LOCAL RECORD

A STORM—It is not always the newspaper man who gets torn to pieces and annihilated bodily. The local baggage master is in a more dangerous position, judging from a scene a Democrat man witnessed yesterday. A gentleman bound for San Francisco on a through ticket, on account of the blockade stopped off here, leaving his trunk in the baggage room. According to orders he was charged storage. Then one of the worst storms of the season was witnessed, and the man demanded what justice there was in doing thusly when he was here under a blockade at an expense of \$20 waiting to be taken to San Francisco. He wouldn't pay the 30 cents, though he sent another man after the trunk with the money.

R R MAGNATES—Last night on the regular train was a special car containing Messrs. Wallace, Pengra, & Co., who are doing the narrow gauge. They were bound for Springfield, which it is said will be the location for the machine shops for the Oregonian R R division soon to be made a standard gauge. The company has been buying considerable land around Springfield, which now promises to become a thriving city.

IN BIG TYPE—The Solo Press publishes the following item in display type, and we would think it was an advertisement; but for the fact that an item about Jack Dempsey having the consumption is displayed the same way: Ed Goins is a very sick man, but there is no give up to him, and he'll soon be all right.

ON A BICYCLE—Mr Bert Lucas, the Monmouth bicyclist, well known in Albany, in two months will go East, and in company with about thirty other bicyclists will do Europe on a bicycle, travelling through France, Switzerland, Belgium, Germany and England, on a safety. He will be gone until Sept 1st.

THE REPUBLIC KNOCKED OUT—Resolved, that the signs of the times indicate the fall of the Republic is the subject debated at Oakville last Friday, mention of which is made elsewhere. It was decided in favor of the affirmative. Oakville beats the world when it comes to debating, and they have men there who can prove that white is black.

HER STAGE NAME—Some one tells us that Miss Jessie Couthoul is simply her stage name; her real name being Mrs Palmer, her husband being a wealthy and highly respected citizen of Chicago. We mention this, so that if any one here was smitten with the charming reclamationist they will know how matters stand.

NEW BANK OFFICERS—At the meeting of the directors of the Bank of Oregon held last evening Mr Hub Bryant was elected 1st President, Mr H F Merrill Vice-President, and Jay W Blain, Cashier. This bank has the plans nearly ready for their new building. It is to be three stories high and will contain one of the best bank offices in the valley.

DIED—Horace McClung, a son of Mr Isaac McClung, residing near Albany, died in Salem on Sunday at the age of 38 years. The deceased leaves two children. His remains were brought to Albany on the noon train and interred in the city cemetery.

LOSING THEIR GRIPPE—A well posted Albany Physician estimates the number of cases of la grippe in the city up to date at 500. Now he reports the number of new cases to be on the decrease, and our people are losing their grippe.

ASTORIA SALES—Among recent sales at Astoria are the following: M J Kinney and wife to J J Dubrulle 9 lots block 5 Kinney's Add, \$1500. M J Kinney to H L Cranor, 9 lots block 5 Kinney's Add.

TO THE LADIES—Mrs S A Wayne will leave in about one week for the East, when she will lay in a new and elegant stock of Millinery of the very latest styles which she will be able to offer to the ladies of Albany on or about the 20th of March.

MADE TO CUT—When buying an axe get the best, one that is durable as well as sharp, and the way to do it is at Price & Robson's, who a's have a fine line of wedges, etc.

A SHARP ITEM—The best line of cutlery and shears in the city at Stewart & Sox's. Their goods are the very best and will stand the test.

A BRIGHT IDEA—We refer to the large and fine line of saws and carpenters tools at Price & Robson's. The best in market and prices the lowest.

ALONG THE FRONT.

These quiet days a visit along the river front offers many incidents of interest, and exhibits the fact that there is a large amount of buzz and hum in the city of Albany.

Farther east are the Red Crown Mills running with a large force of men and turning out brands of flour with no superior and few equals. The Red Crown speaks for itself all over the Northwest.

