

THE ATHLETIC CLUB.—An adjourned meeting of the Athletic club was held last evening, resulting in the election of the following officers: Geo E Chamberlain, President; O H Irvine, Vice President; W R Blain, Treasurer; R L Morris, Secretary. The above with J R Wyatt, Watt Monteith and J R Whitney were constituted a board of directors. W H Warner and Londa Gray were appointed a committee to circulate the roll for members. \$2 was made the initiation fee and \$1 a month the dues. A constitution and by-laws will be adopted at a future meeting, when the club will be more thoroughly organized.

A GRITTY DOG.—Last Sunday while W L Dyingier was working with a colt, which was harnessed, he got away from him and started to run. His young bull dog was standing near and at once understood the situation. He ran after the colt and caught hold of the lines, which were dragging and succeeded in stopping him, but he got away again and again the dog caught the lines. The dog stayed with the colt in this way, though he was humped around in all shapes, until he stopped him about two miles west of town. The colt was brought back by a gentleman coming in from that way, but the dog did not show up. Mr Dyingier sent after him and found him so badly upset that he could not walk back.—Eugene Register.

THAT TRAGEDY.—Further reports about the Aurnspangh murder give a different version of the affair, though practically caused for the reason stated, the wife, it is said, having found the couple in a compromising position a day or two previous. The Lebanon Express says: Mrs Aurnspangh shot her husband through the right lung while he was lying in bed. The report of the pistol called from an adjoining bedroom, the sister of the unfortunate woman, who says that Mr Aurnspangh, after being shot, rose up in bed and told his wife that she had shot him. These, the only words the murdered man uttered, were spoken just as his wife, who was standing at the bedside, placed the pistol to her right temple, taking her life almost instantly.

SOME TAXPAYERS.—Ladd & Bush, of Salem, pay taxes on \$95,000; G W Gray, \$3,700. The State Insurance Co., that claims to have a paid up cash capital of \$100,000, and a third of a million assets, pays on \$11,850. The list contains 66 names. While Albany, that doesn't boast of so much wealth as Salem has 68 who pay on \$5,000 or over. Either there are lots of wind in Salem or else the city is half assessed as in Albany pay on \$10,000 or more to Salem's 22, only two in Salem pay on \$50,000 or over, while the number in Albany is four or more odious comparisons.

BROWNVILLE.—A hack driven by Jode Earl, a day or two ago, was upset in going over a bridge and Mrs M A Keeney was very seriously hurt. The bridge builders are arriving here preparing to go to work on the counter bridge across the Calipooia. After being without a bridge for nearly six months it is hoped that some energetic work will be done soon.—Cor. Or.

AMONG THE CONGRESSMEN.—A sister of DEMOCRAT man, who has been doing Washington, writes: "I have been to the Capitol several times and listened to some of the discussions in the Senate and the House. I enjoy the Senate very much; but the Congressmen appear to be rather an inferior race of men, and they are always in an uproar. You have a very fine looking Senator from Oregon [probably Mitchell.]"

A MENAGERIE.—Considerable interest has been taken during the day in Mr Geo. Harris's collection of birds, in the little shop adjoining the DEMOCRAT office. It consists of a white parrot dog, a pink eye and a remarkably white bird that is absolutely eyeless, which seems restless out of its natural elements, apparently doesn't like the association to many monuments.

Albany Woolen mill will pay 20 cents for wool.

REPUTATION SPREADING.—The Albany Woolen Mills Co have received the following letter which explains itself in an emphatic manner: St Louis, June 6 1890. Albany Woolen Mills Company, Albany, Or.—Gentlemen: If you are manufacturing cloths, we shall be pleased to have samples, as we have inquiries for them from customers in Central America and Mexico, to which points we can ship from your factory to good advantage. Send us samples with your very lowest prices, cash at time of shipment. We have, as you know, in those countries a very large competition, and, therefore, trust that in naming prices you will figure as low as it is possible for you to sell. Will there be any rebate on your cloths for export? Yours truly, C M KENNEDY & Co.

