PROF. A. LEROY.

EUGENE, Or., May 9, 1890.

Editor Democrat:

It is with much pleasure that I give to your readers a few facts about the life and career of my old college friend, Prof. A. LeRoy, your candidate for state superintendent of public instruction. It has been more than 20 years since we first met in the Halls of Madison, now Colgate University, Hamilton N. Y. Before and since that time his record as teacher and educator has been such as to amply fit him for the high and responsible position of superintendent of public instruction for the state. The medal of bravery which he modestly keeps, presented by the Queen of England, as being one of the immortal six hundred in the famous charge of Balaclava made classic by the poet Tennyson together with his rich educational experience, broad culture, warm sympathies, and intellectual force as a thinker and an eloquent speaker, combine to make him admirably fitted for a position in which his fellow citizens and friends would seek to place him. The above is the least that an old time college friend could say of a man whose record is as clear as the sun, and whose christian character has never been tarnished by the least breath of suspicion.

WHAT A PITY

Epoch.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health to the use of the great restorative and tonic. If you are troubled with any disease of kidneys, liver or stomach, of long or short standing, you will surely find relief by use of Electric Bitters. Sold at 50c and \$1 per bottle at Foshay & Mason's Drug store.

SPRING HAS COME.—The stock of wall paper at Fortmiller & Irving's is larger than ever, being quite immense and include many new and beautiful designs.

The best lines of 5 and 10 cent cigars in the city are to be found at Conn & Hendrie's.

LODGE.—Albany Lodge No 4 holds its regular meeting Wednesday evening of each week. Visiting brothers are cordially invited to attend.

KISSES.

(A la Romeo and Juliet.) A prominent physician calls the kiss "an elegant disseminator of disease." He says, "Fever is spread by it, so are lung diseases." Out upon the garbled and senseless vacuities! Evidently kisses are not for such as he, and the old fox says the grapes are sour. Let him devote himself to making our women healthy and blooming that kisses may be kisses. This can surely be done by the use of Dr. Pierce's Favorite Prescription, which is simply magical in curing diseases peculiar to females. After taking it for a reasonable length of time there will be no more irregularity, backache, bearing-down sensations, nervous prostration, general debility and kindred ailments. It is the only medicine for women, sold by druggists, under a positive guarantee from the manufacturer, that it will give satisfaction in every case, or money refunded. A Book of 100 pages on "Woman and Her Diseases, and their Self-cure," sent post-paid, to any address, securely sealed in a plain envelope, on receipt of ten cents, in stamps. Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, 265 Main Street, Buffalo, N. Y.

Dave Thompson declares his purpose to be elected if it costs \$100,000 to secure that result. The issue thus raised is not a political one. It is not a question whether the next governor shall be a democrat or a republican, but the vital, burning issue is, shall a mere money getter be permitted to bring to shame and disgrace the fair name and fame of our young state? The question remains with the honest voters among the merchants, mechanics, farmers and professional men. We feel sure they will not permit \$ to succeed.

The Pulpit and the Stage.

Rev. F. M. Shrou, pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 26 lbs. in weight."

Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my many thousand friends is to urge them to try it." Free trial bottles at Foshay & Mason's Drug store. Regular sizes 50c and \$1.00.

TELEGRAPHIC NEWS

Dolph Stands.

WASHINGTON, May 12.—Senator Dolph, of Oregon, is the only member of the Pacific Northwest delegation that is not in favor of free coinage of silver, and he will make a speech against the inflationist idea. He says he is in favor of what we all desire, the enhancement of silver and bringing it to the value of gold. He has studied the question carefully for the past five years, and is fully in accord with those who would bring the two metals together, and would favor any measure looking to that end which would not endanger the business interests of the country—some measures which would take care of the increased silver product without bringing about disaster.

An Unfortunate Situation

INDEPENDENCE, May 12.—The Evangelical church of this city is deeply involved in the Bishop Bowman controversy, which took place at Albany a short time ago in the conference there. The pastor here, Mr. Star was returned by the Bishop Bowman faction, the congregation having sent a petition to that effect to the conference. The dissenting faction appointed Rev. Poling as pastor. On Sunday night Rev. Shupp with his family went to the church and found it all in darkness and the door locked. Next Sunday Rev. Poling is to preach and the understanding is that the doors will be opened. Every member of the church here wanted Rev. Shupp returned, and now all deny him the church. His family is prostrated with grief.

Committed Suicide.

EUGENE, Or., May 12.—J. F. Smith, well known throughout this valley, committed suicide here last evening. The cause probably was mental disease. In the afternoon he called an attorney and made out his will in a regular manner. His estate amounts to about \$15,000, which he leaves to the executor, George B. Dorris, to be used in paying debts, erecting a monument, and removing the bodies of all his brothers and sisters to the burial ground where his mother is interred. After all these expenses are paid, the balance belongs to the executor, who is privately instructed to distribute it to friends unnamed.

Ahead of Bismarck.

LONDON, May 12.—The Morning Post Berlin's co-correspondent says: "By to-day's speech in the reichstag Von Caprivi passed, with one bound, to the first rank of European statesmen. The opinion universally expressed in the lobbies was that in comparison with his predecessor he has nothing whatever to fear. His speech was an intellectual treat of the first order. His whole bearing and especially the strength revealed by his conciliatory manner toward opponents, showed nobility of nature, high integrity and clearness of purpose. The emperor and Europe are to be congratulated."

A Cowboy Fight.

OKLAHOMA CITY, May 12.—The report reached here to-night of a battle between two opposing forces of cowboys in the Little River country, twenty five miles south of here. The difficulty is reported to have arisen over different constructions of the "herd" law. Five men are reported killed, three others fatally injured and four slightly wounded.
