The Forum.

A MONTHLY REVIEW OF LIVING SUBJECTS

By the Foremost Writers in the World.

John G. Carlisle.

THE FORUM has won the highest place reached by any periodical; for it publishes articles by more authoritative writers and by more workers along instructive lines of activity than any other publication. It contains eleven studies of great subjects every month. It is impartial, giving hearings alike to each side. It is financially independent, and it belongs to no sect or party or "interest." It is never sensational, but it aims always to be instructive.

The Forum is of great value to that part of my college work which deals with practical politics and current questions. Two sets are barely enough for daily use of the ... —Prof. ALFRED BUSHNELL HART, of Harvard.

I consider The Forum as furnishing the most intelligent and sympathetic audience that a thoughtful writer can find to address in any land.—Prof. ALEXANDER WINCHELL, of the University of Michigan.

The Forum continues to hold its place as the foremost of our magazines, for the variety, the value, and the weight of its contributions.—The New York Times.

There has come forward no problem of grave importance since The Forum was established that has not been discussed in its pages by masters of the subject. Announcements of forthcoming articles can seldom be made long in advance, for The Forum's discussions are always of problems of present concern. Every such problem that the year 1890 will bring forward will be discussed, whether it be ... or religion, or social science, or practical affairs. The January number ... reply by ex-Speaker J. G. Carlisle to Senator Cullom's recent article on "How the Tariff Affects the Farmer."

When Stanley returns to London Minister Lincoln will preside at a big dinner to be given by American residents in his honor. One of the features will be the present to him of a large silk American flag, bearing the names of the localities he has visited. He is also to be presented a piece of gold plate valued at a thousand dollars, on which will be engraved a map of those portions of Africa which his explorations have opened to civilization.

TELEGRAPHIC NEWS

A Cyclone.

St. Louis, Mo., Jan. 12.—This afternoon a cyclone struck the southwestern section of this city and swept on through the northern limits making a pathway nearly a quarter of a mile wide, and leaving death and destruction in its track. There was scarcely any warning of the approaching storm, owing to the fact that the sky had been overcast for several hours before the full force of the wind was felt. Three fatalities are reported, but the names of the victims have not yet been ascertained. They comprise an entire family, father, mother and child, residing on Mound street. They met their deaths by the falling of a building on their dwelling.

The losses on property are roughly estimated at $100,000, but are likely to prove more.

The blizzard extended through three states and did considerable damage.

Little Portugal.

Lisbon, Jan. 12.—A mob composed of students and others, shouting. "Down with the ministry!" attacked the British legation to-day. They demolished the escutcheon on the building and smashed the windows. The police, however, controlled them. They broke the windows of the residences of various members of the ministry, after which they dispersed.

Few Potatoes.

San Francisco, Jan. 12.—There is just now a shortage of potatoes in this market, but it is likely to be relieved soon by shipments from the East. A special train of twenty car loads is enroute from Chicago, having left that city over the Santa Fe yesterday. The Southern Pacific company will, in the next few days move about 100 car loads of potatoes, chiefly over the Southern route where the frost will not injure them.

Want Railroads.

Corvallis, Or., Jan. 12.—A committee of three, acting with similar committees from Junction, Independence and McMinnville, leave for Portland to-morrow to confer with the Southern Pacific Company regarding the completion of the west side to a connection with the main line. A committee also will go to Brownsville to arrange for the preliminary survey of the proposed road to this city.

A California Storm.

Weaverville, Jan. 12.—The heaviest snowstorm for many years is now prevailing. Large forces of men have been at work all day to prevent the snow from crushing buildings. More than one inch an hour has fallen during the past twenty four hours, and it still continues.

Notice.—Parties indebted to Mr. E. L. Power, will confer a favor by calling on Mr H F Merrill, with whom his accounts have been left, and settling the same at once.

The Grave Gets Tired Yawning.

Seemingly, for certain wretched invalids who toddle feebly along, though always looking as if they were going to die, but omitting to do it. They dry up, wither, dwindle away finally, but in the meantime never having robust health, know nothing of the physical enjoyment, the zest of that existence to which they cling with such remarkable tenacity. They are always to be found trying to mend by tinkering at themselves with some trashy remedy, tonic or "pick me up" to give a fillip to digestion, or "help the liver." If such misguided folks would resort and adhere to Hostetter's Stomach Bitters it would be well with them. This superb invigorant supplies the stamina that the feeble require by permanently reinforcing digestion and assimilation. It overcomes ... insomnia, malaria, kidney complaints, biliousness, constipation, rheumatism and neuralgia.

Advice

Mrs. Winslow's Soothing Syrup, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never-failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child from pain, cures dysentery and diarrhoea, griping in the bowels, and wind colic. By giving health to the child it rests the mother. Price 25c. a bottle.
