**LOCAL RECORD**

**U. P. PRESBYTERY.**—The meeting of the Presbytery of the U P Church was held yesterday morning and afternoon. On the report of Rev Frazier it was decided to establish a church at Tacoma. A vote on the question of licensing ministers added to the use of tobacco resulted in a tie. Rev Stevenson, of Idaho, and Rev Acheson, were appointed delegates to the general assembly to meet in Buffalo in May. The Warm Springs and other reports were submitted. It was voted to establish a church at Spokane Falls. The missionary sermon was preached by Rev Frazier in the afternoon. In the evening the church was full on the occasion of the missionary exercises. Devotional exercises were conducted by Mrs L. E. Blain. Mrs Henderson, of Portland, gave a select reading, Mrs Durand, of Portland, read a pointed paper on Missionary work. A pretty class exercise arranged by Mrs Wallace was well presented. Mrs Jennie Watson, of Halsey, was heard in a select reading. Miss Laura Tate's Sabbath school class gave some interesting exercises. Miss Annie Farr, of Portland, read a paper on "Why so Little Time for the Master's Use," a very pleasing effort. Interspersed were couple anthems by a double quartet, well sung. Benediction by Rev Hays.

**AN OREGON MAN.**—The Cleveland Plaindealer gives a long illustrated article about Dolph acting as a messenger boy. It seems that he sent an important letter to England, and finding that it would save him lots of money by retaining it he went to Wannamaker's house, who said it was too late; but he might see Clarkson. He saw Clarkson; but that gentleman said the letter was probably on the ocean, and nothing could be done. The Oregon Senator probably thought they would telegraph and stop the whole mail service for his one letter, which shows that he is as important there as in Oregon. But the newspapers are all down on him, and will make it warm for the important gentleman.

**QUITE SPITEFUL.**—The Corvallis Times, which picks at everything in connection with the Oregon Pacific, gives the following version of the superintendency business, which is probably not correct; but we give it as a sample of spite: Last week W H Pettibone and E W Hadley arrived here with their families from Chicago. They came to accept positions on the Oregon Pacific railroad, the former as superintendent and the other as assistant manager. They were to be installed into their new offices this morning, but a wonderful change came over the vision of their dreams and the head of Mr Pettibone was refused the crown, or at least he never wore it. He left this noon for Chicago, in disgust, without his expected title. The old tattered chapeau has been temporarily fixed on Mr Hadley's head.

**GETTING METROPOLITAN.**—The fact that Albany can give two first-class shows big houses two nights in succession speaks for the growing metropolitan character of our city. We do not have so many entertainments but what our citizens may well afford to go to both Fisk and Levy and get a variety of musical entertainment not often given a city within a couple days.

**TO-NIGHT.**—Fisk Jubilee singers tonight. There will be a fine attendance and a great treat offered. Admission 50 and 75 cents. Go early for gallery seats.

**FANCY WORK.**—A fine line of fancy work just received at G W Simpson's, banner rods, India silks, figured and plain, a large assortment of embroidered material and a choice variety of fancy goods generally. An elegant stock to select from.

**DR PATTON** treats successfully all diseases of women, and guarantees to cure all curable private diseases. He has a sure remedy for catarrh of the head. He sleeps in his office and answers city calls day or night. Consultation is free and everything is strictly confidential. He can be found in his office in Bumberg's Block from 10 to 12, 2 to 4 and 7 to 8.

**TWO CAR LOADS.**—Price & Robson have just received two car loads of wagons and buggies, light and heavy, and will sell them at remarkably low prices, considering the splendid quality of the wagons.

**LEAVE ORDERS.**—Orders left with Arch Blackburn, of Spencer & Blackburn, for meats from the market of Haight Bros, will be promptly attended to and delivered as well as orders left at the shop.

**LEVY TO-MORROW NIGHT.**—As a musical treat, that of Levy to-morrow night, will probably be the greatest in the history of Albany. It will be music too that will delight. An Indianapolis paper says: "The Levy concert last evening at Tomlinson hall was very successful with excellent program by accomplished artists. Evidences of the high appreciation of the entertainment were abundant and generous, and the artists kindly met them by frequent and delightful responses. There is no doubt about Mr Levy's complete mastery of the cornet. He accomplished everything with it last night, apparently, except making it talk. Others may force it to wonderful mechanical results and perhaps blow it louder; but no one excels him in producing such rich, delicate and pleasing music."

**HIS BIOGRAPHY.**—Eugene Skipworth, formerly of this city, has been appointed clerk of the supreme court to fill the vacancy caused by the resignation of W H Holmes. His friends here send congratulations. Mr Skipworth came across the plains with his father's family in 1874 and settled near Independence, Polk county. He afterwards studied law with Judge R S Strahan, at Albany, and was admitted to practice at the March term, 1881. He practiced three and one-half years at Albany, three years at Corvallis, two years at Pendleton and a little over one year at Eugene. He was a presidential elector on the democratic ticket at the election in 1888, at which time he canvassed the state.—Times.