A DECISION.—A correspondent in a Corvallis paper says the legal principles involved in the case of the Oregon conference under the presidency of J L Overmyer, that under the presidency of J Bowman are precisely the same as those involved in the following decision, taken from an Ottawa, Ill., paper: "A motion for dissolution of injunction came on for hearing to-day before Judge C B Smith in the matter of the Naperville church of the Evangelical Association. The court continued the injunction in an elaborate decision. The court held that Bishop Escher was legally suspended, and could not act as bishop; that the Illinois conference, presided over by Elder Byers was the legal conference, independent of whether Escher was legally suspended or not and that Escher's conference had no power to send a preacher to the Naperville church, and that C J Frey is the legal pastor of that church, and the trustees were enjoined from interfering with his occupation of the pulpit."

SALEM'S 4TH.—The following Firemen's races will occur at Salem on the 4th of July. Horse race—Distance, to run 100 yards to hydrant, lay 200 feet of hose and get water. Prize \$100. Engine race—Engine to be set on cistern, run 100 yards, attach to engine, lay 100 feet hose and get water. Prize \$50. Tender race—Team to be composed of boys not over 16 years old; run 100 yards. Prize, given by Chief Engineer Geo Bingham, to be twelve gold badges engraved with company's name and department.

Two tender teams will probably go from Albany, the boys having already organized for the event.

FRUIT PESTS.—James A Varney, Commissioner and Inspector of fruit pests, is in the city. Mr Varney is a nurseryman in the practical sense of the word and is traveling through the state inspecting orchards and vineyards. He finds them infested with codlin moth, woolly aphid and some other pests. He will be pleased to send every one who may apply to the Board a copy of their Bulletin, setting out at length the pests and diseases to which our fruits are subject and the remedies therefor. Address, Ethan W Allen, Portland.

THE 4TH AT LEBANON.—At Lebanon on the glorious 4th the program will consist of a horse contest, foot race, fat man's race, free for all, ladies race, sack race, wheelbarrow race, a game of baseball interspersed with music by all the bands that can be secured. J R Kirkpatrick will be marshal of the day, assisted by Hon R A Irvine and Geo Humphrey. A grand time is anticipated and everybody is invited to be there.

NATURAL GAS AT DRAIN.—The matter of the existence of natural gas at Drain is no longer a question; it is a reality and the only thing now to be done is to develop it. This is about to be done immediately. The man Corbett, who sunk the immense well for W S Ladd near Mount Tabor, has been given the contract and he has nearly all the necessary machinery on the ground, some of which is already in position, and active operations in the line of boring will be commenced inside of ten days. There is much excitement in that part of Douglas county and there will be a substantial boom there in a short time.—Ex.

WOULD DRAW WELL.—Efforts are being made to secure Gov Penneyer to make the Fourth of July speech in Lebanon. In this we will doubtless be successful and we will have a man who will attract like a magnet people from all parts of the state. Standing room has been engaged for the many thousands who will visit Lebanon on that day.—Express.

THE MONMOUTH SCHOOL.—Professor P L Campbell has been elected president and Prof Powell vice president of the Monmouth State normal school. The board of trustees will meet again June 23rd to elect their additional teachers. Prof D T Stanley has sold out and gone to Chicago, where his family will follow him in a few days. His many friends gave him a farewell banquet Thursday evening. This is probably the end of the State normal school scandal.

CHRISTIAN SCIENCE.—A class for instruction in the principles of Divine healing will commence in W C T U Hall on Monday, at 3 o'clock. Only those who join at that time and members of preceding class will be admitted to class teaching. There will be a reading on Bible teachings about sickness at 2 o'clock to which all are invited.

MARRIED GARRETT-STILLWELL.—On Thursday, June 12th, 1890, at the residence of B Henshaw, by Rev A B Wade, Mr Jas O Garrett and Alice M Stillwell—both of Peoria. May their lives be harmonious ones.

Mr M J Kinney, one of the most prominent democrats in Astoria, voted a tailor's bill, and a citizen of Monmouth voted a bank deposit check, thinking it was his ticket.

A Dallas man told his wife he was going to Astangawantonsogamogowongtongowa fishing, and then sent his friends to the house to ask where he was. When he returned his poor wife was exhausted she couldn't speak for a week.