The new Woolen Mills have a good force of hands at work on cassimeres and blankets, and the quality of the goods, it is noticeable, is the best. It is safe to predict that Albany woollens will be known for their superiority along the Pacific Coast.

The Albany Farmers warehouse is full of wheat awaiting purchasers, or rather sellers, for present prices do not suit. The Santiam lumber yards are well stocked with a fine grade of building lumber. The mills are now preparing for an increased business, and soon the yards will be a scene of life.

Wm Frum is manufacturing a fine line of furniture and special work at his old factory on Dixie line.

The Albany Iron Works are now rushed with work. They are running a good force of men on a mill for Junction City and other orders. Jos Watson has been secured as foreman and he is the proper man for the place, knowing the field and being a skilled workman. Joe recently retired from Cherry & Parkes foundry at Tacoma.

Richards & Phillips at their turning factory are busy. They are fine workmen, steady and reliable young men, and deserve a high estimate.

Hochstetler & Sears, notwithstanding this is the quiet time of the year, are filling several orders, and getting ready to turn over the factory to the new proprietors on the 15th of February.

C J Dillon is closing up his business at the furniture factory recently sold to the Hogg.

The Albany Wire Works are running about ten hands and sending out large shipments of mattresses all over the North West.

The O P wharf with Mr Martin as agent, and the Union Pacific wharf with C G Rawling's at the helm, are both busy on account of the large river traffic.

The Magnolia Mills do some special work, but are not rushing things.

Cured in One Day.

PIANO TUNING—Parties desiring pianos tuned should call on Prof. D. Van Horn, the old and reliable tuner. Prof. Van Horn has tuned pianos in Albany for many years, and his work in this city, universally speaks of his skill as a tuner, acquired first by years of experience in a pianoforte factory. He has no equal in the valley. Leave orders at Will & Link's, and do not buy a piano or organ without consulting him, thus being sure of securing only first-class instruments.

TAKE AIM—When wanting anything in the gun line, shot, rifle or revolver, call on Price & Robson. They carry a first-class stock, and as well a full line of ammunition and will not be undersold.

GET A MACHINE—And when getting one let it be either a Domestic or Davis Price & Robson are agents for these superior sewing machines and invite an inspection of what they can do.

BORN.

CUMMINS—On Friday, Jan 17th, in Albany, to the wife of Mr Frank Cummins—a son.

A GRANGE MEETING.

Editors Democrat: Having had the pleasure of meeting with Harrisburg grange on Saturday, the 18th inst, the occasion of their installation of officers, I feel that it would be ungrateful in me not to publicly acknowledge my thanks to the members for the invitation and their whole-souled manner of treating everybody present, especially their invited guests as a gathering together of neighborhood farmers, their wives and daughters, one so well how to do as to make every one feel at home and among friends.

Unless it might be dyspeptics who could not enjoy the splendid feast furnished by the ladies of that grange. Mr Nim Payne, assisted by Miss Clara McMeekin and Jan Davis, officiated as installing officers.

While the ceremony accompanying and being a part of the installation was short, it was very impressive and the obligation taken by the officers, albeit certainly binds them as by a golden thread, yet holds them to their trust like an iron band. Having listened attentively to the obligation taken and the instructions to each officer in turn to the last, followed by an invitation by the ladies to partake of the feast spread in the lower story of the hall. And such a feast! I evidently the young ladies of this grange work upon the theory that the best and shortest way to a man's heart is through his stomach. We had expected that dinner over we would be dismissed and the day's enjoyment among our friends would be over; but to our surprise the grandest feast of all was to come, a feast for the mind. State Lecturer John Simpson, Nim Payne, Jonas Davis and Mrs Mary Powers being called and introduced in turn set forth the objects of the order and their position upon all public questions in which the laboring people are vitally interested. Reviewing in the most complete and comprehensive manner: the amount of produce such as wheat, corn, oats, beef, pork and wool, raised in the United States for a series of years, and the prices for each year, all taken from Government statistics and reliable market reports, showing conclusively that while there has been a steady decline in the staple products of the country for there has also been a decline in prices.