**BIRTHDAY PARTY.**—Last evening a very enjoyable birthday party was held at the residence of Mr A D Barker, in the southern suburbs of our city, in honor of the twentieth birthday of Miss Maggie Barker. About fifty young people and some railroad men were present, and undoubtedly it was as pleasant a birthday party as was ever held along the line of the Southern Pacific railroad. Games were played, a high order of sociability indulged in and a splendid lunch served. All those present are looking forward already to Miss Maggie's next birthday.

**IT WAS BLACKMAIL.**—The case against Wes Shelley, charged with committing rape, was tried at Fossil, Gilliam county, last week. L Blyeu, of this city, was attorney for the defendant. The witnesses were tried separately, not being allowed to hear the testimony of each other. Their testimony was very conflicting and showed plainly that the case was one of blackmail. After five witnesses had been examined the case was thrown out of court without hearing any testimony from the defense. Mr Blyeu has returned home.—Register.

**TWO IN SUCCESSION.**—An Albany man in Corvallis was greatly amused at the attempts made by the hotel busses to pass a certain place in a prominent street. It was the remnants of a mud hole, the hole being left. The Hemphill buss got into it and was only extracted by the passengers getting out and working at the wheels. Then the Occident followed, going down to the hubs, and only by severe physical labor was the buss gotten out. To the Albany man, who is used to our level (?) streets, it was heaps of fun.

**BOUND FOR THE SUBURBS.**—The Street Car Company have definitely decided to extend their line, and will file articles supplementary for that purpose. The Willamette Land Co will raise a big subsidy to get the line to their addition, and the street cars are wanted in several other directions. Albany will probably have five miles of track within a year.

**EVERYBODY VOTE.**—Every voter in Albany should be at the polls on Monday and vote on the bonding question. Do you want Albany to continue to forge ahead with healthy strides? then vote yes. Do you want our city to be the best, healthiest one in the valley? then vote yes. Are you in favor of vital public improvements? then vote yes. Vote any way. Let the vote be a big one.

**ON THE STREETS.**—Mr William Churchill, who was seriously injured Saturday last by a runaway, was on the streets today looking after the remains of his wagon, which he found scattered promiscuously along second street. His injuries proved much less dangerous than was anticipated, though he goes with one arm in a sling.

**SPRING AND SUMMER DELICACIES.**—The largest and finest line of foreign and domestic woolsens in spring and summer novelties just received and is ready for inspection at  
ZACHES & SON,  
Merchant Tailors and Drapers,  
Opposite Post Office.

**GONE TO PORTLAND.**—The family of Joseph Webber have gone to Portland where they will remain until August. In the mean time Joe will construct a neat cottage in this city for their residence on their return.

Get a seat for Levy.

**REPUBLICAN PRIMARIES.**

The following are the delegates elected at Republican primary meetings held this afternoon so far as heard from:  
West Albany—D C Shell, B E Tabler, H H Hewitt, Edward Washburn, I F Conn, W C Tweedale and F M Redfield. J R Wyatt was nominated for Justice of the Peace, and G W Burkhart for Constable. There were 24 votes cast.

East Albany—Virgil Parker, N D Conn, G W Geisendorfer, G W Smith, S W Crowder. For Justice W V Baltimore was nominated, and T H Rhodes for Constable. 10 votes were cast.  
Syracuse—J J Graham and Eugene Fisher. No nominations for Justice and Constable.

**AT CORVALLIS.**—The contract for furnishing lumber for the Corvallis street railway was awarded yesterday to Brown & Son, of the Santiam country. One hundred and three thousand feet are awarded, to be delivered by the 15th. An order was also sent for a car to J Hammond, of San Francisco, to be of the same pattern as those of the Multnomah railway, of Portland. It is expected that J E McCoy, who has the contract for the construction, will commence work in about ten days. The rails are on the way from the East. The distance to be built immediately is one mile.

**A RUNAWAY.**—A kind of crawfish runaway occurred this forenoon at the corner of First and Ferry streets. The electrified Well, Fargo's horse did the crawfish act and ran backwards in a circle, fighting against some goods in front of Stewart & Sox, smashing divers articles of value in the hardware business. By expert work the animal was captured and brought to a stand-still. Some were as surprised at his antics as they would be to see a messenger boy run.

**HARD WORK.**—Lee Campbell, who is a mail clerk on the California express between Portland and Ashland, reports having hard runs now. On his last trip he was obliged to work three days and nights without any sleep and he finds there is no fun in that. The clerks put on the local express were taken from the overland, making extra work for those on the latter train. When the overland reached here last Saturday the California mail had not yet been made up.—Eugene Register.

**A PECULIAR ACCIDENT.**—Last week Mrs Payne and McDonald, assisted by Dr Kuykendall, removed several pieces of diseased bone from Miss May Rowland's wrist, says the Eugene Register. Several years ago Miss Rowland fell at the skating rink and broke her wrist, and since then it has troubled her and she has been unable to use it. At times it became so painful that it was feared her arm would have to be amputated.

