LOCAL RECORD

BOARD OF TRADE.—The regular monthly meeting of the Board of Trade, of Albany, was held in the Council chambers last evening. In the absence of President Young, G W Wright was placed in the chair. The committee on advertising reported a contract with the Post-Intelligencer, of Seattle, for news reading matter, in order to reach new-comers stopping in western Washington.

An advertising proposition from the Portland Real Estate Review was read and filed.

A general discussion on different topics followed. One member was confident gas could easily be struck at this city, owing to the formation of the earth, and it is quite probable a well will be sunk for the purpose. The necessity of increasing our manufactering interests was well presented.

On motion a public meeting of the Board of Trade was called to be held at the Opera House, on Monday evening, May 5th., when a live program of music, speeches, etc., will be presented and it is anticipated our citizens will be enthused. J R Whitney, Dr Ellis, Jay W Blain, J R Neil and F P Nutting were appointed a committee on program and arrangements.

INVITED.—"To my faithful subjects," is the way a letter is addressed to the DEMOCRAT. It is from Rex II and has something to tell about a Rocky Mountain Carnival, to be held at Ogden, June 30, to July 5th. The language used is quite "hifalutin," but we will not be able to be there. Ogden is becoming quite a booming city. An old school mate of a DEMOCRAT man, at the seat of the great Carnival has accumulated about $100,000 by fortunate speculations in real estate. He left home a gawky boy, under a cloud, and swore by the eternals that he would never go back until he was worth $10,000 and did not. He finished the $10,000 a few years ago by coming to Oregon, buying 6,000 head of sheep in Douglas county and driving them to Wyoming, making $1 a head and nearly losing his life.

THE Oregon City Courier published a list of its dead beat subscribers. Every paper in Oregon should do it. The man who will sneak out of paying his subscription to his local paper, would steal if the opportunity offered.—Ex.

The DEMOCRAT would like some way to get even with the dead beats; but newspapers have no more right to publish dead beat customers than merchants. Perhaps all should do it; but the policy is a very questionable one, though, in fact, the dead beats only get what they deserve. If all dead beats were published society would be in a perpetual turmoil.

THREE COMMON CAUSES.—There were three commitments to the insane asylum yesterday. Mrs Ada Taylor, of Florence Rock, Jackson county, was one. Her insanity is caused by her husband leaving her without means of support. Mrs Francis E Fonts, of The Dalles, was another of the patients. The cause of insanity is hallucination on religious subjects and other things. Robert Nelson, of Lane county, was the third patient. He is 54 years old and an old sailor. His insanity is caused by loss of money.

LARGE OWNERS.—The DEMOCRAT has seen a map of Albany with the property of the Oregon Pacific men marked off in red. The amount of property owned by them as shown by the red spots, is astonishing, and certainly suggests an inducement for the Company to work for this city. About $200,000 has been put in the property in cash, and it is safe to estimate its present value at about $1,000,000.

The Oregon Land Company has a large amount of surburban property in Astoria which, we understand, has been meeting with a ready sale. The discovery of natural gas near that city has already caused a considerable advance in prices, and some holders have withdrawn their property from the market. But so far there has been no marking up on the Oregon Land Company's lists.

CIRCUS DAY.—McMahan's circus will be here to-morrow, exhibiting afternoon and evening. They give a good performance at the popular prices of 50 and 25 cents, and no doubt will receive a good attendance.

FLOUR CHESTS.—Mr E C Brown, who took orders in this city several weeks ago, writes that he will be here next Thursday prepared to supply all who may want them.

BUY the Burlington warranted fast black hosiery—has no superior. Sold by Barrows & Searls.

A SHARP ITEM.—The finest line of cutlery and shears in the city at Stewart & Sox s. Their goods are the very best and will stand the test.

A BOOMER.—As we are liable to be attacked in Albany some day we give a sample of the weapons used in order that we may be on our guard. The following missile struck an Astoria firm: Your circular at hand. Now what will your honorable company donate in the form of city lots for to draw the attention of the Eastern Cityzens to Astoria? I have a wide Equaintience in the East, and are well fited to work for the interest of your town, and are willing to do so if a reasonable gift is made me for same. I will likely be thare my self next fall to look over the town property and to Buy. In making the offer you will pleas describe same, as to how fare it is located from the Center of the City, if Level, timber or Rocks, Residence, or Business lots, Valuation of same at present, Whom is to pay for recording Deed and abstract of title. I don't see why Astoria should not become one of the leading Citys of the west, and by gitting it advertised and good men to work for the interest of same. I can handle four different languids. Truly yours, John Smith.

HUNTINGTON COMING.—It is expected that Huntington will leave for Oregon either to-day or Wednesday, says a dispatch, for the purpose of inspecting the company's property in the Webfoot state. Gen Thomas A Hubbard and Thomas E Stillman, legal representatives of Mrs. Hopkins Searles, who has recently become a director-ess of the Southe n Pacific Company, will accompany him. The principal object of Huntington's trip north is to look into his personal railroad purchases. A road which he now owns is the Oregonian railway, a narrow gauge line about 125 miles long, running from Coburg, on the east side of the Willamette river, to Portland.

TEN ACRE FRUIT FARMS.—The Salem nurserymen found their stock of fruit trees quite inadequate to meet the demand of their customers, and so as not to be caught napping again this spring, they are planting an unprecedented amount of seed. This stimulus to the fruit growing business has been imparted by the Oregon Land Company, whose choice 10 acre lots have been sold to land seekers from all parts of the Union, and have largely been devoted to orcharding. A 10 acre fruit farm, we may incidentally remark, judiciously planted and carefully tended, when in full bearing will return a better living to the owner than the average of mercantile incomes.

