LOCAL RECORD

Additional Locals on 4th Page.

CALL ON HIM.—Mr John Kelley, of Springfield, has accepted the office of supervisor of the census for the Western Oregon district, to which he was recently appointed. He has received his commission and will make Eugene his official headquarters. Those in Linn county desiring a job will do well to write to Mr Kelley. Eight or ten men will be required in Linn county, and the more applications the better chance will be to make proper selections. It is particularly to be desired that a rustic be placed at Albany.

A SENSIBLE MOVE.—The city council, at its last meeting, authorized the committee on fire and water to make a contract with the Eugene Electric Light company for twenty arc lights for street lighting, and the company has already commenced arrangements for furnishing the lights, but will be unable to have them working before July 1. The lights will be well scattered about town, requiring a seven mile circuit. The wire alone will cost over \$500. It will cost in the neighborhood of \$700 to get the lights in operation.—Register.

ROBBERY AT INDEPENDENCE.—Wayne Williams, the old reliable marshal at Independence, is in the city to-day looking up the perpetrators of a robbery at that city last night. J. L. Stockton's store was burglarized of goods to the amount of between \$600 and \$800. Among the things taken were six Prince Albert suits, a lot of silk handkerchiefs, gloves, shoes, etc.—Journal.

OPEN TEMPERANCE MEETING.—A series of public temperance meetings, to be held on the fourth Monday of each month, will commence on Monday evening next, March 24th. Rev M Jody, a temperance speaker and former pastor of the M E church, of this place, will give an address on some phase of the great question, at the W C T U hall. Everybody made welcome.

SETTLED.—Mr J C Goodale, of Coburg, has settled the trouble over the logs lost from the mouth of the Mohawk by purchasing the interests of the other mill men and loggers. Several million feet of the logs are scattered along the river above Harrisburg. He will send them down the river to Max Friendly's mill at Corvallis.—Eugene Register.

CROW SMITH and Will Andrews became a little too friendly Monday and patted each other on the cheeks. Andrews paid \$13 for his fun and Smith \$17. The above is the manner in which fights are had at Eugene. That is a gentle kind of a place anyway, though, to be sure, it is getting there with both feet, to use a vulgar expression.

WILL BE BUILT.—The attention of the DEMOCRAT has been many times called to the necessity of a first class fire escape from the gallery of the Opera House. We are informed by the Opera House management that one will be built. As it is now it is unsafe business with a packed gallery, and we are glad to be able to inform the public that a proper one will be erected.

BOOM, BOOM, BOOM.—Everybody looks forward to the opening of good spring weather as the time when the most active operations will open up on the Oregon Pacific extension over the mountains, and the house fly looks forward to Saturday as the day when her huge lord will buy one of those fine fat chickens, which may always be found at the Willamette Packing Co's Store. Leave your orders at once for a Sunday chicken.

MAIL ON THE LOCAL.—An order has been made that a mail clerk be put on the Eugene express April 1st. This will be welcome news to all valley towns. The move should have been made before this, and would if the mere cries of the valley papers had been heeded. It will make more work for postmasters, but the public have long demanded it.

PIONEER DEAD.—Mr John Milliron died at his home in Junction City last Wednesday evening, March 12, aged 86 years. He was a pioneer of Lane county, having come to Oregon in 1852 and located on the land that now comprises the townsite of Junction.

A FINE ASSORTMENT of all kinds of Fancy and Staple Groceries. Provisions can always be found at the Willamette Packing Co's. Your attention is especially directed to their special display ad.

BARBY BOOGIES.—Undoubtedly the finest line of baby buggies in the valley is to be found at Stewart & Sox's. They are attracting general attention.

SEEDS.—A large line of garden and grass seeds at Stewart & Sox's, choice variety to select from. Now is the time to buy and get those suited to the climate.

A BRIGHT IDEA.—We refer to the large 22 in. line of saws and carpenter's tools at Price & Robson's. The best in market and prices the lowest.

