

LOCAL RECORD

ROYAL ANN.—Just now there is a big demand for Royal Ann cherries for putting up. Orders left at Jas F Powell & Co's will be promptly filled, as they have made arrangements for a big supply.

A BEAR STORY.—W B Scott, of Coquille has been in the city. Hearing that a Democrat man was a great bear and cougar fighter and a thirder after wild blood generally, Scott, one of Albany's once illustrious city fathers and Chief Engineer, caught him on the street and after extending a cordial invitation to go up on the McKenzie and enjoy some of the fun, told the following bear story: He and his son Bert while hunting run across an immense brown bear, which they tried with their dogs. When one hundred fifty feet from the ground Bert lodged five balls from a revolver in his body, and Scott then fired a telling shot into him with his rifle and the monster fell to the ground with an awful thud that fairly shook the firmament, making a deep hole in the earth. He was dead. The animal weighed 450 pounds and was a fine specimen of his kind.

THE NEXT TOURNAMENT.—Marshal Hoffmann returned last evening from Portland, where he had been to attend a meeting of the N. W. Fireman's Association. Arrangements were made to hold the next tournament in Spokane Falls, to begin Tuesday, Sept 9th, and continue four days. Prizes amounting to \$5000 will be offered contestants, and it will probably result in the liveliest tournament in the history of the N. W. Will Albany send a team?

ARRANGEMENTS WERE MADE FOR ONLY four contests, the Hook and Ladder race being discarded. The races will be championship, wet, dry and speed test.

THE IDAHO FOOT.—Our street parades and horse and foot races on the grand way are tame affairs compared with the way they do things up in Idaho. Mr E A Milner, of the Insurance Co, has shown us a Hailey, Idaho, paper containing the program for the coming 4th. Among other entertaining contests is a horse race free for all, to be run three blocks on Main Street. Imagine three horse race on Commercial Street, Salem, as an attraction. There would at least be a crowd.

CLOSE FIGURING.—The following illustrates how close and fine figuring can sometimes change a result. It seems after all, that Burns has not won the county seat fight in Harney, says an Ex. There were several blank ballots cast on the county seat question, and as Harney City is now the temporary county seat, it takes a majority of all votes cast to make a change. Burns only had nine majority after counting the blanks as no votes. But as the blanks must be counted for Harney City, she will probably remain the county seat for, at least, a time.

A CRIMINAL RELIC WAS FOUND BY workmen who are excavating for the foundation of the new building—an old stick of cotton-wool which showed plainly that it had been put by a beaver, and had evidently been deposited there many years ago, before any white man had ever set foot on Oregon soil. Theodore Howard took possession of the stick and is now exhibiting it.—Pendleton E. O.

THE ABOVE IS A SAMPLE OF HOW THE erudite editor is able to penetrate the past, even through innumerable ages.

MERCHANT EDITORS.—There seems to be a reaction in the Gervais newspaper camp. The newspaper there the Star has been out and opposition in the shape of Mc Mitchell's Gazette, which is now a lively weekly. War has been declared and the two rival merchandise firms each with a paper, are having the matter out.—Ex.

A HARD HIT.—The Salem Journal gives the legal profession the following hard hit: Prof G M Miller, former editor of the Pacific Express, Portland, twice the third party candidate for congress and now degenerated into an attorney, was doing business in the city this forenoon.

DIED.—In Albany, July 1st 1896, infant child, of A L and Estella M Lamb.

CONSIDER THIS.—By calling at Jas F Powell's you will see a large and fine stock of vegetables and fruits just received by steamer, consisting of fresh oranges lemons, cauliflower, fresh onions, celery, ripe cherries, and choice fruits of all kinds.

WOOD SAWING.—Marshall & Son, with their steam saw are prepared to saw wood with promptness on short notice. Leave orders at Devoe & Froman Brod, or Farmers Warehouse.

WHERE TO GET THEM.—When wanting an organ or piano call on G L Blackman, who you can select from a first class lot.

CROOK COUNTY.—Dr Gesner bought 50 head of 2-year old steers of P B Howard this week at \$15 per head. Well-informed cattlemen estimate that there will not be more than 1500 head of beef cattle for sale this in Crook county this fall. Bacon retails here at from 16 to 18c and lard at 20 cents per pound. B F Nichols and M E Brink expect to spend the 4th of July at the front on the O P. It is said that a party of Albany people are coming out to the front on the 4th. Geo. Gibson and Chas. Whitset were fishing on the Deschutes recently and made the biggest catch of any one so far as heard from. They caught 1500 trout in 2 1/2 day's fishing. Democratic candidates for sheriff seem to have been quite successful in Eastern Oregon this year. Gilliam and Wallawa counties are the only ones, we believe, in which republicans have been elected to the office of sheriff. People in this county are duly thankful that very few Wasco sheep owners are coming here with their flocks to summer. It is indeed well that they are not, for there is no more than range enough for the stock that is owned here. Col. W F Helms, special agent for the State Insurance Company, accompanied by A T Jenkins, will soon make a tour of Harney, Lake and Klamath counties, looking after the business for the company. Last Sunday afternoon rain began falling and continued to pour down almost continuously until Wednesday evening. This was the first rain of any consequence since about the middle of April.—Review.