WATER TANKS.—Three galvanized iron tanks whose average capacity is about 1600 gallons, are being made in the establishment of J D Clark, this city, and when finished will be shipped by boat to Wm Peacock, who lives in this county, just opposite Albany. He is the gardener and did the correct thing when he had the order filled here.—Corvallis Gazette. One of these tanks has been at the dock, and will be placed on Mr Peacock's gardens across the river.

GOOD FOR YAQUINA BAY.—It is reported that a project is being discussed which aims to purchase the narrow gauge road, change its system to broad gauge, traverse down to Yaquina bay along the coast and connect with the Donohue lines to California. Yaquina bay seems to be enjoying a small boom at present from the amount of real estate transactions. Being Oregon's chief watering place, it will receive quite a boom this coming summer. —Oregonian.

TO BE UNIFORMED.—It is with great pleasure the DEMOCRAT announces that the Oregon Pacific conductors and employes will soon be uniformed. The O P is slow at getting started, but it always "gets there" in time. This will add greatly to the already fine appearance of the O P men. There is nothing like style in this world, and railroad men and newspaper men should tog up occasionally.

SOME DIFFERENCE.—In Buenos Ayres an opera box for sixty nights costs $7,000. Coal for range or fireplace is from $38 to $40 per ton. You may go to the circus for $5.50. Shoes are worth from $10 to $12. But money in Buenos Ayres is made of paper. In Albany a little cold gold will go about ten times as far, and in the cases of opera boxes more than that.

SHUT DOWN.—The Jefferson mill shut down yesterday, but it could not be learned last night whether the shut-down was temporary or had been caused by failure in the financial department. The latter, however, was hinted strongly as being the cause, which being the case is much to be regretted.—Statesman.

A PUBLIC MATTER.—We are requested by the committee on Odd Fellows celebration, to come off next Saturday, to say that the general public is invited to attend the lecture in the afternoon as well as the social in the evening.

QUITE SEASONABLE.—Mr W R Graham has just received some elegant patterns in domestic and imported goods, suitable for the season. Finer designs and more durable fabrics have never been seen in the valley. The display is really an extra one, and men wanting stylish suits or pants should call and examine the patterns before buying. Prices the most reasonable.

FINE TAILORING AT L. E. BLAIN'S.

WILL CELEBRATE.—Albany Lodge No 4 I O O F, is making extensive preparations to celebrate the seventy-first anniversary of the order on April 26, 1890. There will be a parade and other exercises, commencing at 1 o'clock p m. An oration will be delivered at the opera house at 1:30 p m, by Hon M C George, of Portland. There will be a social at the opera house in the evening. All Odd Fellows and their friends are cordially invited.

A REMARCABLE CASE.—A Independence last Saturday Mrs Morton, of the Caroline Gage company, met with a very serious accident that came near ending in death. The company had been playing a week's engagement at the opera house and Friday evening Mrs Morton, one of the principal actors in the company, ate some herring and swallowed a number of fine bones. In the evening, during the performance, she became quite sick and had to return to the hotel. It seems that the small bones irritated the membranes of the stomach and the pain caused thereby ran to her teeth and face, in sympathy, and caused her to think she was suffering from a severe tooth-ache. Saturday she went to a dentist in the city and he pronounced it befective and recommended its extraction. In pulling the tooth, which was perfectly sound, he fractured her jaw bone and severed a blood artery. The flow of blood was stopped after a while and the lady returned to the hotel. In the night she commenced vomiting, the emetical discharge being clotted blood. A physician was summoned and labored with her all night and in the morning said he could give no reason for her being alive. The case is a remarkable one and has puzzeled many. Mrs Morton left Independence yesterday morning, still very weak, and joined the company at Eugene.—Statesman.

FROM EVERYWHERE.—Although the tramps dare not let their occupation be known in town while stopping over, for fear of having to work in the chain gang. They are very numerous along the railroad. The other morning Chas Frizell, of the Ashland depot, was sealing a freight car that had been loaded, and almost struck a tramp in the head with his step ladder as he jabbed it down through a little pile of straw by the car door, to solid footing. The "hobo" had crawled under the straw and covered himself up nicely, but had to rise a little earlier than he anticipated.—Tidings.

NATURAL GAS.—Wherever natural gas has been discovered it has proven an impetus to all kinds of industries, furnishing light, heat and power. There are many reasons to believe from the amount of coal in this vicinity that it could easily be secured by boring down a hundred to five hundred feet. The experiment is worth trying for the results success would secure. In fact the matter is being agitated, and it is quite probable a well will be sunk in some of our suburbs.

GATESVILLE.—Mr Butler and family left for Albany Monday.

The number of scarlet fever patients is on the decrease.

It is reliably reported that work is to be commenced at once on the O P.

H M Stone, of Linn county, has received the contract for replacing the bridge on Rock Creek, which was washed out by the recent high water. He and Commissioner Phillips were up taking a view of the surroundings Tuesday.—Cor. Statesman.

A LIVELY DRUM.—Mr Mark Drum, advance agent of the Caroline Gage troup, is in the city arranging for the appearance of this popular company. They opened at Eugene last evening to a good house. Being their second visit there, going the second time by special invitation, it is quite a compliment to the troup. Mr Drum is one of those rustling, bright advance agents whom it is always a pleasure for the newspaper man to come in contact with.

LICENSE ISSUED.—Marriage license was issued recently to Mr Anthony Moore, lumberman, of Seattle, and Mrs I N Walton, of Halsey.

The former on account of having very pugnaciously resisted the Marshal was given thirteen days in the calibocse, almost equal to imprisonment for life in a penitentiary. The latter got three days. Other tramps will take warning. It is to be hoped they get a very weak diet of bread made by some newly married young woman, whose mother did the cooking, and water.