WILLING TO WORK.—A neatly dressed young man from Boston stepped into the Journal office the other day and asked for work. We referred him to the want column of the paper and he ran his eye over the list. There was only one job and that was for a farm hand, about four miles in the country. He asked the way and started on foot through mud and mire to get it. He arrived just after the farmer had engaged his man, and had to return without securing employment. We admire his pluck and on inquiry learned that he had been employed in a clerical capacity in a mill near Boston; had served in a bank in Montreal and had been in an insurance office in New York. Losing his health he had come around the Horn in a cheap sailing vessel, restoring his color with a 165 days sea voyage, and landing on the coast with the world before him.—Salem Journal.

A GOOD HORSE.—The Rural Spirit reports the sale by, Gilbrath Bros., their imported shire horse, Grove Reynard, registered 7330, to James Elkins, of Albany. The horse, a jet black, with white strip on the face, is two-year old past, 16 1/4 hands high, weight 1745 pounds, and bred on the farm of James Mell, Yorkshire, England. Grove Reynard is a compactly built horse, with Clyde legs and bone, showing great strength, while his movements are with ease and activity. He is to remain at Albany this season and is certainly a splendid accession to the many fine horses now in Linn county.

ALBANY PHEASANTS.—Last Sunday a party consisting of A L Fox, Ed Wright, W E Warren and Mac Monteith boarded the steamer Geccident, en route to Kamm's farm, on the Klaskanine, with three pair of Mongolian pheasants from the Willamette valley. They were turned loose in the orchard, and if unmolested, will do well. These are the first of these birds in Clatsop county, and will be an acquisition to the feathered inhabitants.—Astorian.

THE PACIFIC.—The Pacific Insurance company held its annual meeting for the election of officers at Portland yesterday. L Flinn, F J Miller, Dr G W Gray and E F Sox were present from Albany. Mr Sox was elected a director from this city. The annual report did not show up very well.

B & L A.—The monthly meeting of the Albany Building & Loan Association will be held to-morrow evening, the first meeting of the second year. Quite a number are prepared to bid for the money. Already a flattering number of shares for the second series have been taken.

A BANK AT SCIO.—I p with the times, Scio is also to have a bank, articles of incorporation for which have been filed, with P O Smith, A J Johnson, J S Morris and J L Miller, as incorporators. Capital stock, \$20,000, divided in to 200 shares of \$100 each.

He sleeps in his office and answers city calls day or night. Consultation is free and everything is strictly confidential. GET A MACHINE.—And when getting one let it be either a Domestic or Davis Price & Robson are agents for these superior sewing machines and invite an inspection of what they can do.

THE TEACHERS' INSTITUTE.

A large concourse gathered at the opera house last evening at the opening of the Teachers' Institute for the Third Judicial district. The attendance of teachers is large, being full delegations from Linn, Marion, Polk, Yamhill and Benton counties. While the large audience was gathering the orchestra furnished excellent music, which was duly appreciated. The welcome address by County Superintendent Curl was pointed and pleasing. Superintendent Reynolds, of Polk county, did himself credit by a happy, sensible response. After which, the lecture of the evening, "Heroism Modernized," was delivered by Rev M Rollins, pastor of the M E church at Salem. The lecture bristled at all points with many good things, and though delivered in a half humorous way, it furnished much food for the most serious reflection. It is not saying too much when we say that few lectures have been delivered in Albany that were so heartily received by a miscellaneous audience.

MORNING SESSION. Institute was called to order by Prof McElroy, State Supt.

Supt L H Baker, of McMinnville, Supt W J Reynolds, of Dallas, Supt D W Yoder, of Salem, Supt L M Curl, of Albany, Executive committee, were present. W A Robb and Miss Morris were appointed enrolling secretaries. Miss Lillie Robertson and G F Russell were appointed reporting secretaries. The subject of School Work was opened by Supt McElroy. His main points were to "neglect no detail; establish habits. Pupils should be required to stand while answering questions."

Civil Government was opened by G F Russell, who gave some excellent ideas. Supt W J Reynolds, of Polk county, and Prof Walker, of Albany public schools, followed. Language Lessons was opened by Prof L L Say, F M Mitchell, Supt Baker, of Yamhill, Prof Garland, of North Brownsville, Supt E B McElroy and Supt Reynolds, following, all advancing good ideas. What Rules ought a Teacher make at the Opening of his school, was discussed by Prof Reid, Supt Baker, Supt Reynolds, Supt McElroy and many others. Continued until afternoon session.