OS ORANGE, July 3rd, from his present office of county clerk, which he has filled to the satisfaction of everybody continuously for twenty years, having been elected ten times in succession, Joel Ware will open a land office in the Old Fellows building.—Eugene Journal. The above is the case of a man willing for some one else to have a chance. How kind for a man in office twenty years to let a neighbor take his place without an effort. They don't do that in Benton county. In Linn county, though, every two years our office holders very meekly give place to some one else often without sneezing. Tradition is the cause here, not the desire for some one else to have a show, as was the case with Mr Ware. It took Mr Ware eighteen years to be educated to the situation.

MOSMOUTH GRADUATES.—There were twenty-one graduates at the recent commencement at Mosmouth, among the number being several from Linn county, they being, Misses Jennie and Mary Blount, of this city, E W Shedd and Miss Ida Porter. Miss Jennie Blount's oration was on "Drive deep if you would obtain the Pearl." E W Shedd's oration was entitled "Nature's Teachings." Miss Mary Blount's topic was "The Present Age." Miss Ida Porter, of Shedd, had the honor of delivering the valedictory. A local paper pronounced it one of the most touching the audience had ever heard.

IT'S FUNNY, how people like to be humbugged. Last week there was a smooth chap here selling celluloid collars and cuffs. He asked a dollar a pair for the cuffs. To prove to one would-be buyer that it was foolhardiness to pay that, an Astorian took him to a city clothing store and showed him that he could get an exactly similar pair of cuffs for sixty cents. But he paid the itinerant the dollar just the same. He said he "wanted to."—Astorian.

JUST THE SAME here. Many people will patronize an itinerant every time in preference to a home merchant, or send off to a clip trap house for goods unseen. Always paying double price either by reason of quality or price.

BRING ALONG YOUR STOCK, if you want to send them to Pasture, where they will have the best of feed, good shade, with plenty of water. New hog tight fence. Horses and cattle at 50 cents per head per week. Lots of twenty or more at reduced rates. All stock must be paid for before taken away. Apply to the undersigned at the St Charles hotel, or Thos Daniels on the farm at Cloverdale. I will take good care of all stock entrusted to my care, but will not be responsible for any accidents that may occur. E. L. SECT.

Articles were filed to day incorporating a company with \$50,000 stock to build a big hotel on the Cannon corner, near the Democrat office.

C A Johns paid us a brief visit this afternoon. Charley belongs to the law arm of Hyde, Johns & Olmstead of Baker City. The former has just been elected prosecuting attorney of that district and the latter is excellent judge of the same, which shows that the firm is a prominent one. They have the finest law office in Eastern Oregon and no firm in the Inland Empire has a more extensive practice. We are glad to report Mr Johns doing so well.—Dallas Observer.

CHARLEY IS THE young man who got so badly snowed under for prosecuting attorney. He evidently did better by getting left.

CARD OF THANKS.—We desire through your columns to express in some degree our gratitude and heartfelt thanks to the people of Albany for their untiring efforts in recovering from his watery grave the remains of our darling, Charles Tay McFarland. And for the many evidences of their sincere and heartfelt sympathy in our hour of trial and bereavement. PLANTINA RIDGLE, MARY PAGE, GEO. W. RIDGLE.

A BIG LOAD.—The first steamer did one good thing for Albany. It brought a large supply of apricots, oranges, lemons, potatoes, squashes, beans, peas, cauliflowers, cauliflower, tomatoes, etc., and left them at J F Powell & Co's, where the best in the market can always be found.

TEN ACRE TRACTS.—Some choice to and 20 acre tracts for garden purposes, just received for sale at a bargain. Inquire of Guiss & Underick.

MISLIN UNDERWEAR.—In great variety of styles at bottom prices. Samuel E Young.

WOOD WANTED.—Patrons of the Democrat who wish to pay subscription in wood should haul it in at once. Our supply must be laid in before harvest.

Dr. M. H. Ellis, physician and surgeon Albany, Oregon. Calls made in city or county.

RAILROAD BUILDING.—In a recent correspondence with President Cowan, of the Albany & Astoria Company, Dr Kinney inquired as to the size of a subsidy which would be required from Astoria to induce the "Double A" line to build its line from Astoria to Albany before any other road was completed. The Doctor suggested Astoria might be ready to pay well for a completed line, no matter who built it. In reply President Cowan stated that he was awaiting Engineer Barr's report on the gradients between the Necanicum and Tillamook. If they were as light he said, as previous examinations by Mr Barr had indicated, the work of construction would begin at the Astoria end this fall. As to the matter of a subsidy President Cowan said he would make no offers until he had heard from this survey. He added that there would be no difficulty about finances. His principals, he said, were amply able to build the entire line at any time, and were now only awaiting the reports of Engineer Barr. He himself was satisfied that these reports would be very gratifying to his principals, and that Astoria to move toward Albany from the Oregon end with a large force of graders would follow the reception and examination of the engineer's report.—Columbian.
