King Lives.

MADRID, Jan. 10.—Although there is no considerable change in the condition of the king, there are some symptoms that indicate a slight improvement. He slept in the morning, but was again feverish in the afternoon. At a cabinet meeting, at which Sagasta presided, it was unanimously decided that the ministry remain in office with unimpaired powers, and in the event of the king's death the crown should pass immediately to his eldest sister, with Christina as regent.

The Penitentiary.

SALEM, Or., Jan. 10.—The report of the Superintendent Downing of the penitentiary, filed with the secretary of state to-day, shows total earnings for the last quarter of \$6,936.85; total expenditures, \$10,921.36; for 1889, total earnings, \$24,862.09; expenditures same period from general expense fund, \$15,830.32. A third larger than for any previous year. At the end of the quarter, December 31, 313 men reported; to-day, 318, the largest number ever registered there.

Took Strichine for Quinine.

DONALDSONVILLE, La., Jan. 10.—J. W. Brayden and family recently moved, and in the house they took found a bottle which they supposed contained quinine. Their three children were taken with malaria yesterday, and the parents made pills out of the contents of the bottle and administered them. The children are now dead. The bottle contained strichine.

Should be Satisfied.

CHICAGO, Jan. 10.—This afternoon Attorneys Wing, Donahoe and Forest filed a motion for a new trial of the cases of Coughlin, Burke, O'Sullivan and Kunze, convicted of the murder of Dr. Cronin. The motion, which is very lengthy, assigns thirty nine causes of error in the rulings of Judge McConeill.

The Grave Gets Tired Yawning. Seemingly, for certain, through invalids who toddle feebly along, though always looking as if they were going to die, but omitting to do it. They dry up, wither, dwindle away finally, but in the meantime never leaving robust health, know nothing of the physical enjoyment, the zest of that existence to which they cling with such remarkable tenacity. They are always to be found trying to mend by tinkering at themselves with some trashy remedy, tonic or "pick me up" to give a fillip to digestion, or "help the liver." If such misguided folks would resort and adhere to Hostetter's Stomach Bitters it would be well with them. This superb invigorant supplies the stamina that the feeble require by permanently reinforcing digestion and assimilation. It overcomes indigestion, insomnia, malaria, kidney complaints, biliousness, constipation, rheumatism and neuralgia.