From the Salem Statesman we learn that Mr Scott will be given some light work about the yard and about the prison. He said to a McMinnville reporter that his sentence might as well have been a life one as he did not expect to survive ten years confinement within the gloomy structure.

The mammoth show doing business in the Pipe Block for several days has left for Corvallis. The stuffed crocodile, the electric battery, the picture gallery, the fortune telling woman, and all the marvellous curiosities will be seen no more in our city. Mr Bennett does not need to come to Oregon. Our appetites are glutted.

At the woolen mill the cashmere weavers have been cut down from 1/2 to 1/3 cents a yard, and the weavers of white blankets 1/2 cent a yard, says the Oregon City Courier. This reduction is equal to a reduction in wages of from 10 to 13 per cent. Under the former schedule of rates per yard the best cashmere weavers made from \$45 to \$52 per month and those less expert from \$30 to \$40. It would seem that weavers wages here are low as the lowest since last week a weaver went back to Philadelphia, because, as he said, the pay is better there.

THE CENTRAL BAPTIST ASSOCIATION OF OREGON. THURSDAY, 1:30 P. M.

The devotional exercises were conducted by Rev C Sperry at the house of Rev R C Hill, until 2 p m, when the association returned to the church, and the report of Foreign Missions was read by Rev A LeRoy, and was discussed by Rev L J Trumbull and Rev C A McElroy, and adopted.

Pending the discussion Rev Dr Irvine, pastor of the U P church of this city, was introduced, and made some very appropriate remarks.

The Treasurer's report was adopted and a collection of \$8.10 taken for a deficit.

EVENING SESSION, 7:30 P. M. The devotional exercises were led for half an hour by Rev R D Carter.

The Woman's Home and Foreign Mission work was then introduced and conducted by the ladies, Mrs V Grover presiding. Prayer was offered by Rev R McKillop, sang "From Greenland's Icy Mountains," and read the 49th Psalm.

Astoria is keeping up with the procession, and property there is steadily improving. Those desirable lots in North Pacific addition to Astoria are selling right along by the Oregon Land Co, and are proving a profitable investment.

Ten Acre Fruit Farms. The Sunnyside tract of farm lands, 4 miles south of Salem is growing in public favor, because of its eligible location, and the choice quality of the soil. COMING EVENTS. Friday, June 13.—Public schools will close for the season. A VOICE FROM POST OFFICE. A Lady Relates two Astonishing Experiences.

To whom it may concern: I have tried almost every conceivable remedy for biliousness during the past five years as I am of a bilious temperament and suffer much from stomach and liver troubles. But nothing ever gave me the relief that I obtained from using Joy's Vegetable Sarsaparilla. In fact I think it a cure for these ailments. At the time I was using it I had a little girl living in my family whose neck was seriously affected by a large open sore, and we tried a great many kinds of lotions, salves and blood purifiers to no avail. I gave her some of my medicine (Joy's Vegetable Sarsaparilla) thinking it might benefit her and as it was purely vegetable, knew it could do her no harm. To my astonishment she began to improve, and within two weeks it was entirely healed and she is now as well as ever.

KEEP YOUR EYE ON THE Advance :-: Thresher! Also Their Self-Feeder and Band-Cutter, Traction Engines; Automatic Stacker, Etc. Also read what one of the solid men of Linn county says about them: MILLERS, LINN COUNTY, OREGON, September 25, 1889. MR. Z. T. WRIGHT, Portland, Oregon, Dear Sir: In reference to your inquiry as to how I liked my Advance Thresher, purchased of you this year, will say the Advance does more and better work than any other machine I ever saw, and I have seen all that are represented in Oregon. It threshes faster, cleans the grain better, runs lighter and saves the grain better from the straw, than any other machine, and seems to be strong and durable. I am ready at any time to go into a trial with any other machine [except the Advance] and thresh for from \$100 to \$500. They are the best in the market without doubt. If you desire you can refer to me at any and all times. [Signed] I. D. MILLER. For further particulars address Z. T. WRIGHT, Albany, or Portland, Oregon.
