## The Forum.

A MONTHLY REVIEW OF LIVING SUBJECTS  
By the Foremost Writers in the World.

JOHN O. CARLISLE

The Forum is of great value to that part of our readers which deals with practical politics and current questions. Two sets are usually enough for a family use by students.—Prof. ALFRED BURNELL, HART, of Harvard.

I consider The Forum as furnishing the most intelligent and comprehensive reading for a thoughtful writer can find to address in any land.—Prof. ALFRED BURNELL, of the University of Michigan.

The Forum continues to hold its place as the foremost of our magazines, for the variety, the value, and the weight of its contributions.—THE NEW YORK TIMES.

There has come forward no problem of grave importance since THE FORUM was established that has not been discussed in its pages by masters of the subject. Announcements of forthcoming articles can seldom be made long in advance, for THE FORUM'S discussions are always of problems of present concern. Every such problem that the year 1890 will bring forward will be discussed, whether in politics, or religion, or social science, or practical affairs. The January number will contain a reply by ex-Speaker J. G. CARLISLE to Senator Culberson's recent article on "How the Tariff Affects the Farmer."

TELEGRAPHIC NEWS

**Snow Bound.**

SAN FRANCISCO, Jan. 12.—The northbound train which left here Tuesday evening is still stalled three miles of Sissons. Wednesday's train is also at Redding, waiting for orders. The engines from the latter were detached and run ahead with a large force of track repairers and snow plows. A snow and wind storm has raged all along the Shasta division north of Redding for thirty six hours continuously, not only blocking the track but injuring it to such an extent that skilled mechanics had to be sent all along the line, in company with snow shovelers.

**A Jacksonville Doctor.**

SAN FRANCISCO, Jan. 16.—Dr Henry Devis, about 60 years of age, died in a lodginghouse on Pacific street early this morning from asphyxiation by gas. Dr Devis came to the lodging house Monday morning, from Eureka. He had a letter of recommendation from W. H. Parker, county clerk of Jackson county, Or., which showed that he had lived there for fifteen years. Devis had practiced as an herb doctor.

**Anti Hoodlums.**

OLYMPIA, Jan. 15.—Publication of the news that several members are taking steps to form an anti-bodie society created a sensation here this morning. Some members took it good naturedly, but others got mad as hornets' nest. Among the latter was Clark, of Spokane he who boasted early in the session that he did not care a snap what the newspapers said about him. He did not keep his resolution, for he began fluttering to-day before he was hit.

**A Heavy Grippe.**

SAN FRANCISCO, Jan. 16.—Influenza seems to have taken a firm hold of San Francisco. It is milder, however, than the Russian influenza a majority of the cases being more like severe cases of catarrhal fever. A canvass of the schools to-day shows that 25 per cent of the scholars or a total of 3500, are absent therefrom a majority of whom are said to be suffering from the grippe. Fifty eight policemen and fifty of the fire department are sick to-day.

**Get The Consumption.**

SAN FRANCISCO, Jan. 16.—Jack Dempsey's condition is growing worse. It is now said that symptoms of consumption have shown themselves and that fears are entertained as to his recovery. Many of his friends say that for a long time he has not been himself, and this fact is due to his failure to take proper care of himself.