AFTERNOON SESSION. Institute called to order by Supt McElroy. Remarks on School Discipline. Supt Baker said, "Before the teacher can have discipline he must discipline himself." Prof Roberts said that three-fourths of the teacher's time is lost by trying to enforce a rule against whispering. Prof Garland thinks he would not make a multiplicity of rules, but would not try to teach with only one rule. Mr Wright and others spoke at some length on the subject. Several nice selections in vocal music were rendered by girls of the public school under the direction of Miss Brink. School Management, introduced by M R Brown, of Turner. He said, "I think every child should be taught to think for himself. The teacher should commence with himself to govern. Methods suited to some would be wholly unsuited to others."

School Aids and how to Use Them, introduced by Supt Reynolds, of Polk Co. He said that anything that tends to elevate human kind is a help. I have known boys that have gone to school all their lives and are not able to compute the contents of an apple barrel. I believe the teacher ought to use every means to make the school rooms pleasant. Prof Van-

SCIO, OF JEFFERSON, THINKS THAT EACH LITTLE BOY AND GIRL OUGHT TO BE REQUIRED TO BRING IN SOMETHING OF INTEREST. THE TEACHERS OUGHT TO WAKE UP TO THEIR DUTY. SUPT BRYAN, OF BENTON COUNTY, WAS HIGHLY PLEASED WITH THE DISCUSSION. MR SOUTHERLAND FOLLOWED WITH A FEW REMARKS. MR BELL, OF ROSEBURG, SPOKE AT SOME LENGTH ON THE SUBJECT.

You can save from 50c to \$1 on a pair of boots or shoes at Krause & Klein's for the next 20 days. Beginning with April 1st, the Albany water works will require the payment of monthly rents in advance. An advertisement in the daily and weekly DEMOCRAT offers one of the best mediums in the valley for reaching the public. As Krause & Klein are about to move their entire stock of boots and shoes, they will sell goods regardless of cost for the next 20 days. Owing to the important change about to be made at Krause & Klein's they will for the next 20 days sell boots and shoes regardless of cost. Marshal Hoffman has been confined to his home since Saturday with the mumps. Mr A W McClain is acting marshal during his illness. The highest price paid for an Astoria lot yesterday at the auction was \$24. They were not business lots, and we wouldn't vouch as to the quality. Cottage Grove, Lane county, has just voted a new school house, to cost \$3000, by a vote of 39 to 9. The latter figure represents the mossbacks of the place.

COL TAYLOR'S NEW DOCK. From the Astoria Columbian. Yesterday afternoon a party consisting of Col Taylor, Judge F J Taylor, City Surveyor Thielsen and E A Taylor went down to Smith's Point, the terminus of the steam motor railway now in course of construction. The road was found to be progressing rapidly. The wagon road was in excellent condition, the recent rains having had no perceptible effect on it. There are at present about twenty men engaged in the work of constructing, and the projectors are confident that the road will be in full working order by July 1, as at first reported. "We drove out to Smith's Point," said Judge Taylor last evening, "for the purpose of taking a look along the line, and to select the most suitable place to construct a dock and building for housing the engines and cars, and for storing the necessary material and supplies that will be used on the road. We found the road to be in good condition and the work is progressing rapidly. There is a force of men continually employed on the road, and everything looks decidedly encouraging. The matter of selecting a suitable point for a dock was one requiring careful calculation, and yesterday was the day selected for settling the question. Mr Thielsen, the engineer of the road, went along, and we selected a place commonly known as the "Old Milk Ranch" as a site for the dock and buildings. It is at the end of Smith's Point, and will make a good landing place. "It was intended to equip the road with Pullman cars nine feet wide, with revolving chairs, so as to give an unobstructed and convenient view of the surrounding country, but Mr Pullman informed us that he built cars only eight feet wide. This will allow of a rather small space between the seats. The first car will soon be completed, and will be sent on as soon as finished."

This property is only two blocks from the proposed street car line. This property will be sold by the block or lots on the installment plan or payments to suit the purchaser.