**A BOOM EDITION.**—Wallace & Cusick have received the proof for their ad, to appear in the immense boom edition of the San Francisco Examiner, to be issued soon. Over a million copies will be issued, and one of the prizes will be a lot in Wheeler's addition to Albany given by this firm. Special trains will convey the edition to all parts of the coast, where they will be distributed promiscuously.

**AT COST.**—Having purchased a drummer's samples, consisting of ladies' and children's muslin underwear, babies' fauntelroy caps and hoods, infants and children's slippers and dresses, etc., etc., and receiving on the same a great discount, I will offer the same to the public at their wholesale price. From 25 to 50 per cent can be saved on all these goods. Call early before the stock is broken. G W Simpson.

**NEW ADDITION.**—"Wright's addition" to Albany is now on the market and comprises 165 large, level and beautiful building lots. The blocks have eight lots to the block, each lot being 60 by 100 feet. The streets are 60 feet wide, with two large avenues, one of 100 feet, the other of 90 feet in width. There will probably be a motor or electric line to this addition before long. For terms of sale apply to any real estate agent in the city.

**NEW ARRIVAL.**—A large and complete stock of carpets, linoleum, oil cloths, shades, etc., at the store of A B McIlwain, all of the latest designs, and which will be sold at from 10 to 20 per cent lower than by other houses.

**GOOD BEEF.**—Grant Haight has just received a full supply of corn-fed beef purchased of N G McDonald of Scio. It is fat and juicy.

G W Simpson takes orders for tailor made clothing. Call and see samples.

**LADIES.**—Barrows & Searl sell the Ludlow, \$3. Fine shoes in all widths and styles.

**SOME DIFFERENCE.**—The business of a Post Office is a good indication of the size of a place. As heretofore stated the receipts of the Albany Post Office were \$6,365.24 for the year ending April 1. The receipts for the Eugene Post Office were over \$1000 less for the same time. Says the Register: "The gross receipts of the Eugene Post Office for the year ending March 31, 1890, were \$5,342.88. Increase over corresponding previous year, \$712.14. The salary of the postmaster for next year, commencing July 1, 1890, will be \$1,700, an increase of \$100 over the present salary."

**BLANKETS AND WHISKEY.**—John Graham was arrested last night by Marshal Hoffman. He had with him two blankets nearly new and a bottle full of whiskey that came from Max Baumgart's, from which place it was probably stolen, but Graham says it was given him by another man. He doesn't know where the blankets came from, being too intoxicated to appreciate the situation. Any one having lost some blankets can have them by calling on the Marshal and identifying the property. Graham's sentence was four days in the calaboose.  
It is said that Prof Robb, principal of the Chemawa Indian training school, is a candidate for the republican nomination for superintendent of public instruction. What has the republican party done?  
Yes what has it done. It has not put many men of the solid, pushing character of Prof Robb into office, one of the most practical instructors in the state, who stands no chance of being nominated though.

**Prohibition Meeting.**  
The County Prohibition Convention will convene at the court house in Albany on Saturday, April 5th, at 1:30 o'clock. All who believe in protection of our homes and the bettering of the working classes are invited to attend.

**QUININE.**—As we all use quinine, the following little item may interest many and help the pill to go down:  
Ten years ago an ounce of quinine cost \$3, or more, at the custom house. The repeal of the duty on this article, together with the improved methods of cultivating the bark from which it is produced, have reduced the price to about one-fourth that of ten years ago. Meanwhile importations have increased at greatly diminished cost. American manufacturers of the medicine have not gone out of the business, and they have been able to hold their own against foreign competition. At the same time the public has been vastly benefitted, in that it gets the use of this useful drug at a price somewhere near the cost of cultivating it.

**THE LAST CHANCE WITHOUT MORE MONEY.**—Only thirty more lots to be sold in the Wasson's addition. A large flouring mill has just been located across the railroad and adjoining the Wasson addition, and when thirty more lots are sold the balance will be taken off the market until the first of July, and no one will then get a lot unless they commence building in thirty days.  
W W Beck.  
**A FAST SKATER.**—Axel Paulson, the great Norwegian skater, who wore the championship medal for many years, until it was recently rested from him by McCormick, is in the city. He will leave for Portland Wednesday evening and will give exhibitions in that city, returning in a few weeks.—Pioneer.

John H. Curley, the well known merchant tailor, of 846 Market St., S. F., writes to the Edwin W. Joy Co., that for years he was afflicted with dyspepsia which nothing relieved till he commenced taking Joy's Vegetable Sarsaparilla. He continues: "I am still taking it. Its mild laxative effects are exceedingly grateful to the system. It is a pleasant surprise that awaits those who do not know what our vegetable juices do for debility, sluggish liver and impaired digestive organs."
